

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing- 2024
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student: Destiny Houghtlen

Final Grade: Satisfactory/Unsatisfactory

Semester: Summer Session

Date of Completion:

Faculty: Chandra Barnes MSN, RN, Fran Brennan MSN, RN, Monica Dunbar, DNP, RN
 Brittany Lombardi MSN, RN, CNE, Heather Schwerer, MSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

METHODS OF EVALUATION:

- Clinical Patient Profile
- Meditech Documentation
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Online Discussion Rubric
- Nursing Process Recording Rubric
- Geriatric Assessment Rubric
- Lasater Clinical Judgment Rubric
- Virtual Simulation scenarios
- EBP Presentations
- Hospice Reflection Journal
- Observation of Clinical Performance
- Clinical Nursing Therapy Group
- Nursing Care Map Rubric

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
6/8/2024	1 hour	Incomplete Detox Survey	6/10/2024- 1600
Initials	Faculty Name		
CB	Chandra Barnes, MSN, RN		
FB	Frances Brennan, MSN, RN		
MD	Monica Dunbar, DNP, RN		
BL	Brittany Lombardi MSN, RN, CNE		
HS	Heather Schwerer, MSN, RN		

* End-of-Program Student Learning Outcomes

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Objective										
1. Apply the principles of psychiatric theory in the care of adolescent to geriatric patients with a mental illness diagnosis. (1, 2, 3, 5, 6, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	N/A	S	S	S	N/A	S	S			
a. Demonstrate an understanding of the relationship between mental health, physical health, and environment for those patients diagnosed with a mental disorder. (noticing)	N/A	S	S	S	N/A	S	S			
b. Correlate prescribed therapies, psychotherapy, and alternative therapies in relation to the patient's mental disorder. (interpreting)	N/A	S	S	S	N/A	S	S			
c. Provide culturally and spiritually competent care within the scope of nursing that meets the needs of assigned patients from diverse cultural, racial and ethnic backgrounds. (responding)	N/A	N/A S	S	S	N/A	S	S			
d. Identify appropriate methods that will assist the patient to regain independence and achieve self-care (noticing)	N/A	S	S	S	N/A	S	S			
e. Recognize social determinants of health and the relationship to mental health. (reflecting)	N/A	S	S	S	N/A	S	S			
f. Develop and implement an appropriate nursing therapy group activity. (responding)	N/A	N/A	N/A	N/A	N/A	N/A	S			
g. Develop a geriatric physical/mental health assessment and education plan. (Geriatric Assessment) (responding)				S						
Faculty Initials	MD	HS	CB	BL	MD	MD	HS			
Clinical Location	N/A	Detox center	Artisans	Hospice	N/A	1S	1S			

Comments:

* End-of-Program Student Learning Outcomes

Week 2 (1c)- You discussed within your CDG post this week on the detox unit providing culturally and spiritually competent care. HS

Week 3(1a,b,d): Great job discussing risk factors for individuals fighting addiction and how therapies/meetings help with sobriety. CB

Week 4-1(c) Excellent job this week during your Hospice clinical experience in which you were able to provide culturally and spiritually competent care for end of life patients. 1(g) Satisfactory completion of your Geriatric Assessment. Please see the Geriatric Assessment Rubric at the end of this document for individualized feedback on the assignment. Great job! BL

Week 6 Psych 1 & 2 Objective 1A and E-This week you were able to demonstrate an understanding for mental, physical, and environmental health along with recognizing SDOH with your responses in your CDG posting. Great job! MD

Week 7 (1a,b,c,d,e) You did a nice job this week identifying how mental health can be impacted by an individual's physical health, and also the environment in which they are a part of. You were also able to see how the spiritual component played a role in some of the patient's well-being. Nice job discussing the social determinants of health that impacted many of the patients this week. HS

(1f)-Nice job on your nursing therapy group this week! The patients seemed to enjoy the group and did a nice job participating, even those that stated it made them feel uneasy speaking in front of the group. HS

