

**EVALUATION OF CLINICAL PERFORMANCE TOOL**  
**Advanced Medical Surgical Nursing- 2025**

**Firelands Regional Medical Center School of Nursing**  
**Sandusky, Ohio**

**Student:** Karli Schnellinger

**Final Grade:** Satisfactory/Unsatisfactory

**Semester:** Spring

**Date of Completion:**

**Faculty:** Frances Brennan, MSN, RN; Amy M. Rockwell, MSN, RN  
 Chandra Barnes, MSN, RN; Brian Seitz, MSN, RN, CNE  
 Brittany Lombardi, MSN, RN, CNE

**Faculty eSignature:**

**DIRECTIONS FOR USE:**

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student’s evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a “S, NI, U, or NA”. If the student does not self-rate, then it is an automatic “U”. A student who submits the clinical evaluation tool late will be rated as “U” in the appropriate competency(s) for that clinical week. Whenever a student receives a “U” in a competency, it must be addressed with a comment as to why it is no longer a “U” the following week. If the student does not state why the “U” is corrected, it will be another “U” until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

**METHODS OF EVALUATION:**

- Clinical Assignments
- Completion of Patient Care
- Meditech Documentation
- Observation of Clinical Performance
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Clinical Discussion Rubric
- Preceptor Feedback
- Nursing Care Map Rubric
- Skills Lab Checklists/Competency Tool
- Lasater Clinical Judgment Rubric
- Virtual Simulation scenarios
- Pathophysiology Grading Rubric
- SBAR/Physician Orders Rubric
- Hand-Off Report Competency Rubric

**ABSENCE (Refer to Attendance Policy)**

Date	Number of Hours	Comments	Make Up (Date/Time)
Initials	Faculty Name		
CB	Chandra Barnes, MSN, RN		
FB	Fran Brennan, MSN, RN		
BL	Brittany Lombardi, MSN, RN, CNE		
AR	Amy Rockwell, MSN, RN		
BS	Brian Seitz, MSN, RN, CNE		

## PERFORMANCE CODE

### SATISFACTORY CLINICAL PERFORMANCE

**Satisfactory (S):** Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback needed related to written clinical work.

### UNSATISFACTORY CLINICAL PERFORMANCE

**Needs Improvement (NI):** Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

**Unsatisfactory (U):** Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U", the faculty member (s) will continue to rate the competency unsatisfactory.

### OTHER

**Not Available (NA):** The clinical experience which would meet the competency was not available.

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

Objective

1. Engage in the coordination and delivery of nursing care measures to groups of patients and to patients with complex problems. (1,3,4,5,7,8)\*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
<b>Competencies:</b>	S	S	S	NA														
a. Manage complex patient care situations with evidence of preparation and organization. <b>(Responding)</b>	S	S	S	NA														
b. Assess comprehensively as indicated by patient needs and circumstances. <b>(Noticing)</b>	S	S	S	NA														
c. Evaluate patient's response to nursing interventions. <b>(Reflecting)</b>	S	S	S	NA														
d. Interpret cardiac rhythm; determine rate and measurements. <b>(Interpreting)</b>	NA	NA	NA	NA														
e. Administer medications observing the seven rights of medication administration. <b>(Responding)</b>	S	S	S	NA														
f. Perform venipuncture skill with beginning dexterity and evidence of preparation. <b>(Responding)</b>	NA	NA	NA	S														
g. Respond appropriately to equipment alarms; IV pumps, ECG monitors, ventilators, etc. <b>(Responding)</b>	S	S	S	NA														
<b>Faculty Initials</b>	<b>FB</b>	<b>FB</b>	<b>FB</b>															
<b>Clinical Location</b>	4N	3T	3T	DH														

**Comments:**

Week 2 (1a,b)- Great job managing patient care and prioritizing care based on comprehensive assessment. FB

Week 3 (1a,b,c)- Satisfactory with managing three patients during your patient management clinical experiences this week! Great job! FB

Week 4 (1c)- Great job evaluating the plan of care and patient needs to determine the order of care for several patients during this clinical rotation. FB

