

EVALUATION OF CLINICAL PERFORMANCE TOOL
Maternal Child Nursing – 2024

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student: Katelyn Morgan

Final Grade: Satisfactory/Unsatisfactory

Semester: Fall

Date of Completion:

Faculty: Kelly Ammanniti, MSN, RN, CHSE; Monica Dunbar DNP, RN;
CNE; Rachel Haynes MSN, RN, Brian Seitz, MSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

METHODS OF EVALUATION:

Care Maps
Patient/Family Education
Preparedness for Clinical/Clinical Performance
Online Clinical Discussion Groups
Administration of Medications
Nursing Skills Completion of Clinical Performance Tool
Written Reports of Clinical Experiences
Documentation
Conferences with the Faculty
Lasater Clinical Judgment Rubric
vSim
Simulation Scenarios

7/18/24 KA

Absence: (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make-up (/Date/Time)

Faculty's Name	Initials
Kelly Ammanniti	KA

Rachel Haynes	RH
Brian Seitz	BS

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe; accurate each time; skillful in parts of behavior; focuses more on the skill and self rather than the patient; inefficient, uncoordinated, anxious, worried, flustered at times; expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues; faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U", the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

SATISFACTORY CARE MAPS		
Date	Priority Nursing Problem/Diagnosis	Faculty's Initials

Objective																		
1. Describe the principles of growth and development and knowledge of pathophysiology as a basis for the provision of safe, quality nursing care to children and the childbearing family across the health-illness continuum. (1,2,3,4,7)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/23	8/30	9/6	9/13	9/20	9/27	10/4		10/11	10/18	10/25	11/1	11/8	11/15	11/22	11/29		
Competencies:																		
a. Provide care utilizing techniques and diversions appropriate to the patient's level of development.		NA	NA	S														
b. Provide care using developmentally appropriate communication.		NA	NA	S														
c. Provide care utilizing systematic and developmentally appropriate assessment techniques.		NA	NA	S														
d. Describe safety measures for various stages of development. (i.e. monitoring fall risks, restraints, and DVT assessment)		NA	NA	S														
e. Identify stage of growth and development (Erikson's Stages)(List Below and explain reason for choice)*		NA	NA	S														
Clinical Location Age of patient		No clinical	No clinical	lactation														
		RH	RH															

Comments:

1E wk 4:

The patient was in Erikson stage of Identity vs Role confusion. The patient was a newly young mother. She had probably just graduated high school. Her grandmother was in the room with her. It seemed that her grandmother asked more questions than the patient did. The labor nurse had asked the patient (before her lactation session) how long she had breast fed before to her coming in and the patient stated "I don't know." The grandmother stated "it was 14 min on one breast and 10 minutes on the other breast." I understand things such as unprotected sex, condoms may break, birth control may fail but she is new to the adult world and she is a young mother now. This is what I would describe as the Identity vs Role confusion.

***End-of-Program Student Learning Outcomes**

Objective																		
1. Describe the principles of growth and development and knowledge of pathophysiology as a basis for the provision of safe, quality nursing care to children and the childbearing family across the health-illness continuum. (1,2,3,4,7)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/23	8/30	9/6	9/13	9/20	9/27	10/4		10/11	10/18	10/25	11/1	11/8	11/15	11/22	11/29		
Competencies:																		
f. Describe psychological changes in response to the expectant mother's pregnancy. Maternal		NA	NA	S														
g. Discuss prenatal influences on the pregnancy. Maternal		NA	NA	S														
h. Identify the stage and progression of a woman in labor. Maternal		NA	NA	S														
i. Discuss family bonding and phases of the puerperium. Maternal		NA	NA	S														
j. Identify various resources available for children and the childbearing family.		NA	NA	S														
k. Value patient's perspective, diversity, age and cultural factors that influence their behaviors.		NA	NA	S														
l. Respect the centrality of the patient/family as core members of the health team.		NA	NA	S														
		RH	RH															

Comments:

Objective																		
2. Integrate principles of decision-making in utilizing evidenced-based practice in the nursing process in providing care for the childbearing family and children encompassing cultural sensitivity and diversity. (1,2,3,4,5)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/23	8/30	9/6	9/13	9/20	9/27	10/4		10/11	10/18	10/25	11/1	11/8	11/15	11/22	11/29		
a. Engage in discussions of evidenced-based nursing practice.		NA	NA	S														
b. Perform nursing measures safely using Standard precautions.		NA	NA	S														
c. Perform nursing care in an organized manner recognizing the need for assistance.		NA	NA	S														
d. Practice/observe safe medication administration.		NA	NA	S														
e. Calculate pediatric and adult drug dosages correctly and determine appropriateness of the dose.		NA	NA	S														
f. Utilize information obtained from patients/families as a basis for decision-making.		NA	NA	S														
g. Identify factors associated with Social Determinants of Health (SDOH) &/or cultural elements that have the potential to influence patient care.** (Noticing, Interpreting, Responding, Reflecting) (List Below)*		NA	NA	S														
		RH	RH															

Comments:

2G wk 4: A SDOH would be economic stability because of the hospital bill(s). I am unsure if the patient had health insurance, but from my knowledge of health insurance, depending on your coverage they may only pay so much of medical expenses. Generally speaking, having a baby is expensive.

Objective																		
3. Summarize the legal, moral and ethical issues related to care of children and the childbearing family. (2,6,7)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/23	8/30	9/6	9/13	9/20	9/27	10/4		10/11	10/18	10/25	11/1	11/8	11/15	11/22	11/29		
a. Act with integrity, consistency, and respect for differing views.		NA	NA	S														
b. Respect the privacy of patient health and medical information as required by federal HIPAA regulations.		NA	NA	S														
c. Follow the standards outlined in the FRMCSN policy, "Student Code of Conduct"		NA	NA	S														
d. Critique examples of legal or ethical issues observed in the clinical setting. (List Below)*		NA	NA	S														
		RH	RH															

Comments:

3D wk 4: Examples would be the patient was 18 years old (some people may frown upon young moms), the mom and grandma wanted the nurses to "take away" the babies father's key for access. The nurses had to educate on how that is not something they are able to do and suggested having a conversation with the babies father regarding their concerns.

Objective																		
4. Construct nursing care plans and clinical reports that demonstrate mastery of clinical judgment skills through holistic, age-appropriate nursing care of the childbearing family and children. (1,2,6)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/23	8/30	9/6	9/13	9/20	9/27	10/4		10/11	10/18	10/25	11/1	11/8	11/15	11/22	11/29		
a. Develop and implement a priority care map and/or plan of care utilizing the nursing process and clinical judgment. (Noticing, Interpreting, Responding, Reflecting)		NA	NA	S														
b. Document assessment findings, interventions, and outcomes accurately on appropriate forms. (Including risk assessment and monitoring of wound care)		NA	NA	S														
c. Summarize witnessed examples of patient/family advocacy.		NA	NA	S														
d. Provide patient centered and developmentally appropriate teaching.		NA	NA	S														
e. Analyze the involved pathophysiology of the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
		RH	RH															

Student Name:			Course Objective:				
Date or Clinical Week:							
Criteria		3	2	1	0	Points Earned	Comments
Noticing	1. Identify all abnormal assessment findings (subjective and objective); include specific patient data.	(lists at least 7*) *provides explanation if < 7	(lists 5-6)	(lists 5-7 but no specific patient data included)	(lists < 5 or gives no explanation)		
	2. Identify all abnormal lab findings/diagnostic tests; include specific patient data.	(lists at least 3*) *provides explanation if < 3		(lists 3 but no specific patient data included)	(lists < 3 or gives no explanation)		
	3. Identify all risk factors relevant to the patient.	(lists at least 5*) *provides explanation if < 5	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)		
Interpreting	4. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	5. State the goal for the top nursing priority.	Complete			Not complete		
	6. Highlight all of the related/relevant data from the Noticing boxes that support the top priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	7. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)		
	8. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists 2)		(lists < 2)		
Responding	9. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	10. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete		
	11. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete		
	12. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete		

