

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing- 2025
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student:

Mallory Jamison

Final Grade: Satisfactory/Unsatisfactory

Semester: Summer Session

Date of Completion:

Faculty: Brian Seitz MSN, RN, CNE, Nicholas Simonovich MSN, RN, Kelly Ammanniti MSN, RN, CHSE
 Rachel Haynes MSN, RN
 Teaching Assistant: Stacia Atkins BSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

METHODS OF EVALUATION:

- Clinical Patient Profile
- Meditech Documentation
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Online Discussion Rubric
- Nursing Process Recording Rubric
- Geriatric Assessment Rubric
- Lasater Clinical Judgment Rubric
- Virtual Simulation scenarios
- EBP Presentations
- Hospice Reflection Journal
- Observation of Clinical Performance
- Clinical Nursing Therapy Group
- Nursing Care Map Rubric

ABSENCE (Refer to Attendance Policy)

| Date | Number of Hours | Comments | Make Up (Date/Time) |
|-----------|-------------------------------|--------------------------|---------------------|
| 5/31/2025 | 1 | Late Detox Center Survey | 6/2/2025 (1H) |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| Initials | Faculty Name | | |
| BS | Brian Seitz MSN, RN, CNE | | |
| NS | Nicholas Simonovich, MSN, RN | | |
| KA | Kelly Ammanniti MSN, RN, CHSE | | |
| RH | Rachel Haynes MSN, RN | | |
| SA | Stacia Atkins BSN, RN | | |

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

| Objective | | | | | | | | | | |
|--|---|-----|-------------------|--------------------------------------|----|---|---|---|---------|-------|
| | 1. Apply the principles of psychiatric theory in the care of adolescent to geriatric patients with a mental illness diagnosis. (1, 2, 3, 5, 6, 7, 8)* | | | | | | | | | |
| Weeks of Course: | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | Make Up | Final |
| Competencies: | S | NA | S | S | S | | | | | |
| a. Demonstrate an understanding of the relationship between mental health, physical health, and environment for those patients diagnosed with a mental disorder. (noticing) | S | NA | S | S | S | | | | | |
| b. Correlate prescribed therapies, psychotherapy, and alternative therapies in relation to the patient's mental disorder. (interpreting) | S | NA | S | S | S | | | | | |
| c. Provide culturally and spiritually competent care within the scope of nursing that meets the needs of assigned patients from diverse cultural, racial and ethnic backgrounds. (responding) | S | NA | S | S | S | | | | | |
| d. Identify appropriate methods that will assist the patient to regain independence and achieve self-care (noticing) | S | NA | S | S | S | | | | | |
| e. Recognize social determinants of health and the relationship to mental health. (reflecting) | NA S | NA | S | NA | S | | | | | |
| f. Develop and implement an appropriate nursing therapy group activity. (responding) | NA | NA | NA | NA | NA | | | | | |
| g. Develop a geriatric physical/mental health assessment and education plan. (Geriatric Assessment) (responding) | | | | S | | | | | | |
| Faculty Initials | NS | RH | SA | RH | | | | | | |
| Clinical Location | Detox Unit | N/A | Sandusky Artisans | Stein Hospice of the Western Reserve | 1S | | | | | |

Comments:

* End-of-Program Student Learning Outcomes

Week 1 1(d) – Nice job discussing methods identified in promoting independence and self-care in the detox facility. Good insight and examples provided. NS

Week 1 1(e) – Social determinants of health were discussed in the assigned CDG for the detox unit; therefore, this competency was changed to “S”. NS

Week 3(1a-e): Great job discussing risk factors for individuals fighting addiction and how therapies/meetings help with sobriety. SA

Week 4: 1(g)- See rubric for the Geriatric Assessment below. RH

| Objective | | | | | | | | | | |
|---|---------|----|----|----|----|---|---|---|---------|-------|
| 2. Synthesize concepts related to psychopathology, health assessment data, evidenced based practice and the nursing process using clinical judgment skills to plan and care for patients with mental illness. (1, 2, 3, 4, 5, 6, 7, 8)* | | | | | | | | | | |
| Weeks of Course: | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | Make Up | Final |
| Competencies: | NA | NA | NA | NA | S | | | | | |
| a. Assemble a health history which includes past and current history of mental and medical health issues and chief reason for hospitalization. (noticing) | NA | NA | NA | NA | S | | | | | |
| b. Identify patient's subjective and objective findings including labs, diagnostic tests, and risk factors. (noticing, recognizing) | NA | NA | NA | NA | S | | | | | |
| c. Demonstrate ability to identify the patient's use of coping/defense mechanisms. (noticing, interpreting) | S | NA | S | S | S | | | | | |
| d. Formulate a prioritized nursing plan of care utilizing clinical judgment skills. (noticing, interpreting, responding, reflecting)* | NA | NA | NA | NA | NA | | | | | |
| e. Apply the principles of asepsis and standard precautions. (responding) | NA S | NA | S | S | S | | | | | |
| f. Practice use of standardized EBP tools that support safety and quality. (noticing, responding) | NA S | NA | S | S | S | | | | | |
| Faculty Initials | NS | RH | SA | RH | | | | | | |

*When completing the 1South Care Map CDG & Geriatric Assessment refer to the Care Map Rubric.

Comments:

Week 1 2(e) – You discussed having the opportunity to perform wound care/dressing change during your experience. In doing so, you used the principles of asepsis and standard precautions to help maintain wound integrity, promote healing, and reduce the risk of infection. NS

Week 1 2(f) – You discussed the use of the CIWA and COWS scales for assessment of substance withdrawal in your CDG response. These are evidence-based tools aimed at supporting the safety and well-being of patient's experiencing withdrawal or detox from a substance. NS

Week 3 (2c): You did a good job discussing how individuals with substance abuse problems cope and handle situations they may encounter. SA

* End-of-Program Student Learning Outcomes

* End-of-Program Student Learning Outcomes

| Objective | | | | | | | | | | |
|---|---------|----|----|----|---|---|---|---|---------|-------|
| 3. Refine basic verbal and nonverbal therapeutic communication skills when interacting with patients, families, and members of the health care team. (1, 2, 3, 5, 7, 8)* | | | | | | | | | | |
| Weeks of Course: | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | Make Up | Final |
| a. Illustrate professionally appropriate and therapeutic communication skills in interactions with patients, and families. (responding) | NA S | NA | S | S | S | | | | | |
| b. Demonstrate professional and appropriate communication with the treatment team by observing the SBAR format for handoff communication during transition of care. (responding) | NA | NA | NA | S | S | | | | | |
| c. Identify barriers to effective communication. (noticing, interpreting) | NA S | NA | S | S | S | | | | | |
| d. Develop effective therapeutic responses. (responding) | NA S | NA | S | S | S | | | | | |
| e. Develop a satisfactory patient-nurse therapeutic communication. (Nursing Process Study) (responding, reflecting) | | | | NA | | | | | | |
| f. Posts respectfully and appropriately in clinical discussion groups. (responding, reflecting) | NA S | NA | S | S | S | | | | | |
| g. Respect the privacy of patient health and medical information as required by federal HIPAA regulations. (responding) | NA S | NA | NA | S | S | | | | | |
| h. Teach patient/family based on readiness to learn and patient needs. (responding, reflecting) | NA | NA | NA | NA | S | | | | | |
| Faculty Initials | NS | RH | SA | RH | | | | | | |

Comments:

Week 1 – Be sure to pay close attention when evaluating each competency for the given week. For example, you gave yourself an “NA” for posting your CDG appropriately. You completed the CDG assignment for the clinical assignment and posted appropriately. NS

* End-of-Program Student Learning Outcomes

Week 1 3(a,c,d) – You discussed the opportunity to interact and communicate with client’s during your clinical experience, which differed from your expectations going in. Its great to hear that some of the client’s were willing to allow you to participate in their care. In your discussion, you identified potential barriers to communication and benefitted from the opportunity to engage. NS

Week 1 3(f) – Good work with your CDG responses for the Detox unit question prompts. You provided great detail and supporting evidence. All criteria were met for a satisfactory evaluation. See my comments on your post for further details. NS

Week 3(3f): Great job on your cdg this week! Each question was answered thoroughly, meeting all requirements. SA

Objective

4. Demonstrate knowledge of frequently prescribed medications utilized in treating mental illness. (1, 4, 5, 6, 7)*

| Weeks of Course: | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | Make Up | Final |
|---|----|----|----|----|----|---|---|---|---------|-------|
| a. Observe &/or administer medication while observing the six rights of medication administration. (responding) | NA | NA | NA | NA | NA | | | | | |
| b. Demonstrate ability to discuss the uses and implication of psychotropic medications. (responding, reflecting) | NA | NA | NA | NA | S | | | | | |
| c. Identify the major classification of psychotropic medications. (interpreting) | NA | NA | NA | NA | S | | | | | |
| d. Identify common barriers to maintaining medication compliance. (reflecting) | NA | NA | NA | NA | S | | | | | |
| e. Explain the effects, adverse effects, nursing interventions and safety issues, related to the use of psychotropic medications. (responding, reflecting) | NA | NA | NA | NA | S | | | | | |
| Faculty Initials | NS | RH | SA | RH | | | | | | |