Objective										
2. Synthesize concepts related to psychopathology, health assessment data, evidenced based practice and the nursing process using clinical judgment skills to plan and care for patients with mental illness. (1, 2, 3, 4, 5, 6, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	N/A	S	N/A	S	N/A	S	S			
a. Assemble a health history which includes past and current history of mental and medical health issues and chief reason for hospitalization. (noticing)		N/A								
b. Identify patient's subjective and objective findings including labs, diagnostic tests, and risk factors. (noticing, recognizing)	N/A	S	N/A	N/A	N/A	S	S			
c. Demonstrate ability to identify the patient's use of coping/defense mechanisms. (noticing, interpreting)	N/A	S	S	S	N/A	S	S			
d. Formulate a prioritized nursing plan of care utilizing clinical judgment skills. (noticing, interpreting, responding, reflecting)*	N/A	S	N/A	N/A	N/A	S	S			
e. Apply the principles of asepsis and standard precautions. (responding)	N/A	S	N/A	S	N/A	S	S			
f. Practice use of standardized EBP tools that support safety and quality. (noticing, responding)	N/A	S	N/A	S	N/A	S	S

*When completing the 1South Care Map CDG refer to the Care Map Rubric

Comments:

Week 2 (2a-f)- These competencies were changed to N/A for this week as they are not part of the objectives for the Detox center. HS

Week 3(2c): You did a good job discussing how individuals with substance abuse problems cope and handle situations they encounter.CB

Week 4-2(d) This competency was changed to an “S” because you contributed to developing/carrying out the plan of care for each of the patients you helped care for while in hospice. BL

Week 6 Psych 1 & 2 Objective 2A-B, and F-This week you did a great job of assembling a health history, identifying subjective and objective findings, and using EBP tools to support safety and quality in your CDG post. MD

Week 7 (2a,b,c)-You were able to obtain a health history along with the mental health issues impacting your patient. You were also able to use both subjective and objective findings to assist in developing a plan of care for the patient. HS

(2d)- You did a nice job overall on your care map this week, however, you did not include an in-text citation and therefore you received an NI. HS

(2f)-You did a nice job discussing your EBP article titled “Sleep quality and its Relationship to Mental Health, Physical Health, and Health Behaviors Among Young Adults with Serous Mental Illness Enrolled in a Lifestyle Intervention Trial” during debriefing. Keep up the great work! HS

Objective										
3. Refine basic verbal and nonverbal therapeutic communication skills when interacting with patients, families, and members of the health care team. (1, 2, 3, 5, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Illustrate professionally appropriate and therapeutic communication skills in interactions with patients, and families. (responding)	N/A	S	S	S	N/A	S	S			
b. Demonstrate professional and appropriate communication with the treatment team by using the SBAR format for handoff communication during transition of care. (responding)	N/A	N/A	N/A	N/A S	N/A	S	S			
c. Identify barriers to effective communication. (noticing, interpreting)	N/A	S	S	S	N/A	S	S			
d. Develop effective therapeutic responses. (responding)	N/A	S	S	S	N/A	S	S			
e. Develop a satisfactory patient-nurse therapeutic communication. (Nursing Process Study) (responding, reflecting)				N/A						
f. Posts respectfully and appropriately in clinical discussion groups. (responding, reflecting)	N/A	S	S	S	N/A	S	S NI			
g. Respect the privacy of patient health and medical information as required by federal HIPAA regulations. (responding)	N/A	S	S	S	N/A	S	S			
h. Teach patient/family based on readiness to learn and patient needs. (responding, reflecting)	N/A	N/A	N/A	N/A	N/A	S	S			
Faculty Initials	MD	HS	CB	BL	MD	MD	HS			

Comments:

Week 2 (3f)- You satisfactorily met the requirement for the CDG posting, you answered each question with a thorough response and included an intext citation and a reference. Nice job! HS

Week 3(3f): Destiny, great job on your cdg this week! Each question was answered thoroughly, meeting all requirements. CB

* End-of-Program Student Learning Outcomes

Week 4-3(b) This week in Hospice you participated in the transition of care from day shift to night shift in which you observed SBAR handoff communication. 3(f) Satisfactory completion of your Hospice Reflection Journal. You provided a thoughtful reflection related to your experience and shared new knowledge related to the role of the hospice nurse when caring for the end of life patient. Great job! BL

Week 6 Psych 1 & 2 Objective 3C-This week you were able to identify barriers to effective communication in your CDG posting. MD

Week 6 Psych 1 & 2 Objective 3F-You had a wonderful CDG this week! You were able to turn in your CDG on time, have the adequate word count for your post, and meet all of the objectives for the CDG! You had a reference and in-text citation for both of your CDG posts! One thing to keep in mind is that a reference should be less than 5 years old. Let me know if you have any questions. MD

