

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing- 2024
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student: Leah McNeely

Final Grade: Satisfactory/Unsatisfactory

Semester: Summer Session

Date of Completion:

Faculty: Chandra Barnes MSN, RN, Fran Brennan MSN, RN, Monica Dunbar, DNP, RN
 Brittany Lombardi MSN, RN, CNE, Heather Schwerer, MSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

METHODS OF EVALUATION:

- Clinical Patient Profile
- Meditech Documentation
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Online Discussion Rubric
- Nursing Process Recording Rubric
- Geriatric Assessment Rubric
- Lasater Clinical Judgment Rubric
- Virtual Simulation scenarios
- EBP Presentations
- Hospice Reflection Journal
- Observation of Clinical Performance
- Clinical Nursing Therapy Group
- Nursing Care Map Rubric

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
Initials	Faculty Name		
CB	Chandra Barnes, MSN, RN		
FB	Frances Brennan, MSN, RN		
MD	Monica Dunbar, DNP, RN		
BL	Brittany Lombardi MSN, RN, CNE		
HS	Heather Schwerer, MSN, RN		

* End-of-Program Student Learning Outcomes

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Objective										
	1. Apply the principles of psychiatric theory in the care of adolescent to geriatric patients with a mental illness diagnosis. (1, 2, 3, 5, 6, 7, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	NA	S	NA	S	S	NA				
a. Demonstrate an understanding of the relationship between mental health, physical health, and environment for those patients diagnosed with a mental disorder. (noticing)	NA	S	NA	S	S	NA				
b. Correlate prescribed therapies, psychotherapy, and alternative therapies in relation to the patient's mental disorder. (interpreting)	NA	S	NA	S	S	NA				
c. Provide culturally and spiritually competent care within the scope of nursing that meets the needs of assigned patients from diverse cultural, racial and ethnic backgrounds. (responding)	NA	S	NA	S	S	NA				
d. Identify appropriate methods that will assist the patient to regain independence and achieve self-care (noticing)	NA	S	NA	S	S	NA				
e. Recognize social determinants of health and the relationship to mental health. (reflecting)	NA	S	NA	S	S	NA				
f. Develop and implement an appropriate nursing therapy group activity. (responding)	NA	NA	NA	S	NA	NA				
g. Develop a geriatric physical/mental health assessment and education plan. (Geriatric Assessment) (responding)				S						
Faculty Initials	MD	CB	CB	MD	MD	BL				
Clinical Location	NA	1S	NA	1S	DETOX	NA				

Comments:

* End-of-Program Student Learning Outcomes

Week 2(1a,b,e,f): Leah, you did a great job this week in clinical, caring for patients diagnosed with a mental health disorder. Great explanation of social determinants of health related to your patient this week. CB

Week 4 Psych 3 & 4 Objective 1B-D-This week you were able to correlated prescribed therapies and identify appropriate methods to assist with independence of the patient in your CDG! MD

Week 4 Objective 1F-This week you were able to perform an appropriate nursing therapy group activity to encourage the patients to share and express themselves. Great job! MD

Week 5 Detox Objective 1C-D-This week you were able to provide culturally and spiritually competent care and identify appropriate methods that will assist the patient to regain independence in your CDG post for the detox center. Great job! MD

Objective										
2. Synthesize concepts related to psychopathology, health assessment data, evidenced based practice and the nursing process using clinical judgment skills to plan and care for patients with mental illness. (1, 2, 3, 4, 5, 6, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	NA	S	NA	S	NA	NA				
a. Assemble a health history which includes past and current history of mental and medical health issues and chief reason for hospitalization. (noticing)	NA	S	NA	S	NA	NA				
b. Identify patient's subjective and objective findings including labs, diagnostic tests, and risk factors. (noticing, recognizing)	NA	S	NA	S	NA	NA				
c. Demonstrate ability to identify the patient's use of coping/defense mechanisms. (noticing, interpreting)	NA	S	NA	S	S	NA				
d. Formulate a prioritized nursing plan of care utilizing clinical judgment skills. (noticing, interpreting, responding, reflecting)*	NA	NA S	NA	S	NA	NA				
e. Apply the principles of asepsis and standard precautions. (responding)	NA	S	NA	S	S	NA				
f. Practice use of standardized EBP tools that support safety and quality. (noticing, responding)	NA	S	NA	S	S	NA				
Faculty Initials	MD	CB	CB	MD	MD	BL				

