

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing- 2025
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student:

Yasmin Perez

Final Grade: Satisfactory/Unsatisfactory

Semester: Summer Session

Date of Completion:

Faculty: Brian Seitz MSN, RN, CNE, Nicholas Simonovich MSN, RN, Kelly Ammanniti MSN, RN, CHSE
Rachel Haynes MSN, RN
Teaching Assistant: Stacia Atkins BSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

METHODS OF EVALUATION:

Clinical Patient Profile
Meditech Documentation
Evaluation of Clinical Performance Tool
Onsite Clinical Debriefing
Online Discussion Rubric
Nursing Process Recording Rubric
Geriatric Assessment Rubric
Lasater Clinical Judgment Rubric
Virtual Simulation scenarios
EBP Presentations
Hospice Reflection Journal
Observation of Clinical Performance
Clinical Nursing Therapy Group
Nursing Care Map Rubric

ABSENCE (Refer to Attendance Policy)

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Objective										
	1. Apply the principles of psychiatric theory in the care of adolescent to geriatric patients with a mental illness diagnosis. (1, 2, 3, 5, 6, 7, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	N/A S	S	S							
a. Demonstrate an understanding of the relationship between mental health, physical health, and environment for those patients diagnosed with a mental disorder. (noticing)										
b. Correlate prescribed therapies, psychotherapy, and alternative therapies in relation to the patient's mental disorder. (interpreting)	N/A S	S	S							
c. Provide culturally and spiritually competent care within the scope of nursing that meets the needs of assigned patients from diverse cultural, racial and ethnic backgrounds. (responding)	S	S	S							
d. Identify appropriate methods that will assist the patient to regain independence and achieve self-care (noticing)	S	S	S							
e. Recognize social determinants of health and the relationship to mental health. (reflecting)	N/A	N/A	N/A							
f. Develop and implement an appropriate nursing therapy group activity. (responding)	N/A	N/A	N/A							
g. Develop a geriatric physical/mental health assessment and education plan. (Geriatric Assessment) (responding)										
Faculty Initials	KA	KA								
Clinical Location	Detox center	Artisans recovery								

Comments:

5/9/2025

Week 1 – 1a and b – You discussed aspects of mental health and addiction in your CDG post this week for your detox center experience. You discussed the different therapy groups utilized at the detox center. KA

Week 1 – 1c – You did a nice job discussing how the detox center tries to respect each patient's cultural and spiritual differences while they are admitted. You discussed how they made sure bibles were available and even obtained a Quran for a Muslim patient. KA

Week 1 – 1d – You did a nice job discussing the opportunities to demonstrate self-care while on the detox unit. You discussed taking their medications, making themselves something to eat, attending group therapy sessions, and getting adequate sleep. KA

Week 2 -1a – You recognized multiple risk factors associated with substance use disorder and discussed each of them thoroughly in your CDG response this week. You also discussed the impact of family dynamics on the likelihood of a person developing substance use disorder. KA

Week 2 – 1b – You discussed different characteristics you may see in individuals that are battling a substance use disorder. You discussed both personality traits and behaviors that could elude to a potential concern. KA

Week 2 – 1d – You highlighted the importance of the Sandusky Artisans and how it is an important resource in the community to help those with addiction and other mental health concerns. You also recognized that resources specific to those with mental health diagnosis are limited and that it is important to make sure adequate resources are available to help this population. KA

Objective										
2. Synthesize concepts related to psychopathology, health assessment data, evidenced based practice and the nursing process using clinical judgment skills to plan and care for patients with mental illness. (1, 2, 3, 4, 5, 6, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	N/A	N/A	N/A							
a. Assemble a health history which includes past and current history of mental and medical health issues and chief reason for hospitalization. (noticing)										
b. Identify patient's subjective and objective findings including labs, diagnostic tests, and risk factors. (noticing, recognizing)	N/A	N/A	N/A							
c. Demonstrate ability to identify the patient's use of coping/defense mechanisms. (noticing, interpreting)	N/A S	S	S							
d. Formulate a prioritized nursing plan of care utilizing clinical judgment skills. (noticing, interpreting, responding, reflecting)*	N/A	N/A	N/A							
e. Apply the principles of asepsis and standard precautions. (responding)	N/A	N/A	N/A							
f. Practice use of standardized EBP tools that support safety and quality. (noticing, responding)	N/A	N/A	N/A							
Faculty Initials	KA	KA								

*When completing the 1South Care Map CDG & Geriatric Assessment refer to the Care Map Rubric.