Week 7 (3a,c,d,f)- You did a nice job using therapeutic communication skills when interacting with the patients. You did not include an in-text citation within the care map therefore this was changed to a NI. HS

Objective										
4. Demonstrate knowledge of frequently prescribed medications utilized in treating mental illness. (1, 4, 5, 6, 7)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Observe &/or administer medication while observing the six rights of medication administration. (responding)	N/A	S	S N/A	S	N/A	S	S			
b. Demonstrate ability to discuss the uses and implication of psychotropic medications. (responding, reflecting)	N/A	N/A	N/A	N/A	N/A	S	S			
c. Identify the major classification of psychotropic medications. (interpreting)	N/A	N/A	N/A	N/A	N/A	S	S			
d. Identify common barriers to maintaining medication compliance. (reflecting)	N/A	S	N/A	S	N/A	S	S			
e. Explain the effects, adverse effects, nursing interventions and safety issues, related to the use of psychotropic medications. (responding, reflecting)	N/A	N/A	N/A	N/A	N/A	S	S			
Faculty Initials	MD	HS	CB	BL	MD	MD	HS			

Comments:

Week 3(4a): I changed this competency to a “NA” due to not observing/passing medications at Sandusky Artisan’s. CB

Week 6 Psych 1 & 2 Objective 4A-This week you were able to administer medications to a patient on 1S. You were able to follow the appropriate process for safe administration of the medications. Great job! MD

Week 6 Psych 1 & 2 Objective 4B-E-In your CDG post this week you were able to provide information about implications of psychotropic medications, classifications of medications, barriers to medication compliance, and specific details about the medications you administered this week. Great job! MD

Week 7 (4a-e)- You did a nice job this week administering medications. You followed the six rights of medication administration. You were able to discuss each prescribed medication for your patient, the indication for use, side effects, classification, related interventions and safety issues. HS

* End-of-Program Student Learning Outcomes

Objective

5. Develop an awareness of community Mental Health resources and services. (5, 6, 7, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Identify the need for the community resources-detox unit available to patients with a mental illness. (noticing, interpreting)	N/A	S	S	N/A	N/A	S	S			
b. Discuss recommendations for referrals to appropriate community resources and agencies. (reflecting)	N/A	N/A- S	S	S	N/A	S	S			
c. Collaborate with the Erie County Health Department Detox Unit while observing the care of a patient with mental illness-substance abuse. (Community Agency Observation-Detox Unit) **	N/A	S	S NA	N/A	N/A	N/A	N/A			
d. Recognize and describe the need for substance abuse recovery resources. (Alcoholics/Narcotics Anonymous at the Sandusky Artisans Recovery Center (Observation))	N/A	S	S	N/A	N/A	N/A	N/A			
Faculty Initials	MD	HS	CB	BL	MD	MD	HS			

**Alternative Assignment

Comments:

Week 2 (5a-c)- You were able to identify community resources for individuals within your CDG post this week. HS

Week 3(5a,b,d): Great job attending the Sandusky Artisan's and participating in a meeting with individuals facing substance abuse challenges. CB

Week 7 (5a,b)- You were able to discuss the community resources that are available to those individuals in need within the community. HS

* End-of-Program Student Learning Outcomes

Objective

6. Demonstrate satisfactory proficiency when using informatics and techniques in the assessment of patients with a mental illness diagnosis. (1, 2, 3, 4, 6, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	N/A	N/A	N/A	N/A	N/A	S	S			
a. Demonstrate competence in navigating the electronic health record. (responding)	N/A	N/A	N/A	N/A	N/A	N/A	S			
b. Demonstrate satisfactory documentation of psychiatric assessments and nursing notes utilizing the electronic health record. (responding)	N/A	N/A	N/A	N/A	N/A	N/A	S			
c. Demonstrate the use of technology to identify mental health resources. (responding)	N/A	N/A	N/A	N/A	N/A	S	S			
Faculty Initials	MD	HS	CB	BL	MD	MD	HS			

Comments:

Week 6 Psych 1 & 2 Objective 6A-You were able to proficiently navigate the EHR independently. MD

Week 7 (6a,b)- You were able to successfully navigate the electronic health record in order to obtain the information you needed. You were also able to document on group participation and document the medication administration. HS

