EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing- 2025
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student: Mallory Jamison

Final Grade: Satisfactory/Unsatisfactory

Semester: Summer Session

Date of Completion:

Faculty: Brian Seitz MSN, RN, CNE, Nicholas Simonovich MSN, RN, Kelly Ammanniti MSN, RN, CHSE
Rachel Haynes MSN, RN
Teaching Assistant: Stacia Atkins BSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA).** The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

METHODS OF EVALUATION:

Clinical Patient Profile
Meditech Documentation
Evaluation of Clinical Performance Tool
Onsite Clinical Debriefing
Online Discussion Rubric
Nursing Process Recording Rubric
Geriatric Assessment Rubric
Lasater Clinical Judgment Rubric
Virtual Simulation scenarios
EBP Presentations
Hospice Reflection Journal
Observation of Clinical Performance
Clinical Nursing Therapy Group
Nursing Care Map Rubric

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
5/31/2025	1	Late Detox Center Survey	6/2/2025 (1H)

Initials	Faculty Name
BS	Brian Seitz MSN, RN, CNE
NS	Nicholas Simonovich, MSN, RN
KA	Kelly Ammanniti MSN, RN, CHSE
RH	Rachel Haynes MSN, RN
SA	Stacia Atkins BSN, RN

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Objective	
	1. Apply the principles of psychiatric theory in the care of adolescent to geriatric patients with a mental illness diagnosis. (1, 2, 3, 5, 6, 7, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	**Final**
Competencies: a. Demonstrate an understanding of the relationship between mental health, physical health, and environment for those patients diagnosed with a mental disorder. **(noticing)**	S	NA								
b. Correlate prescribed therapies, psychotherapy, and alternative therapies in relation to the patient's mental disorder. **(interpreting)**	S	NA								
c. Provide culturally and spiritually competent care within the scope of nursing that meets the needs of assigned patients from diverse cultural, racial and ethnic backgrounds. **(responding)**	S	NA								
d. Identify appropriate methods that will assist the patient to regain independence and achieve self-care **(noticing)**	S	NA								
e. Recognize social determinants of health and the relationship to mental health. **(reflecting)**	~~NA~~ S	NA								
f. Develop and implement an appropriate nursing therapy group activity. **(responding)**	NA	NA								
g. Develop a geriatric physical/mental health assessment and education plan. (**Geriatric Assessment**) **(responding)**										
Faculty Initials	NS									
Clinical Location	Detox Unit									

Comments:

5/9/2025

Week 1 1(d) – Nice job discussing methods identified in promoting independence and self-care in the detox facility. Good insight and examples provided. NS
Week 1 1(e) – Social determinants of health were discussed in the assigned CDG for the detox unit; therefore, this competency was changed to "S". NS

Objective

2. Synthesize concepts related to psychopathology, health assessment data, evidenced based practice and the nursing process using clinical judgment skills to plan and care for patients with mental illness. (1, 2, 3, 4, 5, 6, 7, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	**Final**
Competencies: a. Assemble a health history which includes past and current history of mental and medical health issues and chief reason for hospitalization. **(noticing)**	NA	NA								
b. Identify patient's subjective and objective findings including labs, diagnostic tests, and risk factors. **(noticing, recognizing)**	NA	NA								
c. Demonstrate ability to identify the patient's use of coping/defense mechanisms. **(noticing, interpreting)**	S	NA								
d. Formulate a prioritized nursing plan of care utilizing clinical judgment skills. **(noticing, interpreting, responding, reflecting)***	NA	NA								
e. Apply the principles of asepsis and standard precautions. **(responding)**	~~NA~~ S	NA								
f. Practice use of standardized EBP tools that support safety and quality. **(noticing, responding)**	~~NA~~ S	NA								
Faculty Initials	NS									

*When completing the 1South Care Map CDG & Geriatric Assessment refer to the Care Map Rubric.

Comments:

Week 1 2(e) – You discussed having the opportunity to perform wound care/dressing change during your experience. In doing so, you used the principles of asepsis and standard precautions to help maintain wound integrity, promote healing, and reduce the risk of infection. NS

Week 1 2(f) – You discussed the use of the CIWA and COWS scales for assessment of substance withdrawal in your CDG response. These are evidence-based tools aimed at supporting the safety and well-being of patient's experiencing withdrawal or detox from a substance. NS

Objective

3. Refine basic verbal and nonverbal therapeutic communication skills when interacting with patients, families, and members of the health care team. (1, 2, 3, 5, 7, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	**Final**
a. Illustrate professionally appropriate and therapeutic communication skills in interactions with patients, and families. **(responding)**	~~NA~~ S	NA								
b. Demonstrate professional and appropriate communication with the treatment team by observing the SBAR format for handoff communication during transition of care. **(responding)**	NA	NA								
c. Identify barriers to effective communication. **(noticing, interpreting)**	~~NA~~ S	NA								
d. Develop effective therapeutic responses. **(responding)**	~~NA~~ S	NA								
e. Develop a satisfactory patient-nurse therapeutic communication. (**Nursing Process Study) (responding, reflecting)**										
f. Posts respectfully and appropriately in clinical discussion groups. **(responding, reflecting)**	~~NA~~ S	NA								
g. Respect the privacy of patient health and medical information as required by federal HIPAA regulations. **(responding)**	~~NA~~ S	NA								
h. Teach patient/family based on readiness to learn and patient needs. **(responding, reflecting)**	NA	NA								
Faculty Initials	NS									