*When completing the 1South Care Map CDG refer to the Care Map Rubric

* End-of-Program Student Learning Outcomes

Comments:

Week 2(2a,b,f): Great job this week in the clinical, researching and discussing your patient's mental health and medical history. I changed competency 2d to "S", although you did not create a care map, you are always formulating a plan of care on your patients. CB

Week 4 Psych 3 & 4 Care Map 2B, D-You did a great job identifying subjective and objective findings in your care map this week! You also were able to formulate a prioritized nursing plan of care in your care map! Great job! MD

Objective										
3. Refine basic verbal and nonverbal therapeutic communication skills when interacting with patients, families, and members of the health care team. (1, 2, 3, 5, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Illustrate professionally appropriate and therapeutic communication skills in interactions with patients, and families. (responding)	NA	S	NA	S	S	NA				
b. Demonstrate professional and appropriate communication with the treatment team by using the SBAR format for handoff communication during transition of care. (responding)	NA	NA	NA	NA	S	NA				
c. Identify barriers to effective communication. (noticing, interpreting)	NA	S	NA	S	S	NA				
d. Develop effective therapeutic responses. (responding)	NA	S	NA	S	S	NA				
e. Develop a satisfactory patient-nurse therapeutic communication. (Nursing Process Study) (responding, reflecting)				S						
f. Posts respectfully and appropriately in clinical discussion groups. (responding, reflecting)	NA	S	NA	S	NA	NA				
g. Respect the privacy of patient health and medical information as required by federal HIPAA regulations. (responding)	NA	S	NA	S	S	NA				
h. Teach patient/family based on readiness to learn and patient needs. (responding, reflecting)	NA	S	NA	S	NA	NA				
Faculty Initials	MD	CB	CB	MD	MD	BL				

Comments:

Week 2(3a,c,d,f): Leah, you did a great job with therapeutic communication this week. You completed day 1 and 2 cdgs Satisfactorily, meeting all requirements. CB
Week 4 Psych 3 & 4 Objective 3A, C, D-This week you were able to illustrate professionally appropriate therapeutic communication, identify barriers to communication, and develop therapeutic responses in your CDG! MD
Week 4 Psych 3 & 4 Objective 3F-You had a wonderful CDG this week! You were able to turn in your CDG on time, have the adequate word count for your post, and meet all of the objectives for the CDG! MD

* End-of-Program Student Learning Outcomes

Week 4 NPS 3E-You successfully completed the Nursing Process Study with a satisfactory rating! MD

Week 5 Detox Objective 3F-You had a wonderful CDG this week! You were able to turn in your CDG on time, have the adequate word count for your post, and meet all of the objectives for the CDG! MD

Objective										
4. Demonstrate knowledge of frequently prescribed medications utilized in treating mental illness. (1, 4, 5, 6, 7)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Observe &/or administer medication while observing the six rights of medication administration. (responding)	NA	S	NA	S	S	NA				
b. Demonstrate ability to discuss the uses and implication of psychotropic medications. (responding, reflecting)	NA	S	NA	S	NA	NA				
c. Identify the major classification of psychotropic medications. (interpreting)	NA	S	NA	S	NA	NA				
d. Identify common barriers to maintaining medication compliance. (reflecting)	NA	S	NA	S	S	NA				
e. Explain the effects, adverse effects, nursing interventions and safety issues, related to the use of psychotropic medications. (responding, reflecting)	NA	S	NA	S	S	NA				
Faculty Initials	MD	CB	CB	MD	MD	BL				

Comments:

Week 2(4a-e): Great job this week administering medications following the six rights of medication administration. You were able to research the prescribed medications for your patient, and discuss implications for use, side effects, classification, related interventions and safety issues. CB

Week 4 Psych 3 & 4 Objective 4A-This week you were able to administer medications to a patient on 1S. You were able to follow the appropriate process for safe administration of the medications. Great job! MD