* End-of-Program Student Learning Outcomes

Objective

7. Evaluate self-participation in patient care experiences with the focus on safety, ethical, legal, and professional responsibilities. (7)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Identify your strengths for care delivery of the patient with mental illness. (reflecting)	N/A	N/A	N/A	N/A	N/A	S	S			
b. Demonstrates effective use of strategies to reduce risk of harm to self or others. Create a safe environment for patient care. (responding)	N/A	S	S	S	N/A	S	S			
c. Illustrate active engagement in self-reflection and debriefing. (reflecting)	N/A	N/A S	S	S	N/A	S	S			
d. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE" – attitude, commitment, and enthusiasm during all clinical interactions. (responding)	N/A	S	S	S	N/A	S	S			
e. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect. (responding)	N/A	S	S	S	N/A	S	S			
f. Comply with the standards outlined in the FRMCSN policy, "Student Conduct While Providing Nursing Care." (responding)	N/A	S	S	S	N/A	S	S			
Faculty Initials	MD	HS	CB	BL	MD	MD	HS			

Objective 7a: Provide a comment for the highlighted competency each week of your 1 South clinical. Put "NA" for the weeks not assigned to 1 South.

Comments:

7a: week 1 : No clinical

7a: week 2: Detox clinical

Week 2 (7c)- You did a nice job self-reflecting on the Detox center within your CDG post this week. HS

7a: week 3: Artisans clinical

Week 3(7c): Destiny, great job this week reflecting on your clinical experience and your thoughts/feelings related to substance abuse. CB

7a: Week 4: Hospice clinical

Week 4-7(c) Destiny, your Hospice Reflection Journal was very well done and provided a great reflection related to your experience. Keep up all your hard work! BL

7a: Week 5: No clinical

7a: Week 6: One strength of mine for this clinical would be I was able to communicate well with a patient and we were able to do a puzzle together while also talking. This allowed her to feel comfortable and also we were able to do something we both enjoyed while talking about her and her life. Awesome! MD

Week 6 Psych 1 & 2 Objective 7B-In your CDG this week you were able to identify effective use of strategies to reduce risk of harm for the patient and others. Great job! MD
 7a: Week 7: One strength of mine for this clinical was I was able to successfully pass medications to my patient. I identified my patients name, day of birth, and allergies. I was also able to return a medication the patient did not want to take to the pyxis which I had never done before so that was a successful new experience. You did a nice job with medication administration this week, you were also able to communicate with the nurse regarding the patient refusing a medication. HS

Date	Nursing Priority Problem	Evaluation & Instructor Initials	Remediation & Instructor Initials
7/13/2024	Risk for suicidal behavior	NI/HS	

Evaluation Tool**
 Psych
 2024

**Psych students are required to submit one satisfactory care map (CDG) during the 4-day 1 South clinical rotation. If the care map is not evaluated as satisfactory upon initial submission, the student has one opportunity to revise the care map based on instructor feedback.

Firelands Regional Medical Center School of Nursing
Nursing Care Map Rubric

Student Name: Destiny Houghtlen		Course Objective:					
Date or Clinical Week: Week 7							
Criteria		3	2	1	0	Points Earned	Comments
Noticing	1. Identify all abnormal assessment findings (subjective and objective); include specific patient data.	(lists at least 7*) *provides explanation if < 7	(lists 5-6)	(lists 5-7 but no specific patient data included)	(lists < 5 or gives no explanation)	3	Nice job identifying the abnormal assessment and lab findings. You were also able to identify several risk factors for the patient. HS
	2. Identify all abnormal lab findings/diagnostic tests; include specific patient data.	(lists at least 3*) *provides explanation if < 3		(lists 3 but no specific patient data included)	(lists < 3 or gives no explanation)	3	
	3. Identify all risk factors relevant to the patient.	(lists at least 5*) *provides explanation if < 5	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)	3	
Interpreting	4. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	You a very thorough list of nursing priorities and were able to interpret which would be considered the priority for the patient. You highlighted the related data. You were able to identify additional complications that could occur and the symptoms to monitor the patient for. You did not state the goal for the priority problem. HS
	5. State the goal for the top nursing priority.	Complete			Not complete	0	
	6. Highlight all of the related/relevant data from the Noticing boxes that support the top priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	7. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)	3	
	8. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists 2)		(lists < 2)	3	
Responding	9. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	You did a nice job identifying specific interventions for this patient that directly related to the priority problem. You included the administration of the antibiotic, this would not be an appropriate intervention specific to the priority problem. HS
	10. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	11. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	12. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete	3	

Criteria		3	2	1	0	Points Earned	Comments
	13. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
Reflecting	14. List all of the highlighted reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete	3	Great job reassessing all of the abnormal assessment and lab findings. HS
	15. Evaluation includes one of the following statements: <ul style="list-style-type: none"> Continue plan of care Modify plan of care Terminate plan of care 	Complete			Not complete	3	

Reference

An in-text citation and reference are required.

