

EVALUATION OF CLINICAL PERFORMANCE TOOL
Maternal Child Nursing – 2025

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student:

Final Grade: Satisfactory/Unsatisfactory

Semester: Fall

Date of Completion:

Faculty: Kelly Ammanniti, MSN, RN, CHSE; Monica Dunbar DNP, RN;
Rachel Haynes MSN, RN, Brian Seitz, MSN, RN, CNE

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

METHODS OF EVALUATION:

Care Maps
Patient/Family Education
Preparedness for Clinical/Clinical Performance
Online Clinical Discussion Groups
Administration of Medications
Nursing Skills Completion of Clinical Performance Tool
Written Reports of Clinical Experiences
Documentation
Conferences with the Faculty
Lasater Clinical Judgment Rubric
vSim
Simulation Scenarios

7/11/25 KA

Absence: (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make-up (/Date/Time)

Faculty's Name	Initials
Kelly Ammanniti	KA
Monica Dunbar	MD
Rachel Haynes	RH
Brian Seitz	BS

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe; accurate each time; skillful in parts of behavior; focuses more on the skill and self rather than the patient; inefficient, uncoordinated, anxious, worried, flustered at times; expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues; faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U", the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

Date	Care Map Top Nursing Priority	Evaluation & Instructor Initials	Remediation & Instructor Initials	Remediation & Instructor Initials

Objective																		
1. Describe the principles of growth and development and knowledge of pathophysiology as a basis for the provision of safe, quality nursing care to children and the childbearing family across the health-illness continuum. (1,2,3,4,7)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/22	8/29	9/5	9/12	9/19	9/26	10/3		10/10	10/17	10/24	10/31	11/7	11/14	11/21	11/28		
Competencies:		NA	NA	S														
a. Provide care utilizing techniques and diversions appropriate to the patient's level of development.																		
b. Provide care using developmentally appropriate communication.		NA	NA	S														
c. Provide care utilizing systematic and developmentally appropriate assessment techniques.		NA	NA	S														
d. Describe safety measures for various stages of development. (i.e. monitoring fall risks, restraints, and DVT assessment)		NA	NA	S														
e. Identify stage of growth and development (Erikson's Stages)(List Below and explain reason for choice)*		NA	NA	S														
Clinical Location Age of patient		NA	NA	FT ER, 76														
	KA	KA	KA															

**Evaluate these competencies for the offsite clinicals: ER: All, H&V: 1A, B, E BG Club: 1B, E Flu: All

Comments:

1.e. week 4: My patient is at the integrity versus despair stage of growth and development. This is the final of Erikson's stages where individuals look back on their lives and determine whether they feel satisfied or bitter. I chose this for my patient because her age, 76, places her at this age, as well as the way she was talking. I could tell that she was reflecting on her life and determining whether she felt she had integrity or was in despair because she kept making comments such as "I am such trouble," or "I've been here before, I am always here," with an upset attitude. She was looking at her life in a hopeless/bitter way of thinking that her aging part of life is a trouble to others

*End-of-Program Student Learning Outcomes

Objective																		
1. Describe the principles of growth and development and knowledge of pathophysiology as a basis for the provision of safe, quality nursing care to children and the childbearing family across the health-illness continuum. (1,2,3,4,7)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/22	8/29	9/5	9/12	9/19	9/26	10/3		10/10	10/17	10/24	10/31	11/7	11/14	11/21	11/28		
Competencies:		NA	NA	NA														
f. Describe psychological changes in response to the expectant mother's pregnancy. Maternal																		
g. Discuss prenatal influences on the pregnancy. Maternal		NA	NA	NA														
h. Identify the stage and progression of a woman in labor. Maternal		NA	NA	NA														
i. Discuss family bonding and phases of the puerperium. Maternal		NA	NA	NA														
j. Identify various resources available for children and the childbearing family.		NA	NA	NA														
k. Value patient's perspective, diversity, age and cultural factors that influence their behaviors.		NA	NA	S														
l. Respect the centrality of the patient/family as core members of the health team.		NA	NA	S														
	KA	KA	KA															

**Evaluate these competencies for the offsite clinicals: ER: 1K, L H&V: 1J, K BG Club: 1K Flu: 1 K, L

Comments:

Objective																		
2. Integrate principles of decision-making in utilizing evidenced-based practice in the nursing process in providing care for the childbearing family and children encompassing cultural sensitivity and diversity. (1,2,3,4,5)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/22	8/29	9/5	9/12	9/19	9/26	10/3		10/10	10/17	10/24	10/31	11/7	11/14	11/21	11/28		
a. Engage in discussions of evidenced-based nursing practice.		NA	NA	S														
b. Perform nursing measures safely using Standard precautions.		NA	NA	S														
c. Perform nursing care in an organized manner recognizing the need for assistance.		NA	NA	S														
d. Practice/observe safe medication administration.		NA	NA	S														
e. Calculate pediatric and adult drug dosages correctly and determine appropriateness of the dose.		NA	NA	NA														
f. Utilize information obtained from patients/families as a basis for decision-making.		NA	NA	S														
g. Identify factors associated with Social Determinants of Health (SDOH) &/or cultural elements that have the potential to influence patient care.** (Noticing, Interpreting, Responding, Reflecting) (List Below)*		NA	NA	S														
	KA	KA	KA															