Comments:

Week 4: 4(a)- Did the nurse you were with not administer any medication this week? This competency also says “observe” so if you were able to observe them administering medication, this should be changed to “S” but if not, it can remain “N/A” RH

* End-of-Program Student Learning Outcomes

Objective

5. Develop an awareness of community Mental Health resources and services. (5, 6, 7, 8)*

| Weeks of Course: | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | Make Up | Final |
|---|----|----|--------------------|----|----|---|---|---|---------|-------|
| a. Identify the need for the community resources-detox unit available to patients with a mental illness. (noticing, interpreting) | S | NA | NA S | NA | NA | | | | | |
| b. Discuss recommendations for referrals to appropriate community resources and agencies. (reflecting) | S | NA | S | S | NA | | | | | |
| c. Collaborate with the Erie County Health Department Detox Unit while observing the care of a patient with mental illness-substance abuse. (Community Agency Observation-Detox Unit) ** | S | NA | NA | NA | NA | | | | | |
| d. Recognize and describe the need for substance abuse recovery resources. (Alcoholics/Narcotics Anonymous at the Sandusky Artisans Recovery Center (Observation)) | NA | NA | S | NA | NA | | | | | |
| Faculty Initials | NS | RH | SA | RH | | | | | | |

****Alternative Assignment Comments:**

Week 3(5a,b,d): Great job attending the Sandusky Artisan’s and participating in a meeting with individuals facing substance abuse challenges. SA

* End-of-Program Student Learning Outcomes

Objective

6. Demonstrate satisfactory proficiency when using informatics and techniques in the assessment of patients with a mental illness diagnosis. (1, 2, 3, 4, 6, 8)*

| Weeks of Course: | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | Make Up | Final |
|--|----|----|----|----|----|---|---|---|---------|-------|
| Competencies: | NA | NA | NA | NA | S | | | | | |
| a. Demonstrate competence in navigating the electronic health record. (responding) | NA | NA | NA | NA | S | | | | | |
| b. Demonstrate satisfactory documentation of psychiatric assessments and nursing notes utilizing the electronic health record. (responding) | NA | NA | NA | NA | NA | | | | | |
| c. Demonstrate the use of technology to identify mental health resources. (responding) | NA | NA | NA | NA | S | | | | | |
| Faculty Initials | NS | RH | SA | RH | | | | | | |

Comments:

* End-of-Program Student Learning Outcomes

| Objective | | | | | | | | | | |
|---|--------------------|----|--------------------|----|---|---|---|---|---------|-------|
| 7. Evaluate self-participation in patient care experiences with the focus on safety, ethical, legal, and professional responsibilities. (7)* | | | | | | | | | | |
| Weeks of Course: | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | Make Up | Final |
| a. Identify your strengths for care delivery of the patient with mental illness. (reflecting) | NA | NA | NA | NA | S | | | | | |
| b. Demonstrates effective use of strategies to reduce risk of harm to self or others. Create a safe environment for patient care. (responding) | S | NA | NA S | S | S | | | | | |
| c. Illustrate active engagement in self-reflection and debriefing. (reflecting) | S | NA | S | S | S | | | | | |
| d. Incorporate the core values of caring, diversity, excellence, integrity, and “ACE” – attitude, commitment, and enthusiasm during all clinical interactions. (responding) | NA S | NA | S | S | S | | | | | |
| e. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect. (responding) | NA U | S | S | S | S | | | | | |
| f. Comply with the standards outlined in the FRMCSN policy, “Student Conduct While Providing Nursing Care.” (responding) | NA S | NA | S | S | S | | | | | |
| Faculty Initials | NS | RH | SA | RH | | | | | | |

Objective 7a: Provide a comment for the highlighted competency each week of your 1 South clinical. Put “NA” for the weeks not assigned to 1 South.