The care map will be graded “needs improvement” if missing either the in-text citation or reference, but not both.

The care map will be graded “unsatisfactory” if no in-text citation or reference is included.

Total Possible Points= 45 points

45-35 points = Satisfactory

34-23 points = Needs Improvement*

< 23 points = Unsatisfactory*

***Total points adding up to less than or equal to 34 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines.**

*****Students that are not satisfactory after 2 attempts will be required to meet with course faculty for remediation. *****

Faculty/Teaching Assistant Comments: Destiny,

You did a very nice job on your care map. You identified the abnormal assessment and lab findings as well as the risk factors for the patient. You compiled a very thorough list of interventions specific to the patient. You also did a nice job evaluating the plan of care. You did not provide an in-text citation and therefore you received a needs improvement and must correct this and resubmit it. Please let me know if you have any additional questions. HS

Total Points:42/45

Faculty/Teaching Assistant Initials: HS

You must receive a total of 77 out of 100 points to receive a “S” grade on the Evaluation of Clinical Performance tool. Due date can be located on the clinical schedule.

Firelands Regional Medical Center School of Nursing
Nursing Process Grading Rubric- Psychiatric Nursing 2024

Criteria	Ratings				Points Earned
Criterion #1 Process Recording is organized and neatly completed	5 Points Typed process recording with spelling and grammar correct.	3 Points Typed process recording with 5 or less spelling and grammar mistakes.	1 Points Typed process recording with 5 or more spelling and grammar mistakes.	0 Points Process recording is not typed with 10 or more spelling and grammar mistakes.	
Criterion #2 Assessment	7 Points Identifies pertinent patient background, current medical and psychiatric history. Provides a self-assessment of thoughts and feelings prior and during therapeutic communication interaction with patient. Identifies the milieu and effects on patient.	5 Points Identifies areas of assessment but incomplete data provided in 2 of the 4 areas. Provides a self-assessment of thoughts and feelings prior and during therapeutic communication interaction with patient. Identifies the milieu and effects on patient.	3 Point Identifies areas of assessment but incomplete data provided in 3 of the 4 areas. Provides a self-assessment of thoughts and feelings prior and during therapeutic communication interaction with patient. Identifies the milieu and effects on patient.	0 Points Missing data in all 4 areas of assessment.	
Criterion #3 Mental Health Nursing Diagnosis (priority problem)	8 Points Identifies priority mental health problem (not a medical diagnosis) providing at least 5 relevant/related data and potential complications.	5 Points Identifies Priority mental health problem provides at least 4 relevant/related data and potential complications.	3 Point Identifies priority mental health problem provides at least 3 relevant/related data and potential complications.	0 Points Does not provide priority mental health problem and/or less than 3 relevant/related data and potential complications.	
Criterion #4 Nursing Interventions	10 Points Identifies at least 5 pertinent nursing interventions in priority order including a rationale and timeframe. Interventions must be individualized and realistic. Identifies a therapeutic communication goal.	6 Points Identifies 4 or less nursing interventions in priority order including a rationale and time frame. Interventions are not individualized and/or realistic. Identifies a therapeutic communication goal.	4 Point Identifies 4 or less nursing interventions but not prioritized and/or no rationale or time frame provided. Interventions are not individualized and /or realistic. Identifies a therapeutic communication goal.	0 Points Identifies less than 4 interventions, not prioritized, individual, realistic, no rationale, no time frame. No therapeutic communication goal.	

