Dear Amy Rockwell,

The reason I am writing is because I would like to apply for the position of a staff registered nurse on the Psychiatric unit at Firelands Regional Medical Center. I am attending Firelands Regional Medical School of Nursing with plans of graduating May 2, 2025, and will be available to work at any point after that day. I'm interested in this facility because recently, my mom has received surgery and wound care here and the care was excellent from both doctors and nurses.

The reason I am interested in Psychiatric would be because I have personally struggled with mental health in the past. I have also been helping care for my grandmother who is receiving special ECT treatments, so I have experience in helping people who are struggling with depression. Out of all my clinicals, I enjoyed the ones in my Psychiatric course the most due to the people I got to interact with. I noticed that there were many patients with special needs while doing clinicals. I believe my background in taking care of people with special needs would also be beneficial to the job.

I am available to meet at your earliest convenience. I appreciate your consideration for my interest in the job. I am looking forward to your reply and can be reached at 419-341-5891, 612 Jackson St, Port Clinton, Ohio 43452.

Yours very truly,
Hannah M Castro