* End-of-Program Student Learning Outcomes

Objective

5. Develop an awareness of community Mental Health resources and services. (5, 6, 7, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Identify the need for the community resources-detox unit available to patients with a mental illness. (noticing, interpreting)	NA	NA	NA	NA	S	NA				
b. Discuss recommendations for referrals to appropriate community resources and agencies. (reflecting)	NA	S	NA	S	S	NA				
c. Collaborate with the Erie County Health Department Detox Unit while observing the care of a patient with mental illness-substance abuse. (Community Agency Observation-Detox Unit) **	NA	NA	NA	NA	S	NA				
d. Recognize and describe the need for substance abuse recovery resources. (Alcoholics/Narcotics Anonymous at the Sandusky Artisans Recovery Center (Observation))	NA	NA	NA	NA	S NA	NA				
Faculty Initials	MD	CB	CB	MD	MD	BL				

**Alternative Assignment

Comments:

Week 2(5b): You were able to discuss and observe discussion related to resources in the community to help patients with mental health disorders. CB

Week 5 Detox Objective 5A-C-In your CDG posting for this week you were able to identify community resource needs, appropriate referral options, and discuss your observations at the Detox center. MD

Week 5 Objective 5D-This competency is for the Artisan's experience that you have in Week 7. MD

* End-of-Program Student Learning Outcomes

Objective

6. Demonstrate satisfactory proficiency when using informatics and techniques in the assessment of patients with a mental illness diagnosis. (1, 2, 3, 4, 6, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	NA	S	NA	S	NA	NA				
a. Demonstrate competence in navigating the electronic health record. (responding)	NA	S	NA	S	NA	NA				
b. Demonstrate satisfactory documentation of psychiatric assessments and nursing notes utilizing the electronic health record. (responding)	NA	NA	NA	S	NA	NA				
c. Demonstrate the use of technology to identify mental health resources. (responding)	NA	S	NA	S	NA	NA				
Faculty Initials	MD	CB	CB	MD	MD	BL				

Comments:

Week 2(6a-c): Great job this week documenting medications given in the EMAR. CB

Week 4 Psych 3 & 4 Objective 6C-This week you were able to demonstrate the use of technology to identify mental health resources in your CDG! MD

* End-of-Program Student Learning Outcomes

Objective

7. Evaluate self-participation in patient care experiences with the focus on safety, ethical, legal, and professional responsibilities. (7)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Identify your strengths for care delivery of the patient with mental illness. (reflecting)	NA	S	NA	S	NA	NA				
b. Demonstrates effective use of strategies to reduce risk of harm to self or others. Create a safe environment for patient care. (responding)	NA	S	NA	S	NA	NA				
c. Illustrate active engagement in self-reflection and debriefing. (reflecting)	NA	S	NA	S	NA	NA				
d. Incorporate the core values of caring, diversity, excellence, integrity, and “ACE” – attitude, commitment, and enthusiasm during all clinical interactions. (responding)	NA	S	NA	S	S	NA				
e. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect. (responding)	NA	S	NA	S	S	NA				
f. Comply with the standards outlined in the FRMCSN policy, “Student Conduct While Providing Nursing Care.” (responding)	NA	S	NA	S	S	NA				
Faculty Initials	MD	CB	CB	MD	MD	BL				

Objective 7a: Provide a comment for the highlighted competency each week of your 1 South clinical. Put “NA” for the weeks not assigned to 1 South.

Comments:

WEEK 2: Some of my strengths for care delivery of patient's with mental illness would be identifying coping strategies that the patient can use, actively listened and was not judgmental about the situations the patient's disclosed to me.