Criterion #5 Process Recording	15 Points Provides direct quotes for all interchanges. Nonverbal and Verbal behavior is described for all interactions. Students thoughts and feelings concerning each interaction is provided.	10 Points Direct quotes are not provided. Nonverbal and Verbal behavior is described for at least 7 interactions. Student thoughts and feelings concerning at least 5 interactions are provided.	5 Point Direct quotes are not provided. Nonverbal and Verbal behavior is described for at least 5 interactions. Student thoughts and feelings concerning at least 5 interactions are provided.	0 Points Direct quotes are not provided. Nonverbal and Verbal behavior is not described for less than half of the interactions. Student thoughts and feelings for less than half of the interactions provided.	
Criterion #6 Process Recording	20 Points Analysis of each interaction providing type of communication (therapeutic or nontherapeutic) and technique (exploring, focusing, reflecting, formulating a plan of action, etc.) Provides explanation of at least 75% of interactions.	15 Points Analysis of each interaction providing type of communication (therapeutic or nontherapeutic), and technique (exploring, focusing, reflecting, formulating a plan of action, etc.) Provides explanation of at least 50% of interactions.	10 Point Analysis of each interaction providing type of communication (therapeutic or nontherapeutic), no technique (exploring, focusing, reflecting, formulating a plan of action, etc.) Provides explanation of at least 25% of interactions.	0 Points Analysis not provided for each interaction	
Criterion #7 Process Recording	10 Points Communication has a natural beginning and ending; the conversation flows from sentence to sentence and has a logical conclusion. There are at least 10 interchanges between patient and student.	6 Points Communication has a natural beginning and ending; the conversation flows from sentence to sentence and has a logical conclusion. There are at least 7 interchanges between patient and student.	4 Points Communication has a natural beginning and ending; the conversation flows from sentence to sentence and has a logical conclusion. There are at least 5 interchanges between patient and student.	0 Points There was less than 5 interchanges between patient and student provided.	
Criterion #8 Evaluation	15 Points Self-evaluation of communication with patient. Identify at least 3 strengths and 3 weaknesses of therapeutic communication.	10 Points Self-evaluation of communication with patient. Identified 2 strengths and 2 weaknesses of therapeutic communication.	5 Point Self-evaluation of communication with patient. Identified 1 strength and 1 weakness of therapeutic communication.	0 Points No self-evaluation was provided.	
Criterion #9 Evaluation	10 Points Identify at least 3 barriers to communication including interventions or communication that could have been done differently. Identify all pertinent	6 Points Identify at least 2 barriers to communication including interventions or communication that could have been done	4 Point Identify at least 2 barriers to communication did not include interventions or communication that could have been done	0 Points Identify at least 1 barrier to communication did not include interventions or communication that	

	social determinants of health.	differently. Identify all pertinent social determinants of health.	differently. Did not identify any pertinent social determinants of health.	could have been done differently. Did not identify any pertinent social determinants of health.	
<p>Total Possible Points= 100 points 77-100 points= Satisfactory completion. 76-53 points= Needs Improvement < 53 points= Unsatisfactory</p> <p>Faculty comments:</p>				<p>Total Points:</p>	<p>Faculty Initials:</p>

Lasater Clinical Judgment Rubric Scoring Sheet

Student Roles: A=Assessment Nurse; M=Medication Nurse

STUDENT NAME(S) AND ROLE(S): Kylee Cheek (A), Katherine Shirley (M), Hannah Castro (A), Destiny Houghtlen (M)

GROUP #: 4

SCENARIO: Alcohol Substance Use Simulation

OBSERVATION DATE/TIME(S): 06/26/2024 1230-1345

<p>CLINICAL JUDGMENT COMPONENTS</p> <p>NOTICING: (1,2,5)*</p>	<p style="text-align: center;"><u>OBSERVATION NOTES</u></p> <p>Notices patient's blood pressure is elevated.</p>
--	---

<ul style="list-style-type: none"> • Focused Observation: E A D B • Recognizing Deviations from Expected Patterns: E A D B • Information Seeking: E A D B 	<p>Notices patient appears to be anxious.</p> <p>Recognizes the patient needs Lorazepam based on the CIWA Scale score.</p> <p>Notices patient is having visual hallucinations.</p> <p>Notices patient appears to be anxious.</p> <p>Notices patient's blood pressure is elevated.</p> <p>Recognizes the patient needs Lorazepam based on the CIWA Scale score.</p> <p>Attempts to seek out information related to the patient's substance use.</p>
<p>INTERPRETING: (2,4)*</p> <ul style="list-style-type: none"> • Prioritizing Data: E A D B • Making Sense of Data: E A D B 	<p>Prioritizes performing CIWA Scale.</p> <p>Interprets CIWA Scale score as 8.</p> <p>Interprets CIWA protocol accurately for Lorazepam dose (2 mg PO).</p> <p>Interprets the CAGE Questionnaire as negative.</p> <p>Interprets CIWA Scale score as 23.</p> <p>Interprets CIWA protocol accurately for Lorazepam dose (4 mg PO).</p>
<p>RESPONDING: (1,2,3,5)*</p> <ul style="list-style-type: none"> • Calm, Confident Manner: E A D B • Clear Communication: E A D B • Well-Planned Intervention/ Flexibility: E A D B • Being Skillful: E A D B 	<p>Introduces self and identifies patient.</p> <p>Obtains vital signs (T-98.6, HR-82, BP-154/90, SpO2-98%, RR-14).</p> <p>Performs CIWA Scale.</p> <p>Assesses patient's pain.</p> <p>Performs the Brief Mental Status Evaluation.</p> <p>Medication nurse reviews medication with the patient and administers them.</p> <p>Medication nurse administers Lorazepam 2 mg PO (per protocol).</p> <p>Performs the CAGE Questionnaire.</p> <p>Does not attempt to have a therapeutic conversation with the patient outside of performing assessments/interventions.</p>

