Firelands Regional Medical Center School of Nursing
Nursing Foundations 2024
Skills Lab Competency Tool

Student Name: Abigail McNulty

Comments:

Week 1 (Technology Lab): During this lab you were able to satisfactorily navigate:

- Edvance360 Learning Management System.
- Skyscape Resource System.
- Assessment Technologies Institute (ATI) / Virtual Simulation (vSim) Systems.
- Guided tour of library and computer lab. HS

Week 2 (Hand Hygiene; Vital Signs; PPE): During lab this week you were able to satisfactorily demonstrate:

- Appropriate hand hygiene utilizing hand sanitizer and soap/water.
- Accurate verbalization of procedure for donning & doffing PPE.

Appropriate level of skill during guided practice with measurement of radial and brachial pulses, along with manual blood pressure. Vital signs skills will be observed 1:1 with faculty during Week 3. Keep up the good work! HS

Week 3 (Vital Signs):

Excellent work in the lab this week! You satisfactorily completed the vital sign check off during 1:1 observation, including oral temperature, radial pulse, respiratory rate, pulse oximetry, and blood pressure measurement. During the blood pressure measurement, you accurately obtained two out of three blood pressure results on the Vital Sim manikin. The first blood pressure measurement was set at 108/62 and you identified it as 110/60. The second measurement was set at 144/78 and you interpreted it as 120/80 which was not in the parameter. The third measurement was set at 120/72 and you interpreted it as 122/74. Great job! You were able to verbally discuss the following measurements: axillary and rectal temperature along with orthostatic vital sign assessments. You did not require any prompts during completion of your 1:1 observation and provided accurate detail in your communication with the “patient”. You did a great job with your first Meditech documentation, however you omitted the entire blood pressure section. During Week 4 lab please take some time to review your documentation from this week. The remainder of your documentation was accurate and complete. Keep up the great work!! AR

Week 4 (Assessment):

Satisfactory with head to toe assessment guided practice, hand-off report activity, Lexicomp/Intranet navigation activity, and the assessment/safety activity utilizing your clinical judgment skills. Great job! You will be observed 1:1 for Head to Toe Assessment competency during Week 5. AR

Week 5 (Assessment; Mobility):

Excellent job in lab this week! You have satisfactorily performed a basic head to toe assessment in the skills lab. Your approach was systematic, thorough, and overall very well done. You paid close attention to detail and were clearly well-prepared. You did not require any prompts throughout your assessment, nice work! You demonstrated professional and informative communication. Job well done!

Feedback on documentation this week: With this being the first time that you fully documented these interventions, you did a great job paying close attention to detail! Overall you did a great job!

- **Pain-** Documentation was accurate and complete.
- **Vital signs-** Documentation was accurate and complete.
- **Safety-** Documentation was accurate and complete.

- **Physical reassessment-** Gastrointestinal (bowel movement aid)- omitted “daily”; omitted “witnessed” from emesis description.

Mobility Lab 9/19/2024: Satisfactory completion of mobility lab through demonstration of the following: Logrolling/turning a patient, lifting a patient in bed, repositioning from lying to sitting, repositioning from sitting to standing, stand/pivot transfer from a bed to a chair, ambulating with a walker, ambulating with crutches, ambulating with a cane, use of a gait belt, and safe use of a wheelchair. Proper body mechanics were utilized to promote safety for the health care worker and the patient. Great job with active participation throughout the duration of the lab. CB

Week 6 (Personal Hygiene Skills):

Week 7 (NG Skills: Insertion, Irrigation, and Removal; Feedings):

Week 8 (Foley Skills: Insertion, Removal; Sterile Gloves; I&O, Documentation Lab):

Week 9 (Dressing Change: Dry Sterile, Damp to Dry Packed, Stoma Skills):

Week 10 (Safety; Infection Control; Prioritization; Weight; Pressure Ulcer Prevention; Soft Restraints; Doppler BP):

Week 11 (Medication Lab):

8/17/2023