Week 2(7a,b): Good job this week in clinical. I would say that was a strength for you and you were engaged with the patients, being active and communicating. You did a good job ensuring a culture of safety, and were able to discuss some of those in your cdg. CB

Week 4: Some strengths I had when delivering care to patient's this week was being able to connect behaviors with the diagnosis, being more comfortable with communicating about feelings, and going out of my comfort zone with leading a therapy group. **You did a great job! MD**

Week 4 Psych 3 & 4 Objective 7B-This week you were able to demonstrate effective use of strategies to reduce risk of harm to self of others in your CDG! MD

Week 5 Detox Objective 7C-In your discussion post, you provided great information on a reflection of your time at the Detox center. Great job! MD

Care Map Evaluation Tool**

Nursing Care Map Rubric

Student Name:		Course Objective:					
Date or Clinical Week:							
Criteria		3	2	1	0	Points Earned	Comments
Noticing	1. Identify all abnormal assessment findings (subjective and objective); include specific patient data.	(lists at least 7*) *provides explanation if < 7	(lists 5-6)	(lists 5-7 but no specific patient data included)	(lists < 5 or gives no explanation)	3	All criteria met. MD
	2. Identify all abnormal lab findings/diagnostic tests; include specific patient data.	(lists at least 3*) *provides explanation if < 3		(lists 3 but no specific patient data included)	(lists < 3 or gives no explanation)	3	
	3. Identify all risk factors relevant to the patient.	(lists at least 5*) *provides explanation if < 5	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)	3	
Interpreting	4. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	All criteria met. MD
	5. State the goal for the top nursing priority.	Complete			Not complete	3	
	6. Highlight all of the related/relevant data from the Noticing boxes that support the top priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	7. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)	3	
	8. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists 2)		(lists < 2)	3	
Responding	9. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	All criteria met. MD
	10. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	11. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	12. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete	3	

Criteria		3	2	1	0	Points Earned	Comments
	13. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
Reflecting	14. List all of the highlighted reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete	3	All criteria met. MD
	15. Evaluation includes one of the following statements: <ul style="list-style-type: none"> Continue plan of care Modify plan of care Terminate plan of care 	Complete			Not complete	3	

Reference

An in-text citation and reference are required. Satisfactory MD

The care map will be graded “needs improvement” if missing either the in-text citation or reference, but not both.

The care map will be graded “unsatisfactory” if no in-text citation or reference is included.

Total Possible Points= 45 points
45-35 points = Satisfactory
34-23 points = Needs Improvement*
< 23 points = Unsatisfactory*

***Total points adding up to less than or equal to 34 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines.**

*****Students that are not satisfactory after 2 attempts will be required to meet with course faculty for remediation. *****

	Points Possible	Points Received
Education Prioritization and Barriers to Education	5	
Teaching Content and Methods used for Education	10	
Evaluation of Education Plan	10	
Education Resources attached	10	
Points	35	

Total Points _____

You must receive a total of 77 out of 100 points to receive a “S” grade on the Evaluation of Clinical Performance tool. Due date can be located on the clinical schedule.

Firelands Regional Medical Center School of Nursing
Nursing Process Grading Rubric- Psychiatric Nursing 2024

Criteria	Ratings				Points Earned
Criterion #1 Process Recording is organized and neatly completed	5 Points Typed process recording with spelling and grammar correct.	3 Points Typed process recording with 5 or less spelling and grammar mistakes.	1 Points Typed process recording with 5 or more spelling and grammar mistakes.	0 Points Process recording is not typed with 10 or more spelling and grammar mistakes.	5
Criterion #2 Assessment	7 Points Identifies pertinent patient background, current medical and psychiatric history. Provides a self-assessment of thoughts and feelings prior and during therapeutic communication interaction with patient. Identifies the milieu and effects on patient.	5 Points Identifies areas of assessment but incomplete data provided in 2 of the 4 areas. Provides a self-assessment of thoughts and feelings prior and during therapeutic communication interaction with patient. Identifies the milieu and effects on patient.	3 Point Identifies areas of assessment but incomplete data provided in 3 of the 4 areas. Provides a self-assessment of thoughts and feelings prior and during therapeutic communication interaction with patient. Identifies the milieu and effects on patient.	0 Points Missing data in all 4 areas of assessment.	7
Criterion #3 Mental Health Nursing Diagnosis (priority problem)	8 Points Identifies priority mental health problem (not a medical diagnosis) providing at least 5 relevant/related data and potential complications.	5 Points Identifies Priority mental health problem provides at least 4 relevant/related data and potential complications.	3 Point Identifies priority mental health problem provides at least 3 relevant/related data and potential complications.	0 Points Does not provide priority mental health problem and/or less than 3 relevant/related data and potential complications.	8
Criterion #4 Nursing Interventions	10 Points Identifies at least 5 pertinent nursing interventions in priority order including a rationale and timeframe. Interventions must be individualized and realistic. Identifies a therapeutic communication goal.	6 Points Identifies 4 or less nursing interventions in priority order including a rationale and time frame. Interventions are not individualized and/or realistic. Identifies a therapeutic communication goal.	4 Point Identifies 4 or less nursing interventions but not prioritized and/or no rationale or time frame provided. Interventions are not individualized and/or realistic. Identifies a therapeutic communication goal.	0 Points Identifies less than 4 interventions, not prioritized, individual, realistic, no rationale, no time frame. No therapeutic communication goal.	10
Criterion #5	15 Points	10 Points	5 Point	0 Points	2