	<p>Identifies self and patient.</p> <p>Asks patient about visual hallucinations.</p> <p>Obtains vital signs (T-98.6, SpO2-98%, BP-145/89).</p> <p>Assesses patient’s anxiety level (6/10).</p> <p>Performs CIWA Scale.</p> <p>Attempts to distract patient and relocate her from the nurse’s station.</p> <p>Medication nurse verifies patient and scans.</p> <p>Medication nurse administers Lorazepam 4 mg PO (per protocol).</p> <p>Attempts to communicate with patient and utilize therapeutic techniques.</p> <p>Provides education related to community resources and self-help groups.</p>
<p>REFLECTING: (1,2,5)*</p> <ul style="list-style-type: none"> • Evaluation/Self-Analysis: E A D B • Commitment to Improvement: E A D B 	<p>Group members actively participated during debriefing. Appropriate questions were asked. Each group member discussed what they felt were strengths and weaknesses in their performance. Alternate choices were discussed for improvement in the future. Each member verbalized something they would do differently if they were to do the scenario again.</p>
<p>SUMMARY COMMENTS: * = Course Objectives</p> <p>Satisfactory completion of the simulation scenario is a score of “Developing” or higher in all areas of the rubric.</p> <p>E= Exemplary</p> <p>A= Accomplished</p> <p>D= Developing</p> <p>B= Beginning</p> <p>Scenario Objectives:</p> <ul style="list-style-type: none"> • Demonstrate effective therapeutic communication while interacting with patient admitted for an acute mental health crisis. (1, 2, 3)* • Utilize the CIWA scale to assess a patient with a history of substance abuse. (1, 2)* 	<p>Lasater Clinical Judgement Rubric Comments:</p> <p>Noticing: Noticing: Regularly observes and monitors a variety of data, including both subjective and objective; most useful information is noticed; may miss the most subtle signs. Recognizes subtle patterns and deviations from expected patterns in data and uses these to guide the assessment. Actively seeks subjective information about the patient’s situation from the patient and family to support planning interventions; occasionally does not pursue important leads.</p> <p>Interpreting: Focuses on the most relevant and important data useful for explaining the patient’s condition. In most situations, interprets the patient’s data patterns and compares with known patterns to develop an intervention plan and accompanying rationale; the exceptions are rare or in complicated cases where it is appropriate to seek the guidance of a specialist or a more experienced nurse.</p> <p>Responding: Generally displays leadership and confidence and is able to control or calm most situations; may show stress in particularly difficult or complex situations. Shows some communication ability (e.g., giving directions); communication with patients, families, and team members is only partly successful; displays caring but not competence. Develops interventions on the basis of relevant patient data; monitors progress regularly but does not</p>

<ul style="list-style-type: none"> • Determine appropriate medication administration steps utilizing the CIWA scale. (4)* • Provide patient with appropriate education on community support and resources. (5)* 	<p>expect to have to change treatments. Displays proficiency in the use of most nursing skills; could improve speed or accuracy.</p> <p>Reflecting: Independently evaluates and analyzes personal clinical performance, noting decision points, elaborating alternatives, and accurately evaluating choices against alternatives. Demonstrates commitment to ongoing improvement; reflects on and critically evaluates nursing experiences; accurately identifies strengths and weaknesses and develops specific plans to eliminate weaknesses.</p> <p>Satisfactory completion of the simulation scenario. Great job! BL</p>

**EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing**

**Firelands Regional Medical Center School of Nursing
Sandusky, Ohio**

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date:
