

EVALUATION OF CLINICAL PERFORMANCE TOOL
Nursing Foundations – 2024

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student:

Final Grade: Satisfactory/Unsatisfactory

Semester: Fall

Date of Completion:

Faculty: **Frances Brennan**, MSN, RN; **Amy Rockwell**, MSN, RN;
Chandra Barnes, MSN, RN; **Nick Simonovich**, MSN, RN
Heather Schwerer, MSN, RN; **Brittany Lombardi**, MSN, RN, CNE

Faculty eSignature:

Teaching Assistant: Stacia Atkins, BSN, RN

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student’s evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a “S, NI, U, or NA”. If the student does not self-rate, then it is an automatic “U”. A student who submits the clinical evaluation tool late will be rated as “U” in the appropriate competency(s) for that clinical week. Whenever a student receives a “U” in a competency, it must be addressed with a comment as to why it is no longer a “U” the following week. If the student does not state why the “U” is corrected, it will be another “U” until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U", the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

***Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.**

Week 6-1(c,d) These competencies were rated as "U" because you did not self-rate. According to the performance code on page 2 of this document, if a student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U", the faculty member (s) will

continue to rate the competency unsatisfactory. Please be sure to include this on your Week 7 tool. If you have any questions about this process, please do not hesitate to reach out. BL

This week I received a "u" on my competencies because I did not complete the self-evaluation. I plan to resolve this issue in the future by making sure all of the boxes are filled out and turned in properly. Bri, thank you for addressing the "U" rating you received and having a plan to ensure that each competency is filled out properly in the future. CB

Week 8(1c,d): Great job showing respect for your patient's needs, being compassionate and kind while delivering care. You also demonstrated the appropriate use of Maslow's hierarchy of needs during the head to toe assessment performed on your patient during this clinical experience, being able to recognize physiological needs of your patient when performing head to toe assessment. CB

Comments

Week 2(4c,d): Satisfactory for listening attentively and actively participating in the Meditech orientation clinical. You showed beginning competence in the ability to access a patient’s EHR, document care in an intervention, and locate patient data. You were able to access Lexicomp to locate patient education materials. Additionally, nursing policies and procedures were located on the health system intranet. Great job! NS/CB

Week 6-4(a-c, f) These competencies were rated as “U” because you did not self-rate. According to the performance code on page 2 of this document, if a student does not self-rate a competency the competency is graded “U.” A “U” in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool.

The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the “U”, the faculty member (s) will continue to rate the competency unsatisfactory. Please be sure to include this on your Week 7 tool. I plan to resolve this issue in the future by making sure all of the boxes are filled out and turned in properly. Bri, thank you for addressing the “U” rating you received and having a plan to ensure that each competency is filled out properly in the future. CB

Week 8(4a,b,c,f): Satisfactory job with documentation of the head to toe assessment and vital signs of your patient. Make sure to note any areas you may have forgot to assess, so that assessments and documentation are thorough and accurate. I changed competency 4b to a “S” because by documenting vital signs and a head to toe assessment, you are documenting the patient’s response to care provided. You did a good job utilizing Meditech for documentation and to look up patient information. You completed your first cdg, meeting all requirements per the grading rubric, excellent job! CB

**** Strength/weakness reflection (a,b): Must have different written example each week of clinical/lab. You must explain your plan for how you will improve. Example, "I am having a difficult time with obtaining a manual BP. I will get a BP cuff from Amy and practice manual BP's with at least three members of my family this week." Please ensure that you answer this section in-depth with your plan of action. Each week must be different.**

Week 6-8(a-i) These competencies were rated as "U" because you did not self-rate. According to the performance code on page 2 of this document, if a student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U", the faculty member (s) will continue to rate the competency unsatisfactory. Please be sure to include this on your Week 7 tool. I plan to resolve this issue in the future by making sure all of the boxes are filled out and turned in properly. Bri, thank you for addressing the "U" rating you received and having a plan to ensure that each competency is filled out properly in the future. CB

Week 8- This week in clinical I charted my assessment findings accurately with the need of a little help to clarify a few areas I was unsure of. One area I would like to improve on for my next clinical day is, remembering all of my head-to-toe assessment areas to cover. I plan to improve on my head-to-toe assessment by my next clinical day by going over my skills check-off list over the weekend and the night before clinical to give myself a reminder of all the areas I need to assess for my assessment. Bri, you did a great job with documentation and the more experience you get in Meditech the easier it will be to find things. You have a great plan in place to ensure that the areas you want to improve in the head to toe assessment are met by reviewing the check-off sheet. CB

Week 8(8d,f,h): Excellent job following the student code of conduct, exhibiting professionalism while in the clinical setting, and ensuring that patient privacy was respected. CB

This week in clinical one of my strengths was that I performed a head-to-toe assessment without forgetting any steps. One area I would like to improve on for my next clinical day is to complete my assessment in a more timely manner. I plan to improve my time management skills during my head-to-toe assessment by working through it in a more systematic and organized manner. I plan to go through my head-to-toe assessment check off list at least 2-3 times before my next clinical day to help refresh me on which assessments I should do for each body system.

EVALUATION OF CLINICAL PERFORMANCE TOOL
Nursing Foundations – 2024

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