Process Recording	Provides direct quotes for all interchanges. Nonverbal and Verbal behavior is described for all interactions. Students thoughts and feelings concerning each interaction is provided.	Direct quotes are not provided. Nonverbal and Verbal behavior is described for at least 7 interactions. Student thoughts and feelings concerning at least 5 interactions are provided.	Direct quotes are not provided. Nonverbal and Verbal behavior is described for at least 5 interactions. Student thoughts and feelings concerning at least 5 interactions are provided.	Direct quotes are not provided. Nonverbal and Verbal behavior is not described for less than half of the interactions. Student thoughts and feelings for less than half of the interactions provided.	
Criterion #6 Process Recording	20 Points Analysis of each interaction providing type of communication (therapeutic or nontherapeutic) and technique (exploring, focusing, reflecting, formulating a plan of action, etc.) Provides explanation of at least 75% of interactions.	15 Points Analysis of each interaction providing type of communication (therapeutic or nontherapeutic), and technique (exploring, focusing, reflecting, formulating a plan of action, etc.) Provides explanation of at least 50% of interactions.	10 Point Analysis of each interaction providing type of communication (therapeutic or nontherapeutic), no technique (exploring, focusing, reflecting, formulating a plan of action, etc.) Provides explanation of at least 25% of interactions.	0 Points Analysis not provided for each interaction	20
Criterion #7 Process Recording	10 Points Communication has a natural beginning and ending; the conversation flows from sentence to sentence and has a logical conclusion. There are at least 10 interchanges between patient and student.	6 Points Communication has a natural beginning and ending; the conversation flows from sentence to sentence and has a logical conclusion. There are at least 7 interchanges between patient and student.	4 Points Communication has a natural beginning and ending; the conversation flows from sentence to sentence and has a logical conclusion. There are at least 5 interchanges between patient and student.	0 Points There was less than 5 interchanges between patient and student provided.	10
Criterion #8 Evaluation	15 Points Self-evaluation of communication with patient. Identify at least 3 strengths and 3 weaknesses of therapeutic communication.	10 Points Self-evaluation of communication with patient. Identified 2 strengths and 2 weaknesses of therapeutic communication.	5 Point Self-evaluation of communication with patient. Identified 1 strength and 1 weakness of therapeutic communication.	0 Points No self-evaluation was provided.	15
Criterion #9 Evaluation	10 Points Identify at least 3 barriers to communication including interventions or communication that could have been done differently. Identify all pertinent social determinants of health.	6 Points Identify at least 2 barriers to communication including interventions or communication that could have been done differently. Identify all	4 Point Identify at least 2 barriers to communication did not include interventions or communication that could have been done differently. Did not	0 Points Identify at least 1 barrier to communication did not include interventions or communication that could have been done	10

		pertinent social determinants of health.	identify any pertinent social determinants of health.	differently. Did not identify any pertinent social determinants of health.		
<p>Total Possible Points= 100 points 77-100 points= Satisfactory completion. 76-53 points= Needs Improvement < 53 points= Unsatisfactory</p> <p>Faculty comments: Criterion #5- You provided direct quotes and thoughts and feelings about the interactions. However, you did not provide nonverbal communication in over half of the interactions. Also-some of the verbal communication is written in 3rd person. Did the patient and yourself refer to the conversation in 3rd person? MD</p>				<p>Total Points:</p>		<p style="text-align: center;">87/100 Satisfactory MD</p>

RESPONDING: (1,2,3,5)*

- Calm, Confident Manner: E **A** D B
- Clear Communication: E **A** D B
- Well-Planned Intervention/
Flexibility: E **A** D B
- Being Skillful: E **A** D B

Introduces self and identifies patient.