Comments:

Week 1 7(d,f) – These competencies were all changed to “S” because they relate to the evaluations provided as satisfactory by the Detox center nurse. Each of these competencies relate to your participation and professionalism in all clinical experiences and interactions with client’s and healthcare team members. NS

Week 1 7(e) – This competency was changed to a “U” due to late submission of the detox center survey as outlined in the syllabus. This was your first week in a new semester with outside clinical agencies and new requirements. You will get the hang of everything that is due each week. Be sure to utilize the syllabus to ensure all aspects are completed moving forward. If you have any questions just let me know. Be sure to address the “U” next week as outlined in the directions on the first page of the clinical tool. NS

* End-of-Program Student Learning Outcomes

Week 2 7(e): I received a U last week because I turned in my detox clinical survey in late. I was not paying good enough attention when we were going over the syllabus and clinical requirements in class, therefore leading to me having to pay the consequences of turning it in late. I now know to make sure I am listening and paying better attention in class so that I don't miss any important information or turn assignments in late.

Week 3(7c): Great job this week reflecting on your clinical experience and your thoughts/feelings related to substance abuse. SA

Week 4 7(c)- Great job with your reflection journal on your hospice experience. I would also be interested to hear how the patient who did not want to be embalmed was transferred quickly to meet that time frame. It sounds like you were able to learn a lot from this experience. RH

Week 5 7(a): A strength I felt like I had in delivering care to the patient with a mental illness this week was that I was outgoing and willing to sit at the tables with patients sitting with them at group and while they were coloring, and I talked to multiple different patients and got them to break the ice with me. One in particular opened up with me about how he recognizes he needs help with his mental health and that even though he doesn't want to be in 1S, he knows he needs to. I felt like it was a very therapeutic conversation.

Geriatric Assessment Rubric
2025

Student Name: Mallory Jamison

Date: 6/19/25

Clinical Assessment Rubric

Mental/Physical Health Status Assessment

| | Points Possible | Points Received |
|---|-----------------|-----------------|
| Physical Assessment | 4 | 4 |
| Geriatric Depression Scale (short form) Assessment | 4 | 4 |
| Short Portable mental status questionnaire | 4 | 4 |
| Geriatric Health Questionnaire | 2 | 2 |
| Time and change test | 4 | 4 |
| Cognitive Assessment (Clock Drawing) | 4 | 4 |
| Falls Risk Assessment (Get Up and Go) | 4 | 4 |
| Brief Pain inventory (Short form) | 2 | 2 |
| Nutrition Assessment (Determine Your Nutritional Health) | 4 | 0 |
| Instrumental ADL/ Index of Independence in ADL | 4 | 4 |
| Medication Assessment | 4 | 4 |
| <p>You did a nice job assessing your client. You identified the patient is having a high fall risk with the remainder of the other assessments within normal limits. You did not turn in a completed nutrition assessment for your client. You also identified one of their medications being on the BEERS list. On the physical assessment portion, you could have put NA in a few of the areas noting they were not applicable instead of leaving them blank, but other than that you were thorough with filling it out. KA</p> | | |
| Points | 40 | 36 |

Education Assessment

| | Points Possible | Points Received |
|---|-----------------|-----------------|
| Learning Needs (Purpose) Identified and Prioritized (3) | 10 | 10 |
| Goals and Outcomes Identified (2) | 5 | 5 |
| Points | 15 | 15 |
| <p>You identified promoting nutrition, increasing</p> | | |

| | | |
|---|--|--|
| exercise to improve strength and fall risk, and promoting socialization as your education priorities for your client. This matches the client assessment findings. You identified appropriate goals and outcomes for each learning need. KA | | |
|---|--|--|

Education Plan

| | Points Possible | Points Received |
|--|-----------------|-----------------|
| Teaching Content | 10 | 10 |
| Methods of Instruction | 10 | 10 |
| Education Resources attached | 10 | 10 |
| Barriers to Education Plan | 5 | 5 |
| Evaluation of Education Plan | 10 | 10 |
| Points | 45 | 45 |
| Your education plan was well thought out and individualized to your client. KA | | |

| | | |
|---|-----|-----|
| An in-text citation and reference are required. | --- | --- |
|---|-----|-----|

Total Points 96/100

You must receive a total of 77 out of 100 points to receive a “S” grade on the Evaluation of Clinical Performance tool. Due date can be located on the clinical schedule.

*Students that are not satisfactory after 2 attempts will be required to meet with course faculty for remediation. *

Mallory, you satisfactorily completed your Geriatric Assessment. Great job! KA

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
