Patients often use the Internet to search for health-related issues. Search the Internet for any health-related issue of your choosing. Evaluate the website by answering the following questions:

1. Do the authors have qualifications listed? What are their qualifications? What is the domain? (.gov, .edu, .org)
2. When was the site created? When was the site last updated or revised?
3. Who is the targeted audience? Does the web site present facts or opinions?
4. How complete and accurate is the content information? Does it agree with other expert sources? (Provide expert sources you researched.)
5. Does the site load quickly? Is it a secured site? Are there graphics, or pictures on the page that serve a purpose? If so what are they and how do they relate to the health issue?
