

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing- 2025
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student: Malone Phillips
Satisfactory/Unsatisfactory

Final Grade:

Semester: Summer Session

Date of Completion:

Faculty: Brian Seitz MSN, RN, CNE, Nicholas Simonovich MSN, RN, Kelly Ammanniti MSN, RN, CHSE
Rachel Haynes MSN, RN
Teaching Assistant: Stacia Atkins BSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

METHODS OF EVALUATION:

Clinical Patient Profile
Meditech Documentation
Evaluation of Clinical Performance Tool
Onsite Clinical Debriefing
Online Discussion Rubric
Nursing Process Recording Rubric
Geriatric Assessment Rubric
Lasater Clinical Judgment Rubric
Virtual Simulation scenarios
EBP Presentations
Hospice Reflection Journal
Observation of Clinical Performance
Clinical Nursing Therapy Group
Nursing Care Map Rubric

----	-----------------------

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Objective										
	1. Apply the principles of psychiatric theory in the care of adolescent to geriatric patients with a mental illness diagnosis. (1, 2, 3, 5, 6, 7, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	S	S	S	S	NA					
a. Demonstrate an understanding of the relationship between mental health, physical health, and environment for those patients diagnosed with a mental disorder. (noticing)										
b. Correlate prescribed therapies, psychotherapy, and alternative therapies in relation to the patient's mental disorder. (interpreting)	NA	S	S	S	NA					
c. Provide culturally and spiritually competent care within the scope of nursing that meets the needs of assigned patients from diverse cultural, racial and ethnic backgrounds. (responding)	S	S	NA	S	NA					
d. Identify appropriate methods that will assist the patient to regain independence and achieve self-care (noticing)	S	NA	S	S	NA					
e. Recognize social determinants of health and the relationship to mental health. (reflecting)	S	S	S	S	NA					
f. Develop and implement an appropriate nursing therapy group activity. (responding)	NA	NA	NA	NA	NA					
g. Develop a geriatric physical/mental health assessment and education plan. (Geriatric Assessment) (responding)				S						
Faculty Initials	NS	RH	BS	KA						
Clinical Location	Erie County Health Center Detox Unit	Hospice	Sandusky Artisans	1-South	NA					

Comments:

5/9/2025

Week 1 1(a) – Throughout your CDG response related to the detox center you did well to discuss the relationship between mental health, physical health, and the environment for those with substance use disorders. NS

Week 1 1(d) – Nice job discussing methods identified in promoting independence and self-care in the detox facility. Good insight and examples provided. NS

Week 1 1(e) – Social determinants of health were discussed in the assigned CDG for the detox unit; therefore, this competency was changed to “S”. NS

Week 3- 1a- You did a great job identifying and discussing various risk factors often associated with substance abuse and some of the family dynamics often prevalent when substance abuse is present. 1b- You also discussed some of the characteristics that are often present in those with substance abuse issues. 1d- Nice work discussing the need for mental health programs and strategies to help those in recovery. Examples of several programs were also included. BS

Week 4 – 1 a – You did a nice job discussing your patient’s admitting diagnosis of psychosis and the pathophysiology of the disease process. KA

Week 4 – 1c – You did a nice job describing the current state of the milieu and how it impacted your patient’s behaviors and participation on the unit. KA

Week 4 – 1e – You did a nice job discussing social determinates of health in relation to your patient. You identified family support as being a positive factor and emotional stability as being a negative factor as being SDOH factors that are impacting your patient’s ability to manage their mental health. KA

Week 4 – 1g – You satisfactorily completed your geriatric assessment. Please see comments in the rubric at the end of your tool for details. KA

Objective										
2. Synthesize concepts related to psychopathology, health assessment data, evidenced based practice and the nursing process using clinical judgment skills to plan and care for patients with mental illness. (1, 2, 3, 4, 5, 6, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	NA	S	NA	S	NA					
a. Assemble a health history which includes past and current history of mental and medical health issues and chief reason for hospitalization. (noticing)	NA	S	NA	S	NA					
b. Identify patient's subjective and objective findings including labs, diagnostic tests, and risk factors. (noticing, recognizing)	NA	S	NA	S	NA					
c. Demonstrate ability to identify the patient's use of coping/defense mechanisms. (noticing, interpreting)	NA	S	S	S	NA					
d. Formulate a prioritized nursing plan of care utilizing clinical judgment skills. (noticing, interpreting, responding, reflecting)*	NA	NA	NA	S	NA					
e. Apply the principles of asepsis and standard precautions. (responding)	NA	S	NA	S	NA					
f. Practice use of standardized EBP tools that support safety and quality. (noticing, responding)	NA	S	NA	S	NA					
Faculty Initials	NS	RH	BS	KA						

*When completing the 1South Care Map CDG & Geriatric Assessment refer to the Care Map Rubric.

Comments:

Week 3- 2c- You did a nice job discussing the current trends in substance abuse that are prevalent across the country. BS

Week 4 – 2 a & b – You did a nice job discussing your patient's medical and psychiatric history. You discussed how it related to the patient's current admission and signs and symptoms. You also discussed the importance of monitoring the patient's labs including the patient's glucose, cholesterol levels, and toxicology screen. KA

Week 4 – 2f – You did a nice job discussing a culture of safety on 1 South being created through the usage of EBP tools and the staff being up-to-date on unit specific education. You also discussed all staff members putting safety first when interacting with the patient and the environment on 1 South. KA

Objective										
3. Refine basic verbal and nonverbal therapeutic communication skills when interacting with patients, families, and members of the health care team. (1, 2, 3, 5, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Illustrate professionally appropriate and therapeutic communication skills in interactions with patients, and families. (responding)	S	S	S	S	NA					
b. Demonstrate professional and appropriate communication with the treatment team by observing the SBAR format for handoff communication during transition of care. (responding)	NA	S	NA	S	NA					
c. Identify barriers to effective communication. (noticing, interpreting)	S	S	S	S	NA					
d. Develop effective therapeutic responses. (responding)	NA	S	S	S	NA					
e. Develop a satisfactory patient-nurse therapeutic communication. (Nursing Process Study) (responding, reflecting)				NA						
f. Posts respectfully and appropriately in clinical discussion groups. (responding, reflecting)	S	S	S	S	NA					
g. Respect the privacy of patient health and medical information as required by federal HIPAA regulations. (responding)	S	S	S	S	NA					
h. Teach patient/family based on readiness to learn and patient needs. (responding, reflecting)	NA	S	NA	S	NA					
Faculty Initials	NS	RH	BS	KA						

Comments:

Week 1 – Be sure to pay close attention when evaluating each competency for the given week. For example, you gave yourself an “NA” for posting your CDG appropriately. You completed the CDG assignment for the clinical assignment and posted appropriately. NS

5/9/2025

Week 1 3(a,c,d) – You discussed the opportunity to interact and communicate with client’s during your clinical experience. It’s great to hear that some of the clients were willing to allow you to participate in their care. In your discussion, you identified potential barriers to communication and benefitted from the opportunity to engage. NS

Week 1 3(f) – Good work with your CDG responses for the Detox unit question prompts. You provided great detail and supporting evidence. All criteria were met for a satisfactory evaluation. See my comments on your post for further details. NS

Week 3- 3f- Nice work on your CDG this week. Your responses to the questions were thorough and well thought-out. BS

Week 4 – 3 c – You identified your patient as having general difficulties with communication and active delusions as being barriers that effected therapeutic communication with your patient. You discussed utilizing clear concise statements to help with the communication barrier you experienced with your patient. KA

Week 4 – 3f – Malone, you did a nice job responding to all the CDG questions for days 1 and 2 of your 1 South clinical experience. You were thorough and thoughtful with your responses. You included an in-text citation and reference for both postings and fully explained your thought process. Keep up the wonderful work! KA

Objective										
4. Demonstrate knowledge of frequently prescribed medications utilized in treating mental illness. (1, 4, 5, 6, 7)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Observe &/or administer medication while observing the six rights of medication administration. (responding)	NA	S	NA	S	NA					
b. Demonstrate ability to discuss the uses and implication of psychotropic medications. (responding, reflecting)	NA	S	NA	S	NA					
c. Identify the major classification of psychotropic medications. (interpreting)	NA	S	NA	S	NA					
d. Identify common barriers to maintaining medication compliance. (reflecting)	NA	S	NA	S	NA					
e. Explain the effects, adverse effects, nursing interventions and safety issues, related to the use of psychotropic medications. (responding, reflecting)	NA	S	NA	S	NA					
Faculty Initials	NS	RH	BS	KA						