Comments:

Week 1 – 2c – You discussed aspects of mental health and how addiction can come from using drugs and alcohol as a coping/defense mechanism in your CDG post this week for your detox center experience. You also discussed the different types of positive coping mechanisms and self-care aspects implemented to help the patient during recovery. KA

Week 2 – 2c – You did a great job discussing current trends in mental health related to substance abuse. You pointed out how substance abuse is a major health issue and how medications such as fentanyl are being mixed with treat drugs. KA

Objective										
3. Refine basic verbal and nonverbal therapeutic communication skills when interacting with patients, families, and members of the health care team. (1, 2, 3, 5, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Illustrate professionally appropriate and therapeutic communication skills in interactions with patients, and families. (responding)	N/A S	S	S							
b. Demonstrate professional and appropriate communication with the treatment team by observing the SBAR format for handoff communication during transition of care. (responding)	N/A	n/a	N/A							
c. Identify barriers to effective communication. (noticing, interpreting)	N/A	n/a	N/A							
d. Develop effective therapeutic responses. (responding)	N/A	n/a	N/A							
e. Develop a satisfactory patient-nurse therapeutic communication. (Nursing Process Study) (responding, reflecting)										
f. Posts respectfully and appropriately in clinical discussion groups. (responding, reflecting)	N/A NI	S	S							
g. Respect the privacy of patient health and medical information as required by federal HIPAA regulations. (responding)	N/A S	S	S							
h. Teach patient/family based on readiness to learn and patient needs. (responding, reflecting)	N/A	N/A	N/A							
Faculty Initials	KA	KA								

Comments:

Week 3 a and g – You participated in group and therapeutically communicated with the patients while on clinical. You were also respectful of their privacy and kept there anonymity and followed the aspects of HIPAA in regards to their medical information. KA

Week 1 – 3f – You did a great job responding to all the questions related to your experience at the detox center this week. You were thorough and thoughtful with all your responses and were very reflective on your experience. You did not include an in-text citation, but did include a reference at the bottom of your

5/9/2025

post. Please remember you need to include both to receive a satisfactory in your discussion post. Overall you did a good job sharing your thoughts and experience. Keep up the nice work! KA

Week 2 - 3f - Yasmin, you were thorough with your responses to the CDG questions related to your Sandusky Artisan's experience. You supported your thoughts about substance abuse with an in-text citation and reference. Great job bringing up some good discussion points. Keep up the nice work! KA

Objective										
4. Demonstrate knowledge of frequently prescribed medications utilized in treating mental illness. (1, 4, 5, 6, 7)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Observe &/or administer medication while observing the six rights of medication administration. (responding)	N/A	N/A	N /A							
b. Demonstrate ability to discuss the uses and implication of psychotropic medications. (responding, reflecting)	N/A	N/A	N/A							
c. Identify the major classification of psychotropic medications. (interpreting)	N/A	N/A	N/A							
d. Identify common barriers to maintaining medication compliance. (reflecting)	N/A	N/A	N/A							
e. Explain the effects, adverse effects, nursing interventions and safety issues, related to the use of psychotropic medications. (responding, reflecting)	N/A	N/A	N/A							
Faculty Initials	KA	KA								

Comments:

* End-of-Program Student Learning Outcomes

Objective										
5. Develop an awareness of community Mental Health resources and services. (5, 6, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Identify the need for the community resources-detox unit available to patients with a mental illness. (noticing, interpreting)	S	S	S							
b. Discuss recommendations for referrals to appropriate community resources and agencies. (reflecting)	N/A S	S	S							
c. Collaborate with the Erie County Health Department Detox Unit while observing the care of a patient with mental illness-substance abuse. (Community Agency Observation-Detox Unit) **	S	N/A	N/A							
d. Recognize and describe the need for substance abuse recovery resources. (Alcoholics/Narcotics Anonymous at the Sandusky Artisans Recovery Center (Observation))	N/A S	S	N/A							
Faculty Initials	KA	KA								

****Alternative Assignment
Comments:**

Week 1 – 5a, c – You did a nice job discussing the purpose and importance of the detox center in our community. You did a thorough job describing the admission process to the detox unit. You discussed the prescreening process that occurs before the patient gets admitted and then the process that occurs once they have arrived. You also did a nice job discussing the nurse's role in the process and overall role on the detox unit. KA
 Week 1 – 5b – You discussed all the positive aspects of the detox center and how you would recommend it in the future to your patient's needing to undergo detox from substances. You did a nice job discussing all the positive impact this resource can have on a patient's recovery process. KA

* End-of-Program Student Learning Outcomes

Week 1 – 5d – You discussed aspects of mental health and addiction and the importance of resources to support individuals on their road to recovery in your CDG post this week for your detox center experience. KA

Week 2 – 5b, d – You discussed how the Sandusky Artisans is a great resource to help individual's with substance abuse. You discussed how the small group sizes and wealth of knowledge shared is very helpful when developing positive coping skills on individual's road to recovery. You also mentioned how the judgment free atmosphere made the meeting feel welcoming to all who attended. KA

Objective										
	6. Demonstrate satisfactory proficiency when using informatics and techniques in the assessment of patients with a mental illness diagnosis. (1, 2, 3, 4, 6, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	N/A	N/A	N/A							
a. Demonstrate competence in navigating the electronic health record. (responding)										
b. Demonstrate satisfactory documentation of psychiatric assessments and nursing notes utilizing the electronic health record. (responding)	N/A	N/A	N/A							
c. Demonstrate the use of technology to identify mental health resources. (responding)	N/A	N/A	N/A							
Faculty Initials	KA	KA								
Comments:										

* End-of-Program Student Learning Outcomes

Objective

7. Evaluate self-participation in patient care experiences with the focus on safety, ethical, legal, and professional responsibilities. (7)*

Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Identify your strengths for care delivery of the patient with mental illness. (reflecting)	N/A	N/A	N/A							
b. Demonstrates effective use of strategies to reduce risk of harm to self or others. Create a safe environment for patient care. (responding)	N/A	N/A	N/A							
c. Illustrate active engagement in self-reflection and debriefing. (reflecting)	S	S	S							
d. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE" – attitude, commitment, and enthusiasm during all clinical interactions. (responding)	N/A S	S	S							
e. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect. (responding)	N/A U	S	S							
f. Comply with the standards outlined in the FRMCSN policy, "Student Conduct While Providing Nursing Care." (responding)	N/A S	S	S							
Faculty Initials	KA	KA								

Objective 7a: Provide a comment for the highlighted competency each week of your 1 South clinical. Put "NA" for the weeks not assigned to 1 South.

Comments:

Week 1 – 7c – You were very thoughtful on your reflection of working with clients who are impacted by substance abuse and needing to be admitted to the detox center. This is a diagnosis that impacts so many and you recognized the benefits of resources such as the detox center to assist in the patient's road to recover. KA

Week 1 – 7e – You are receiving an unsatisfactory for this competency related to not completing your survey for your detox center experience. You are also receiving 1 hour of missed clinical per policy. Once you have completed the survey your 1 hour will be considered made up. Please also remember to make a comment on how you will prevent receiving a U in this competency in the future. KA

I did not realize that those surveys would have to be done with our clinical tool. I need to read my assignments more than once and double check that everything I need to submit is submitted.

Week 1 – 7d and f – These are two competencies you should be able to address with all clinical experiences. You maintain an ACE attitude and follow the student code of conduct whenever you are on clinical and working with patients and clients in all settings. KA

* End-of-Program Student Learning Outcomes

Week 2 – 7c – You were very thoughtful on your reflection of working with clients who are impacted by substance abuse. This is a diagnosis that impacts so many and you recognized the multiple implications that predisposes someone to becoming addicted to alcohol and other substances. KA

EVALUATION OF CLINICAL PERFORMANCE TOOL

Psychiatric Nursing
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