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

\*End-of- Program Student Learning Outcomes

**Objective**

2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care of diverse populations, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)\*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
<b>Competencies:</b>	S	S	S	NA														
a. Correlate relationships among disease process, patient’s history, patient symptoms, and present condition utilizing clinical judgment skills. <b>(Noticing, Interpreting, Responding)</b>																		
b. Monitor for potential risks and anticipate possible early complications. <b>(Noticing, Interpreting, Responding)</b>	S	S	S	NA														
c. Recognize changes in patient status and take appropriate action. <b>(Noticing, Interpreting, Responding)</b>	S	S	S	NA														
d. Formulate a prioritized nursing plan of care utilizing clinical judgment skills. <b>(Noticing, Interpreting, Responding, Reflecting) *</b>	S	S	S	NA														
e. Respect patient and family perspectives, values, and diversity when planning, giving, and adapting care. <b>(Responding)</b>	S	S	S	S														
<b>Faculty Initials</b>	<b>FB</b>	<b>FB</b>	<b>FB</b>															

**\*When completing the 4T Care Map CDG refer to the Care Map Rubric**

**Comments:**

Week 2(2a,b)- Great use of clinical judgement skills to determine patient needs, plan care for patients, and implement appropriate nursing interventions. FB

Week 3 (2a,b,d)- Great job with correlation of patient condition, pathophysiology of disease process, and monitoring of any possible complications. Based off assessments you were able to implement the plan of care for several patients. FB

Week 4 (2a,b)- Good use of clinical judgement as you correlate the relationship between patient’s disease process, current symptoms, and present condition. You are also assessing for potential risks and anticipating possible complications as you prioritize care for your assigned patients. Keep up the good work! FB

<b>Objective</b>																		
3. Plan leadership experiences with a mentor to impact team performance, patient safety, and quality indicators. (1,3,5,7,8)*																		
Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
<b>Competencies:</b>	S	S	S	NA														
a. Critique communication barriers among team members. <b>(Interpreting)</b>																		
b. Participate in QI, core measures, monitoring standards and documentation. <b>(Interpreting &amp; Responding)</b>	S	S	S	NA														
c. Discuss strategies to achieve fiscal responsibility in clinical practice. <b>(Responding)</b>	S	S	S	NA														
d. Clarify roles & accountability of team members related to delegation. <b>(Noticing)</b>	S	S	S	NA														
e. Determine the priority patient from assigned patient population. <b>(Interpreting) (Patient Mgmt.)</b>	S	S	S	NA														
<b>Faculty Initials</b>	<b>FB</b>	<b>FB</b>	<b>FB</b>															

**Comments:**

Week 2 (3d,e)- Great discussion, noticing accountability of delegation and the clarification of roles. You also did a great job interpreting facts to determine the need for prioritization of assigned patient during this clinical rotation. FB

Week 3 (3e) Great job with prioritizing the delivery of care to your assigned patients during the clinical experiences this week. FB

Week 4 (3d,e)- You have demonstrated the process of delegation, responsibility, and accountability of the interdisciplinary team members. Great job determining priority care of assigned patients. Keep up the great work! FB

**Objective**

4. Plan for a future in the nursing profession by analyzing information concerning employment, licensure, ethical, and legal issues in nursing focusing on accountability and respecting patient autonomy. (1,2,4,5,7)\*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
<b>Competencies:</b>	S	S	S	S														
a. Critique examples of legal or ethical issues observed in the clinical setting. (Interpreting)																		
b. Engage with patients and families to make autonomous decisions regarding healthcare. (Responding)	S	S	S	NA														
c. Exhibit professional behavior in appearance, responsibility, integrity and respect. (Responding)	S	S	S	S														
<b>Faculty Initials</b>	<b>FB</b>	<b>FB</b>	<b>FB</b>															

Objective 4a: Provide a comment for the highlighted competency each week. If no clinical experiences, put "NA" for that week.

**Comments:**

Week 2 4a: While on clinical, I did not notice any ethical or legal issues, however, I was able to go into a room with my nurse and the doctor to watch the patient sign a consent for surgery. This could have turned into an ethical issue, because had the nurse not gone in and witnessed the patient sign the consent form for the doctor, it would be questionable if the patient really signed it for themselves. Although the nurse cannot answer specific questions about the surgery, they were able to clarify some of the questions the patient may have, and also be a patient advocate. It was a good experience to be able to witness this because I have never had that opportunity before, and it was interesting to see how nurses are the ones responsible for witnessing a consent being signed.

