	☐ Verbalizes Two Community Resources ☐ Demonstrates Ability to Stay on Task ☐ No Episodes of Self Harm ☐ Demonstrates Impulse Control ☐ No Episodes of Anger/Aggression ☐ Improved Socialization

You are able to help the nurses complete this form if asked to while on clinical. With that being said, safety is a **PRIORITY**, you are to **NEVER** go to any patient's room by yourself.

[illegible]

Intervention- BHIT Group Note: This is the **ONLY** intervention that you will document on the day that you are in charge of running a Nursing Therapy Group. You will document on every patient, regardless of if they participated or not. You will sit with your clinical faculty, go into each patient's chart and document this intervention.

Interventions		Thu Apr 4 06:58 by CB