Comments:

Week 4 – 4b, c, & e – You discussed the multiple medications your patient was taken along with their implications for use, common side effects, and important nursing assessment and interventions for each. KA

Week 4 – 4d – You were able to identify barriers a patient may have in maintaining compliance with taking their medications. You included side effects, forgetfulness, and cost as being barriers to compliance. KA

* End-of-Program Student Learning Outcomes

Objective										
5. Develop an awareness of community Mental Health resources and services. (5, 6, 7, 8)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Identify the need for the community resources-detox unit available to patients with a mental illness. (noticing, interpreting)	S	NA	S	NA	NA					
b. Discuss recommendations for referrals to appropriate community resources and agencies. (reflecting)	S	NA	S	S	NA					
c. Collaborate with the Erie County Health Department Detox Unit while observing the care of a patient with mental illness-substance abuse. (Community Agency Observation-Detox Unit) **	S	NA	NA	NA	NA					
d. Recognize and describe the need for substance abuse recovery resources. (Alcoholics/Narcotics Anonymous at the Sandusky Artisans Recovery Center (Observation))	NA	NA	S	NA	NA					
Faculty Initials	NS	RH	BS	KA						

****Alternative Assignment
Comments:**

Week 3- 5b,d- You did a great job describing the setting at the meeting you attended at the Sandusky Artisans Recovery Center. It sounds like it was a positive experience and that you learned a lot. It really is a wonderful resource for those who are trying to get/stay sober. Nice work! BS

* End-of-Program Student Learning Outcomes

Objective										
	6. Demonstrate satisfactory proficiency when using informatics and techniques in the assessment of patients with a mental illness diagnosis. (1, 2, 3, 4, 6, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
Competencies:	NA	NA	NA	S	NA					
a. Demonstrate competence in navigating the electronic health record. (responding)	NA	NA	NA	S	NA					
b. Demonstrate satisfactory documentation utilizing the electronic health record. (responding)	NA	NA	NA	NA	NA					
c. Demonstrate the use of technology to identify mental health resources. (responding)	NA	NA	NA	NA	NA					
Faculty Initials	NS	RH	BS	KA						

Comments:

Week 4 – 6a – You researched your patient using the electronic health record. You gathered all the necessary data to help put the pieces together related to your patient’s admission and medical history. KA

Objective										
7. Evaluate self-participation in patient care experiences with the focus on safety, ethical, legal, and professional responsibilities. (7)*										
Weeks of Course:	1	2	3	4	5	6	7	8	Make Up	Final
a. Identify your strengths for care delivery of the patient with mental illness. (reflecting)	NA	NA	NA	S	NA					
b. Demonstrates effective use of strategies to reduce risk of harm to self or others. Create a safe environment for patient care. (responding)	S	S	S	S	NA					
c. Illustrate active engagement in self-reflection and debriefing. (reflecting)	S	S	S	S	NA					
d. Incorporate the core values of caring, diversity, excellence, integrity, and “ACE” – attitude, commitment, and enthusiasm during all clinical interactions. (responding)	S	S	S	S	NA					
e. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect. (responding)	S	S	S	S	NA					
f. Comply with the standards outlined in the FRMCSN policy, “Student Conduct While Providing Nursing Care.” (responding)	S	S	S	S	NA					
Faculty Initials	NS	RH	BS	KA						

Objective 7a: Provide a comment for the highlighted competency each week of your 1 South clinical. Put “NA” for the weeks not assigned to 1 South.

Comments:

Week 1 7(b,d,e,f) – These competencies were all changed to “S” because they relate to the evaluations provided as satisfactory by the Detox center nurse. Each of these competencies relate to your participation and professionalism in all clinical experiences and interactions with client’s and healthcare team members. NS

Week 2: 7 (c)- Your reflection of your hospice experience was very thorough. You discussed your personal experience with hospice giving you some anxiety and nervousness for the day, but you were able to keep an open mind for the day to learn a variety of new things. Your explanation of how you felt when your patient passed away and how you empathized with the family was so detailed and I am glad you were able to have this type of reflection/thought process of your experience. Great job this week! RH

Week 3- 7c- You provided a thorough reflection of your experience at the Sandusky Artisans Recovery Center experience, nice work! BS

* End-of-Program Student Learning Outcomes

Week 4

- 7a: This week, my strengths in caring for a patient with a mental illness included providing empathetic communication and support, all while having patience with those who exhibit challenging behaviors. Nice job Malone! KA
- Week 4 – 7b – You did a nice job discussing factors that promote a culture of safety on the psychiatric unit and worked with your classmates to promote safety while on clinical. KA

Date or Clinical Week:							
Criteria		3	2	1	0	Points Earned	Comments
Noticing	1. Identify all abnormal assessment findings (subjective and objective); include specific patient data.	(lists at least 7*) *provides explanation if < 7	(lists 5-6)	(lists 5-7 but no specific patient data included)	(lists < 5 or gives no explanation)		
	2. Identify all abnormal lab findings/diagnostic tests; include specific patient data.	(lists at least 3*) *provides explanation if < 3		(lists 3 but no specific patient data included)	(lists < 3 or gives no explanation)		
	3. Identify all risk factors relevant to the patient.	(lists at least 5*) *provides explanation if < 5	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)		
Interpreting	4. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	5. State the goal for the top nursing priority.	Complete			Not complete		
	6. Highlight all of the related/relevant data from the Noticing boxes that support the top priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	7. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)		
	8. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists 2)		(lists < 2)		
Responding	9. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	10. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete		
	11. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete		
	12. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete		

Criteria		3	2	1	0	Points Earned	Comments
	13. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete		
Reflecting	14. List all of the highlighted reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete		
	15. Evaluation includes one of the following statements: - Continue plan of care - Modify plan of care - Terminate plan of care	Complete			Not complete		

Reference

An in-text citation and reference are required.

The care map will be graded “needs improvement” if missing either the in-text citation or reference, but not both.

The care map will be graded “unsatisfactory” if no in-text citation or reference is included.

Total Possible Points= 45 points
45-35 points = Satisfactory
34-23 points = Needs Improvement*
< 23 points = Unsatisfactory*

***Total points adding up to less than or equal to 34 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines.**

*****Students that are not satisfactory after 2 attempts will be required to meet with course faculty for remediation. *****

Firelands Regional Medical Center School of Nursing
Nursing Care Map Rubric- Geriatric Assessment

Student Name: Malone Phillips				Course 2			
Date or Clinical Week: Week 4				Objective:			
Criteria		3	2	1	0	Points Earned	Comments
Noticing	1. Identify all abnormal assessment findings (subjective and objective); include specific patient data.	(lists at least 7*) *provides explanation if < 7	(lists 5-6)	(lists 5-7 but no specific patient data included)	(lists < 5 or gives no explanation)	3	16 abnormal assessment findings were identified and listed based on the geriatric assessment tools utilized and physical assessment performed.
	2. Identify all abnormal lab findings/diagnostic tests; include specific patient data.	(lists at least 3*) *provides explanation if < 3		(lists 3 but no specific patient data included)	(lists < 3 or gives no explanation)	3	Appropriately stated that no lab findings or diagnostic testing was available.
	3. Identify all risk factors relevant to the patient.	(lists at least 5*) *provides explanation if < 5	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)	3	10 relevant risk factors were identified based on the patient medical and psychosocial history.
Interpreting	4. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	Four priority nursing diagnoses were listed, with chronic pain identified as the top priority problem. This was supported by identifying 10/10 pain at its worst with the brief pain inventory short form questionnaire and patient reports of limited mobility as a result of the pain.
	5. State the goal for the top nursing priority.	Complete			Not complete	3	
	6. Highlight all of the related/relevant data from the Noticing boxes that support the top priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	7. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)	3	A SMART goal was identified, directly related to the priority problem of chronic pain.
	8. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists 2)		(lists < 2)	3	Three potential complications related to chronic pain were identified. Specific signs and symptoms were listed to monitor for related to the potential complications.
Responding	9. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete	3	A detailed list of interventions were identified, directly related to the priority problem of chronic pain. Interventions were prioritized appropriately, with assessment interventions taking highest priority. Each listed intervention included an appropriate frequency. Listed interventions were individualized including the use of provided assessment tools for the geriatric assessment and were realistic to the patient situation.
	10. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	11. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
	12. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete	3	
Criteria		3	2	1	0	Points Earned	Comments
	13. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete	3	Detailed rationale was included for each listed intervention.