Week 2 (4a)- Great example of a legal issue. As the RN we are there to witness, it is the physician's responsibility to discuss the procedure and any risks or complications with the patient. The patient must also be competent and not under the influence of any mind-altering medications. FB

Week 3 4a: I was able to notice a legal issue regarding one of my patient's. The issue was that the patient was calling members of his family and informing them about parts of his condition, but his he was slightly confused, they were not getting all of the information they wanted. Although it is okay for the patient to do this, this led to issues with his guardian, who was listed as his contact. Since she was the only one listed, she was the only one who received the code to be able to call his nurse and obtain information. The family members were trying to call in and get information from the nurse and an explanation as to why they were not listed as the contact, however, the nurse was not allowed to share any information, and said it was up to the patient to decide who was on the contact list. As a nurse, we are only allowed to give patient information to those who are on the list due to HIPPA. Great example, the patient is the one to decide who receives information. Often times individuals get irritated with nurses because we cannot give them information. If the patient is confused than the contact person should be the one to give the rest of the family information if appropriate. As healthcare professionals we can be fined, or terminated from our job. FB

\*End-of- Program Student Learning Outcomes

Week 4 4a: One of the patients I was caring for a 92-year-old female with dementia. The doctor tried to go into the room and discuss changing the patients code status from a full code to DNR to her family members, however, the family wanted to keep her a full code. Although the doctor and nurses may think it is best for the patient and the family to switch her code status, it is legally up to the legal guardian and family to make that decision since the patient is mentally not able to make the decision for herself. Therefore, we have to follow what the family says regarding her code status, even if some do not agree with it. **Correct we can provide education and list consequences, but we must leave our judgements out of the conversation. It is sometimes difficult especially if the patient may suffer from the actions the family insist on putting their loved ones through. FB**

Week 5 4a: While at digestive health, the biggest legal and ethical issue that I noticed were the consent forms. The nurse would go into the patient’s room and get everything ready for the procedure such as getting vitals, asking questions about their history, and starting an IV and fluids. Once they were done, they would leave a clipboard at the table at the end of the bed that had the consent form on it that the doctors needed to come in and have the patient sign. This could turn into a legal issue not only if the nurse would allow the patient to sign it, but also if the doctor performing the surgery does not explain the procedure to the patient. They have every right to know what the procedure is, and what to expect from it.

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

**Objective**

5. Construct methods for self-reflection and critiquing healthcare systems, processes, practices and regulations on a weekly basis. (7,8)\*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
<b>Competencies:</b>	S	S	S	S														
a. Reflect on your overall performance in the clinical area for the week. <b>(Responding)</b>																		
b. Demonstrate initiative in seeking new learning opportunities. <b>(Responding)</b>	S	S	S	S														
c. Describe factors that create a culture of safety (error reporting, communication, & standardization, etc. <b>(Interpreting)</b>	S	S	S	S														
d. Maintain the principles of asepsis and standard/infection control precautions <b>(Responding)</b>	S	S	S	S														
e. Practice use of standardized EBP tools that support safety and quality. <b>(Responding)</b>	S	S	S	S														

\*End-of- Program Student Learning Outcomes

f. Utilize faculty feedback to improve clinical performance. (Responding & Reflecting)	S	S	S	S														
<b>Faculty Initials</b>	<b>FB</b>	<b>FB</b>	<b>FB</b>															

**Comments:**

Week 2 (5a)- Reported on by assigned RN during clinical rotation 1/14/2025– Excellent in all areas. Student goals: Be able to feel comfortable taking on more than one patient and manage time well. Additional Preceptor comments: “Karli did a wonderful job with her patient today; excellent assessment and medication administration skills as well as great patient education.” SV/FB

Week 3 (5a)- Reported on by assigned RN during clinical rotation 1/21/2025– Excellent in all areas. Student goals: “Understand patients’ lab results more and why they’re pertinent to the patient’s status.” Additional Preceptor comments: “Did an amazing job! First time doing compressions today and kept it consistent did well with criticism to help her become an amazing nurse.” LC/FB Reported on by assigned RN during clinical rotation 1/22/2025- Excellent in all areas. Student goals: “My goal for next clinical is to try to seek out opportunities to start an IV, that way I can try to get more practice in the hospital setting.” No additional preceptor comments.” DS/FB

