

April 3<sup>rd</sup>, 2025

The Honorable Marcy Kaptur  
U.S. House Representative for Ohio

The Honorable Bernie Moreno  
U.S. Senator for Ohio

The Honorable Jon Husted  
U.S. Senator for Ohio

Dear Members of Congress:

I hope this letter finds you well. My name is Molly Plas, and I am currently a senior at Firelands Regional Medical Center School of Nursing in Sandusky, Ohio. I am writing to express my concern regarding access to affordable healthcare related to The Build Back Better Act which includes, expanding for ACA plans, expanding Medicaid, and lowering prescription drug costs. As a Citizen of Ohio, I urge you to support this critical legislation, as it has the potential to significantly improve access to affordable healthcare for millions of Americans.

Particularly, I am concerned about the growing barriers to healthcare access faced by low-income families and underserved communities in our area. With the lack of access to primary care services, many individuals and families are being forced to choose between their health and financial stability. This is a challenge that no one should have to face, and it is important that we take the appropriate steps to ensure that every American has access to the care they need.

I believe that capping prescription drug costs or expanding Medicaid coverage is a very important step in addressing these issues. It is moral that we work toward a healthcare system that is affordable, accessible, and equitable for all Americans. I asked that you take my concerns into account as you review this letter. Please stand up by supporting measures that improve access to healthcare for everyone, regardless of income or background. I would appreciate your thoughts on this issue and steps that you plan to take. Thank you for your time and consideration of this important issue. I look forward to seeing how you will advocate for policies that make healthcare more affordable and accessible for all Americans.

Sincerely,

Molly E. Plas