Asks patient orientation questions.

Obtains vital signs (T-98.6, BP-150/90, HR-70, SpO2-97%).

Performs the CAGE Questionnaire.

Performs CIWA Scale.

Medication nurse verifies patient and scans wristband.

Medication nurse reviews medications with the patient and administers them.

Attempts to utilize therapeutic communication with the patient.

Offers to educate the patient on how to practice deep breathing (Coping Skills).

Introduces self and identifies patient.

Asks patient about the abrasion on her forehead.

Obtains vital signs (BP-154/90, SpO2-98%, T-98.6, HR-85).

Asks patient to rate anxiety level (6/10).

Assesses patient's pain (0/10).

Performs the CIWA Scale. Initially does not complete the entire assessment.

Attempts to utilize therapeutic communication with the patient.

Be aware of facial expressions displayed in front of the patient.

Attempts to provide education to the patient regarding substance use.

Medication nurse verifies patient and scans.

Administers Lorazepam 4 mg PO (per protocol).

Provides education to the patient related to community resources and self-help groups.

REFLECTING: (1,2,5)*

- Evaluation/Self-Analysis: **E** A D B
- Commitment to Improvement: **E** A D B

Group members actively participated during debriefing. Appropriate questions were asked. Each group member discussed what they felt were strengths and weaknesses in their performance. Alternate choices were discussed for improvement in the future. Each member verbalized something they would do differently if they were to do the scenario again.

SUMMARY COMMENTS: * = Course Objectives

Satisfactory completion of the simulation scenario is a score of “Developing” or higher in all areas of the rubric.

E= Exemplary

A= Accomplished

D= Developing

B= Beginning

Scenario Objectives:

- **Demonstrate effective therapeutic communication while interacting with patient admitted for an acute mental health crisis. (1, 2, 3)***
- **Utilize the CIWA scale to assess a patient with a history of substance abuse. (1, 2)***
- **Determine appropriate medication administration steps utilizing the CIWA scale. (4)***
- **Provide patient with appropriate education on community support and resources. (5)***

Lasater Clinical Judgement Rubric Comments:

Noticing: Regularly observes and monitors a variety of data, including both subjective and objective; most useful information is noticed; may miss the most subtle signs. Recognizes subtle patterns and deviations from expected patterns in data and uses these to guide the assessment. Assertively seeks information to plan intervention; carefully collects useful subjective data from observing and interacting with the patient and family.

Interpreting: Generally focuses on the most important data and seeks further relevant information but also may try to attend to less pertinent data. Even when facing complex, conflicting, or confusing data, is able to (a) note and make sense of patterns in the patient’s data, (b) compare these with known patterns (from the nursing knowledge base, research, personal experience, and intuition), and (c) develop plans for interventions that can be justified in terms of their likelihood of success.

Responding: Generally displays leadership and confidence and is able to control or calm most situations; may show stress in particularly difficult or complex situations. Generally communicates well; explains carefully to patients; gives clear directions to team; could be more effective in establishing rapport. Develops interventions on the basis of relevant patient data; monitors progress regularly but does not expect to have to change treatments. Displays proficiency in the use of most nursing skills; could improve speed or accuracy.

Reflecting: Independently evaluates and analyzes personal clinical performance, noting decision points, elaborating alternatives, and accurately evaluating choices against alternatives. Demonstrates commitment to ongoing improvement; reflects on and critically evaluates nursing experiences; accurately identifies strengths and weaknesses and develops specific plans to eliminate weaknesses.

Satisfactory completion of the simulation scenario. Great job! BL

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