Week 4 (5a) Reported on by assigned RN during clinical rotation on 1/28/2025 –Excellent in all areas, except satisfactory for manager of care: delegation. Student goals: “Continue practicing time management skills tonot get overwhelmed.” No additional Preceptor comments. JF/FB Reported on by assigned RN during clinical rotation on 1/29/2025 – Excellent in all areas, except manager of care: delegation. Student goals: “Work on delegating tasks to help to decrease my workload.” No additional Preceptor comments. JF/FB

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

**Objective**

6. Engage with members of the healthcare team, patients, families, faculty, and peers through written, verbal and nonverbal methods, and by utilizing computer technology. (1,2,6,7,8)\*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
<b>Competencies:</b>	S	S	S	NA														
a. Establish collaborative partnerships with patients, families, and coworkers. <b>(Responding)</b>																		
b. Teach patients and families based on readiness to learn and discharge learning needs. <b>(Interpreting &amp; Responding)</b>	S	S	S	NA														
c. Collaborate and communicate with members of the healthcare team, patients, and families to achieve optimal patient outcomes. <b>(Responding)</b>	S	S	S	NA														
d. Deliver effective and concise hand-off reports. <b>(Responding) *</b>	S	S	S	NA														
e. Document interventions and medication administration correctly in the electronic medical record. <b>(Responding)</b>	S	S	S	NA														
f. Consistently and appropriately posts in clinical discussion groups. <b>(Responding and Reflecting)</b>	S	S	S	NA														
<b>Faculty Initials</b>	<b>FB</b>	<b>FB</b>	<b>FB</b>															

**\*When completing 4T Hand-Off Report see 4T Hand- Off Competency Rubric**

**Comments:**

Week 2 (6d) This competency was completed satisfactorily according to the hand-off report rubric, score of 30/30 points. RN comments: “Karli gave a very thorough and detailed report to the oncoming night shift nurse. Keep up the great work you’re doing, Karli!” SV/FB (6c) Great job with communication and collaboration skills demonstrated as you worked with assigned RN and other healthcare disciplines. FB

Week 3 (6f)- Satisfactory CDG posting related to your patient management clinical experiences this week! Keep up the great work! FB

\*End-of- Program Student Learning Outcomes

Week 4 (6e)- Great job with documenting accurately and appropriately for all aspects of care delivered. (6f) Great job with determining an educational plan for one of your assigned patients. Educational plan was thorough with all areas of CDG expectations met. FB

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

<b>Objective</b>																		
7. Devise methods utilized by nursing to develop the profession, advance the knowledge base, ensure accountability, and improve the outcomes of care delivery. (1,3,4,6,7,8)*																		
Weeks of Course:	2	3	4	5	6	7	8	Make up	Mid-term	9	10	11	12	13	14	15	Make up	Final
<b>Competencies:</b>	S	S	S	S														
a. Value the need for continuous improvement in clinical practice based on evidence. <b>(Responding)</b>	S	S	S	S														
b. Accountable for investigating evidence-based practice to improve patient outcomes. <b>(Responding)</b>	S	S	S	S														
c. Comply with the FRMCSN "Student Code of Conduct Policy." <b>(Responding)</b>	S	S	S	S														
d. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions. <b>(Responding)</b>	S	S	S	S														
<b>Faculty Initials</b>	<b>FB</b>	<b>FB</b>	<b>FB</b>															

**Comments:**

Week 3 (7a) Great job recognizing areas of improvement related to evidence-based practice and within your clinical practice. FB

Week 4 (7d)- Great job displaying a great attitude, commitment to provide optimal care, and enthusiasm for the caring of individuals at a very vulnerable and often difficult time of their lives. FB