Comments:

Week 1 – Be sure to pay close attention when evaluating each competency for the given week. For example, you gave yourself an "NA" for posting your CDG appropriately. You completed the CDG assignment for the clinical assignment and posted appropriately. NS

Week 1 3(a,c,d) – You discussed the opportunity to interact and communicate with client's during your clinical experience, which differed from your expectations going in. Its great to hear that some of the client's were willing to allow you to participate in their care. In your discussion, you identified potential barriers to communication and benefitted from the opportunity to engage. NS

Week 1 3(f) – Good work with your CDG responses for the Detox unit question prompts. You provided great detail and supporting evidence. All criteria were met for a satisfactory evaluation. See my comments on your post for further details. NS

Objective

4. Demonstrate knowledge of frequently prescribed medications utilized in treating mental illness. (1, 4, 5, 6, 7)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	**Final**
a. Observe &/or administer medication while observing the six rights of medication administration. **(responding)**	NA	NA								
b. Demonstrate ability to discuss the uses and implication of psychotropic medications. **(responding, reflecting)**	NA	NA								
c. Identify the major classification of psychotropic medications. **(interpreting)**	NA	NA								
d. Identify common barriers to maintaining medication compliance. **(reflecting)**	NA	NA								
e. Explain the effects, adverse effects, nursing interventions and safety issues, related to the use of psychotropic medications. **(responding, reflecting)**	NA	NA								
Faculty Initials	NS									

Comments:

* End-of-Program Student Learning Outcomes

Objective

5. Develop an awareness of community Mental Health resources and services. (5, 6, 7, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	**Final**
a. Identify the need for the community resources-detox unit available to patients with a mental illness. **(noticing, interpreting)**	S	NA								
b. Discuss recommendations for referrals to appropriate community resources and agencies. **(reflecting)**	S	NA								
c. Collaborate with the Erie County Health Department Detox Unit while observing the care of a patient with mental illness-substance abuse. **(Community Agency Observation-Detox Unit) ****	S	NA								
d. Recognize and describe the need for substance abuse recovery resources. **(Alcoholics/Narcotics Anonymous at the Sandusky Artisans Recovery Center (Observation)**	NA	NA								
Faculty Initials	NS									

****Alternative Assignment Comments:**

* End-of-Program Student Learning Outcomes

Objective

6. Demonstrate satisfactory proficiency when using informatics and techniques in the assessment of patients with a mental illness diagnosis. (1, 2, 3, 4, 6, 8)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	**Final**
Competencies: a. Demonstrate competence in navigating the electronic health record. **(responding)**	NA	NA								
b. Demonstrate satisfactory documentation ~~of psychiatric assessments and nursing notes~~ utilizing the electronic health record. **(responding)**	NA	NA								
c. Demonstrate the use of technology to identify mental health resources. (**responding)**	NA	NA								
Faculty Initials	NS									

Comments:

* End-of-Program Student Learning Outcomes

Objective

7. Evaluate self-participation in patient care experiences with the focus on safety, ethical, legal, and professional responsibilities. (7)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	**Final**
a. Identify your strengths for care delivery of the patient with mental illness. **(reflecting)**	NA	NA								
b. Demonstrates effective use of strategies to reduce risk of harm to self or others. Create a safe environment for patient care. **(responding)**	S	NA								
c. Illustrate active engagement in self-reflection and debriefing. (**reflecting)**	S	NA								
d. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE" – attitude, commitment, and enthusiasm during all clinical interactions. **(responding)**	~~NA~~ S	NA								
e. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect. **(responding)**	~~NA~~ U	S								
f. Comply with the standards outlined in the FRMCSN policy, "Student Conduct While Providing Nursing Care." **(responding)**	~~NA~~ S	NA								
Faculty Initials	NS									

Objective 7a: Provide a comment for the highlighted competency each week of your 1 South clinical. Put "NA" for the weeks not assigned to 1 South.

Comments:

Week 1 7(d,f) – These competencies were all changed to "S" because they relate to the evaluations provided as satisfactory by the Detox center nurse. Each of these competencies relate to your participation and professionalism in all clinical experiences and interactions with client's and healthcare team members. NS

Week 1 7(e) – This competency was changed to a "U" due to late submission of the detox center survey as outlined in the syllabus. This was your first week in a new semester with outside clinical agencies and new requirements. You will get the hang of everything that is due each week. Be sure to utilize the syllabus to ensure all aspects are completed moving forward. If you have any questions just let me know. Be sure to address the "U" next week as outlined in the directions on the first page of the clinical tool. NS

* End-of-Program Student Learning Outcomes

Week 2 7(e): I received a U last week because I turned in my detox clinical survey in late. I was not paying good enough attention when we were going over the syllabus and clinical requirements in class, therefore leading to me having to pay the consequences of turning it in late. I now know to make sure I am listening and paying better attention in class so that I don't miss any important information or turn assignments in late.

EVALUATION OF CLINICAL PERFORMANCE TOOL

Psychiatric Nursing
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date:
