Firelands Regional Medical Center School of Nursing
 Nursing Foundations 2025
 Skills Lab Competency Tool

Student Name: Alivia West

Comments:

Week 1 (Technology Lab): During this lab you were able to satisfactorily navigate:

- Edvance360 Learning Management System.
- Skyscape Resource System.
- Assessment Technologies Institute (ATI) / Shadow Health.
- Guided tour of library and computer lab. HS

Week 2 (Hand Hygiene; Vital Signs; PPE): During lab this week you were able to satisfactorily demonstrate:

- Appropriate hand hygiene utilizing hand sanitizer and soap/water.
- Accurate verbalization of procedure for donning & doffing PPE.

Appropriate level of skill during guided practice with measurement of radial and brachial pulses, along with manual blood pressure. Vital signs skills will be observed 1:1 with faculty during Week 3. Keep up the good work! HS

Week 3 (Vital Signs):

Excellent work in the lab this week! You satisfactorily completed the vital sign check off during 1:1 observation, including oral temperature, radial pulse, respiratory rate, pulse oximetry, and blood pressure measurement. During the blood pressure measurement, you accurately obtained two blood pressure results on the Vital Sim manikin. The first blood pressure measurement was set at 142/70 and you identified it as 140/72. The second measurement was set at 104/68 and you interpreted it as 102/66. Great job! You were able to verbally discuss the following measurements: axillary and rectal temperature along with orthostatic vital sign assessments. You did require one prompt during completion of your 1:1 observation (checking the physician's order before starting vital signs) and provided accurate detail in your communication with the "patient". You did a great job with your first Meditech documentation, being detailed and accurate. Keep up the great work!! CB

Week 4 (Assessment):

Week 5 (Assessment; Mobility):

Week 6 (Personal Hygiene Skills):

Week 7 (NG Skills: Insertion, Irrigation, and Removal; Feedings):

Week 8 (Foley Skills: Insertion, Removal; Sterile Gloves; I&O, Documentation Lab):

Week 9 (Wound Care: Dry Sterile, Damp to Dry Packed, Stoma Skills):

Week 10 (Safety; Infection Control; Prioritization; Weight; Pressure Ulcer Prevention; Soft Restraints; Doppler BP):

Week 11 (Medication Lab):

7/8/2025