**CRITERIA**

	<b>Meets Expectations 5</b>	<b>Needs Improvement 3</b>	<b>Does Not Meet Expectations 0</b>	<b>POINTS</b>
<b>Introduction Safety (1,2)*</b>	Introduction provided (includes patient name, room number etc.). Provides socioeconomic factors (e.g. social support), allergies, and alerts (falls, isolation, etc.)	Provides introduction and communicates most of the safety concerns of the patient.	Does not provide introduction and/or does not address the safety concerns of the patient.	
<b>Situation (3)*</b>	Presents chief complaint and current status (including code status, recent changes, and response to treatment).	Presents most information but missing pertinent data e.g. current status, changes etc.	Information is incomplete and/or disorganized. Not possible to understand and obtain an adequate and clear picture of the patient's situation.	
<b>Background (4)*</b>	Provides detailed and organized background information regarding presenting diagnosis and signs/symptoms; includes pertinent past medical and surgical history.	Provides background information but information disorganized and difficult to understand. Missing some information related to past medical and surgical history.	Background information is incomplete and/or inaccurate. Missing pertinent information related to past medical and surgical history	
<b>Assessment Laboratory/Diagnostic Testing (5)*</b>	Provides clear, concise, pertinent assessment information e.g. vital signs, cardiac assessment, respiratory assessment. Communicates pertinent laboratory and diagnostic information and relates findings to current diagnosis/presentation.	Provides assessment information but material is disorganized. Communicates laboratory and diagnostic findings but information is not specific. Example: states hemoglobin is low without stating specific number or why it is abnormal.	Assessment information is incomplete and needs improvement. Does not communicate findings in a way that can be understood.	
<b>Actions (4,5)*</b>	Explains interventions performed or required. Provides rationale.	Explains interventions performed/required but does not provide rationales.	Does not include all interventions performed and does not provide rationales.	
	Communicates and prioritizes any	Communicates all information but	Overall communication of hand-	

\*End-of- Program Student Learning Outcomes

<b>Communication Prioritization</b> (1,4,5,6)*	outstanding patient issues and the plan of care. Example: patient having change in mental status - would explain CT ordered. Includes patient teaching provided.	is slightly disorganized in presentation.	off report needs improvement. Incomplete report and/or disorganized in presentation

**\*Course Objectives**

**Comments:**

**Meditech Documentation:** Satisfactory participation of assessment documentation including physical re-assessment, safety and fall assessment, RN mechanical ventilator assessment, IV location assessment, and documentation editing. Great job! FB

**Physician Orders/SBAR:** Satisfactory completion of physician's order lab per the SBAR skills competency rubric: phone call to physician with SBAR report, receiving and reading back multiple physician orders, and hand-off report given to the next student in rotation. Discussion of the treatment, medications, and plan of care for a patient experiencing NSTEMI and STEMI. BS

**Prioritization/Delegation:** Satisfactory completion of the prioritization and delegation skills lab. You satisfactorily prioritized care for multiple patients using multiple methods (e.g. Maslow's hierarchy of needs, ABC, Nursing Process, etc.). You were able to appropriately delegate nursing tasks for patients, and you actively participated in the group discussion on delegation of nursing tasks. Great job! CB

**Resuscitation:** Satisfactory participation in the practice of Hands-Only CPR, discussion regarding use of and ventilation with bag-valve mask/Ambu bag, and review of crash cart and Code Blue team duties and documentation. AR

**IV Start:** Satisfactory participation in the IV Start lab, including practice with technique, initiation and discontinuation of IV site, and placement of IV dressing. FB/CB/BS

**Blood Admin/IV Pumps:** Satisfactory completion of practice with blood administration safety checks and quality assurance audit. Great job with IV pump practice, the use of the medication library, and pump set up of primary and secondary IV medication infusion. AR

**Central Line Dressing Change/Ports/Blood Draw:** Satisfactory central line dressing change participation providing proper technique guidelines, maintenance of central line ports, and line flushing. You were satisfactory in accessing and de-accessing an infusaport device, demonstrated proper technique on how to draw blood from a CVAD, and properly labeled a blood tube per hospital policy. Great job! CB

**Head to Toe Assessment:** Satisfactory completion of the Head to Toe Assessment. Great job! DW/BS

\*End-of- Program Student Evaluation/Comments: **ECG/Telemetry Placements/Hand-off report/CT:** Satisfactory participation with review of monitoring tutorial and placement of ECG/Telemetry patches and leads; satisfactory participation in review of Chest Tube/Atrium tutorial; satisfactory completion of handoff report activity. BS

**ECG Measurements:** Satisfactory participation in and practice of ECG measurements during the ECG Measurements Lab. You

**EVALUATION OF CLINICAL PERFORMANCE TOOL  
Advanced Medical Surgical Nursing- 2025**

**Firelands Regional Medical Center School of Nursing  
Sandusky, Ohio**

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