Criteria		3	2	1	0	Points Earned	Comments
	13. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete		
Reflecting	14. List all of the highlighted reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete		
	15. Evaluation includes one of the following statements: - Continue plan of care - Modify plan of care - Terminate plan of care	Complete			Not complete		
Reference An in-text citation and reference are required. The care map will be graded “needs improvement” if missing either the in-text citation or reference, but not both. The care map will be graded “unsatisfactory” if both in-text citation and reference are not included.							
Total Possible Points= 45 points 45-35 points = Satisfactory 34-23 points = Needs Improvement* < 23 points = Unsatisfactory* *Total points adding up to less than or equal to 34 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines. ***Students that are not satisfactory after 2 attempts will be required to meet with course faculty for remediation. *** Faculty/Teaching Assistant Comments:						Total Points:

Objective																		
4. Construct nursing care plans and clinical reports that demonstrate mastery of clinical judgment skills through holistic, age-appropriate nursing care of the childbearing family and children. (1,2,6)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/23	8/30	9/6	9/13	9/20	9/27	10/4		10/11	10/18	10/25	11/1	11/8	11/15	11/22	11/29		
f. Correlate the diagnostic tests with the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
g. Correlate the pharmacotherapy in relation to the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
h. Correlate the medical treatment in relation to the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
i. Correlate the nutritional needs/diet in relation to the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
j. Correlate the patient's growth and developmental level in relation to the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
		RH	RH															

Comments:

Objective																		
5. Collaborating professionally with members of the health care team, childbearing and child-rearing families, faculty, and peers through written, verbal and nonverbal methods, and by conferencing, networking, and posting through computer technology. (1,3,5,6,7,8)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/23	8/30	9/6	9/13	9/20	9/27	10/4		10/11	10/18	10/25	11/1	11/8	11/15	11/22	11/29		
a. Demonstrate interest and enthusiasm in clinical activities.		NA	NA	S														
b. Evaluate own participation in clinical activities.		NA	NA	S														
c. Communicate professionally and collaboratively with members of the healthcare team.		NA	NA	S														
d. Document assessment findings, interventions, and outcomes accurately in the electronic health record.		NA	NA	S														
e. Demonstrate skill in accessing and navigating information in the electronic health record. (Responding)		NA	NA	S														
f. Clearly communicate care provided and needed at each transition in care using hand off communication techniques. (I-SBAR-R)		NA	NA	S														
g. Consistently and appropriately post comments in clinical discussion groups.		NA	NA	S														
		RH	RH															

Comments:

Objective																		
6. Critique own strengths and areas for improvement modifying behaviors accordingly to achieve personal and professional goals. (7,8)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/23	8/30	9/6	9/13	9/20	9/27	10/4		10/11	10/18	10/25	11/1	11/8	11/15	11/22	11/29		
a. Recognize areas for improvement and goals to meet these needs. (List Below)*		NA	NA	S														
b. Accept responsibility for decisions and actions.		NA	NA	S														
c. Demonstrate evidence of growth and self-confidence.		NA	NA	S														
d. Demonstrate evidence of research in being prepared for clinical.		NA	NA	S														
e. Exhibits professional behavior i.e. appearance, responsibility, integrity, and respect.		NA U	NA U	S														
f. Describe initiatives in seeking out new learning experiences.		NA	NA	S														
g. Demonstrate ability to organize time effectively.		NA	NA	S														
h. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions.		NA	NA	S														
i. Demonstrates growth in clinical judgment.		NA	NA	S														
		RH	RH															

Comments:

Week 2: 6e was changed to a "U" due to not having your tool turned in on time. Please comment back how you will prevent getting a "U" in the future. If it is not addressed, it will continue to be a "U" until it is addressed. RH
I will submit my tool on time in future – KM 9/10/24

***End-of-Program Student Learning Outcomes**

Week 3: 6e was changed to a “U” due to not addressing the previous week “U”. Please comment back how you will prevent getting a “U” in the future. If it is not addressed, it will continue to be a “U” until it is addressed. RH

I will address the “U” from previous week(s) to be professional and to learn from my mistakes. – KM 9/10/24

6A week 4:

An area of improvement is submitting my clinical tool on time. I will do this by using my planner more frequently to ensure my assignments are submitted before their due dates.

EVALUATION OF CLINICAL PERFORMANCE TOOL
Maternal Child Nursing – 2024
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date: _____