Reflecting	14. List all of the highlighted reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete	3	Updated assessment findings following the implementation of the education plan were provided, including notation of improvement following interventions performed. Based on the findings, it was appropriately determined to continue the plan of care for chronic pain.
	15. Evaluation includes one of the following statements: - Continue plan of care - Modify plan of care - Terminate plan of care	Complete			Not complete	3	
Reference An in-text citation and reference are required. The care map will be graded “needs improvement” if missing either the in-text citation or reference, but not both. The care map will be graded “unsatisfactory” if no in-text citation or reference is included.							
Total Possible Points= 45 points 45-35 points = Satisfactory 34-23 points = Needs Improvement* < 23 points = Unsatisfactory* *Total points adding up to less than or equal to 34 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines. ***Students that are not satisfactory after 2 attempts will be required to meet with course faculty for remediation. *** Faculty/Teaching Assistant Comments: Great job with your care map focused on chronic pain as it related to your geriatric assessment findings. You supported your priority problem with relevant details and interventions aimed at improving the management of his chronic pain. Very well done!						Total Points: 45/45 – satisfactory	
						Faculty/Teaching Assistant Initials: NS	

Nursing Process Grading Rubric
Firelands Regional Medical Center School of Nursing
Psychiatric Nursing
2025

Student Name:

Clinical Date:

Criterion #1 Process Recording is organized and neatly completed (5 points total) • Typed process recording (2) • Correct grammar and spelling (3)	Total Points: Comments:
Criterion #2 Assessment (7 points total) • Identifies pertinent client background, current medical and psychiatric history (3) • Provides self-assessment of thoughts and feelings prior and during therapeutic communication interaction with client (2) • Identifies the milieu and effects on client (2)	Total Points: Comments:
Criterion #3 Mental Health Nursing Diagnosis (8 points total) • Identifies priority mental health problem (4) • Provides at least five relevant/related data findings (2) • Provides at least five potential complications with signs and symptoms (2)	Total Points: Comments:
Criterion #4 Nursing Interventions (10 points total) • Identifies at least 5 pertinent nursing interventions in priority order, including a rationale and timeframe (7) • Identifies a therapeutic communication goal (3)	Total Points: Comments:
Criterion #5 Process Recording (15 points total) • Provides direct quotes for all interchanges (3) • Verbal and nonverbal behavior is described for all interactions (6) • Students thoughts and feelings concerning each interaction is provided (6)	Total Points: Comments:
Criterion #6	Total Points:

Process Recording (20 points total) • Analysis of each interaction providing type of communication (therapeutic/nontherapeutic) (6) • Provides technique for each interaction (exploring, probing, etc.) (6) • Provides explanation for interactions (8)	Comments:
Criterion #7 Process Recording (10 points total) • Communication has a natural beginning and ending; the conversation flows from sentence to sentence and has a logical conclusion (6) • There are at least 10 interchanges between the client and student (4)	Total Points: Comments:
Criterion #8 Evaluation (15 points total) • Self-evaluation of communication with client (5) • Identify at least 3 strengths and 3 weaknesses of therapeutic communication (10)	Total Points: Comments:
Criterion #9 Evaluation (10 points total) • Identify at least 3 barriers to communication including interventions or communication that could have been done differently (5) • Identify all pertinent social determinants of health (5)	Total Points: Comments:
Criterion #10 Reference/Citation • An in-text citation and reference are required. • If not present, missing components will need to be added and the assignment re-submitted.	
Total possible points = 100 77-100 = Satisfactory ≤ 76= Unsatisfactory *Students that are not satisfactory after 2 attempts will be required to meet with course faculty for remediation. * Course Objective: 2. Synthesize concepts related to psychopathology, health assessment data, evidence-based practice, and the nursing process using clinical judgment skills to plan and care for clients with mental illness. EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing
Firelands Regional Medical Center School of Nursing

Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