**Evaluate these competencies for the offsite clinicals: ER: All H&V: 2B, C, G BG Club: 2G Flu: 2B, C, D, F, G

Comments:

2g. week 4 A social determinant of health that could impact my patient's care is her mobility. She has limited mobility and was born with a birth defect of missing toes and clubbed foot. This determines the outcomes of her healthcare, being a SDOH, because her mobility issues could impair her ability to drive to doctors' appointments. Her birth defects and need to get assistive devices for ambulating could also be costly, and that with her not working could impair her ability to afford healthcare as well.

*End-of-Program Student Learning Outcomes

Objective																		
3. Summarize the legal, moral and ethical issues related to care of children and the childbearing family. (2,6,7)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/22	8/29	9/5	9/12	9/19	9/26	10/3		10/10	10/17	10/24	10/31	11/7	11/14	11/21	11/28		
a. Act with integrity, consistency, and respect for differing views.		NA	NA	S														
b. Respect the privacy of patient health and medical information as required by federal HIPAA regulations.		NA	NA	S														
c. Follow the standards outlined in the FRMCSN policy, “Student Code of Conduct”		NA	NA	S														
d. Critique examples of legal or ethical issues observed in the clinical setting. (List Below)*		NA	NA	S														
	KA	KA	KA															

**Evaluate these competencies for the offsite clinicals: ER: All H&V: All BG Club: All Flu: All

Comments:

3d. week 4 An example of a legal/ethical issue that I observed in the clinical setting is that a nurse gave a patient a medication without asking if the patient had allergies. This is an ethical/legal issue because if the patient were to be allergic to a component of the medication but didn't know because the nurse didn't ask, the patient could have adverse reactions for which the nurse would be held accountable.

Objective																		
4. Construct nursing care plans and clinical reports that demonstrate mastery of clinical judgment skills through holistic, age-appropriate nursing care of the childbearing family and children. (1,2,6)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/22	8/29	9/5	9/12	9/19	9/26	10/3		10/10	10/17	10/24	10/31	11/7	11/14	11/21	11/28		
a. Develop and implement a priority care map and/or plan of care utilizing the nursing process and clinical judgment. (Noticing, Interpreting, Responding, Reflecting)		NA	NA	S														
b. Document assessment findings, interventions, and outcomes accurately on appropriate forms. (Including risk assessment and monitoring of wound care)		NA	NA	NA														
c. Summarize witnessed examples of patient/family advocacy.		NA	NA	S														
d. Provide patient centered and developmentally appropriate teaching.		NA	NA	S														
e. Analyze the involved pathophysiology of the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
	KA	KA	KA															

**Evaluate these competencies for the offsite clinicals: ER: 4A, C, E H&V: 4B, D BG Club: 4D Flu: 4B, D

Comments:

4d week 4: An example of patient centered care and developmentally appropriate teaching I provided during this clinical was by educating my patient on safety when ambulating. I asked my patient if she uses a walker, cane or any assistive device when getting around at home, and she said no. I explained to her using nonmedical terms why it is important for her to begin using one of these devices to help her get around with her limited mobility and decrease the risk of falls. I allotted plenty of time for the education to make sure that my patient understood and that I was able to actively listen to anything she may have to say, without distractions. I ensured that this was developmentally appropriate and patient centered by asking her if she had any questions and asked if she understood what I was telling her, along with implementing the teach back method to verify that she understood

Objective																		
4. Construct nursing care plans and clinical reports that demonstrate mastery of clinical judgment skills through holistic, age-appropriate nursing care of the childbearing family and children. (1,2,6)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/22	8/29	9/5	9/12	9/19	9/26	10/3		10/10	10/17	10/24	10/31	11/7	11/14	11/21	11/28		
f. Correlate the diagnostic tests with the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
g. Correlate the pharmacotherapy in relation to the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
h. Correlate the medical treatment in relation to the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
i. Correlate the nutritional needs/diet in relation to the patient's disease process. (noticing, interpreting, responding)		NA	NA	NA														
j. Correlate the patient's growth and developmental level in relation to the patient's disease process. (noticing, interpreting, responding)		NA	NA	S														
	KA	KA	KA															

**Evaluate these competencies for the offsite clinicals: ER: 4F, G, H H&V: N/A BG Club: N/A Flu: N/A

Comments:

Objective																		
5. Collaborating professionally with members of the health care team, childbearing and child-rearing families, faculty, and peers through written, verbal and nonverbal methods, and by conferencing, networking, and posting through computer technology. (1,3,5,6,7,8)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/22	8/29	9/5	9/12	9/19	9/26	10/3		10/10	10/17	10/24	10/31	11/7	11/14	11/21	11/28		
a. Demonstrate interest and enthusiasm in clinical activities.		NA	NA	S														
b. Evaluate own participation in clinical activities.		NA	NA	S														
c. Communicate professionally and collaboratively with members of the healthcare team.		NA	NA	S														
d. Document assessment findings, interventions, and outcomes accurately in the electronic health record.		NA	NA	NA														
e. Demonstrate skill in accessing and navigating information in the electronic health record. (Responding)		NA	NA	NA														
f. Clearly communicate care provided and needed at each transition in care using hand off communication techniques. (I-SBAR-R)		NA	NA	S														
g. Consistently and appropriately post comments in clinical discussion groups.		NA	NA	S														
	KA	KA	KA															

**Evaluate these competencies for the offsite clinicals: ER: 5A, B, C, F, G H&V: 5A, B, C BG Club: 5A, B Flu: 5A, B, C

Comments:

*End-of-Program Student Learning Outcomes

Objective																		
6. Critique own strengths and areas for improvement modifying behaviors accordingly to achieve personal and professional goals. (7,8)*																		
Weeks of Clinical	1	2	3	4	5	6	7	Midterm	8	9	10	11	12	13	14	15	Make up	Final
	8/22	8/29	9/5	9/12	9/19	9/26	10/3		10/10	10/17	10/24	10/31	11/7	11/14	11/21	11/28		
a. Recognize areas for improvement and goals to meet these needs. (List Below)*		NA	NA	S														
b. Accept responsibility for decisions and actions.		NA	NA	S														
c. Demonstrate evidence of growth and self-confidence.		NA	NA	S														
d. Demonstrate evidence of research in being prepared for clinical.		NA	NA	S														
e. Exhibits professional behavior i.e. appearance, responsibility, integrity, and respect.		NA	NA	S														
f. Describe initiatives in seeking out new learning experiences.		NA	NA	S														
g. Demonstrate ability to organize time effectively.		NA	NA	S														
h. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions.		NA	NA	S														
i. Demonstrates growth in clinical judgment.		NA	NA	S														
	KA	KA	KA															

**Evaluate these competencies for the offsite clinicals: ER: All H&V: All BG Club: All Flu: All

Comments:

6.a. week 4 An area for improvement I recognized I had at my clinical was when drawing up a medication from a vial. I accidentally threw the needle cap away, so when I was done drawing up the medication, I was not able to recap the needle to safely remove it. A goal I have for this is to improve my needle safety when drawing up medications by midterm of the semester. I will reach this goal for taking all the opportunities I can at clinicals to practice drawing up medications, including asking for opportunities.

*End-of-Program Student Learning Outcomes

Student Name:				Course Objective: 4: Construct nursing care plans and clinical reports that demonstrate mastery of clinical judgment skills through holistic, age-appropriate nursing care of the childbearing family and children. (1,2,6)*			
Date or Clinical Week:							
Criteria		3	2	1	0	Points Earned	Comments
Noticing	1. Identify all abnormal assessment findings (subjective and objective); include specific patient data.	(lists at least 7*) *provides explanation if < 7	(lists 5-6)	(lists 5-7 but no specific patient data included)	(lists < 5 or gives no explanation)		
	2. Identify all abnormal lab findings/diagnostic tests; include specific patient data.	(lists at least 3*) *provides explanation if < 3		(lists 3 but no specific patient data included)	(lists < 3 or gives no explanation)		
	3. Identify all risk factors relevant to the patient.	(lists at least 5*) *provides explanation if < 5	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)		
Interpreting	4. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	5. State the goal for the top nursing priority.	Complete			Not complete		
	6. Highlight all of the related/relevant data from the Noticing boxes that support the top priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	7. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)		
	8. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists 2)		(lists < 2)		
Responding	9. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	10. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete		
	11. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete		

	12. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete		
--	--	----------------	-----------------	----------------	-------------	--	--

Criteria		3	2	1	0	Points Earned	Comments
	13. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete		
Reflecting	14. List all of the highlighted reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete		
	15. Evaluation includes one of the following statements: - Continue plan of care - Modify plan of care - Terminate plan of care	Complete			Not complete		

Reference

An in-text citation and reference are required.

The care map will be graded “needs improvement” if missing either the in-text citation or reference, but not both.

The care map will be graded “unsatisfactory” if both in-text citation and reference are not included.

Total Possible Points= 45 points
45-35 points = Satisfactory
34-23 points = Needs Improvement*
< 23 points = Unsatisfactory*

***Total points adding up to less than or equal to 34 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines.**

*****Students that are not satisfactory after 2 attempts will be required to meet with course faculty for remediation. *****

Comments:

The student has satisfactorily completed the assigned vSim and met the established objectives by obtaining at least 80% on the scenario (including SBAR), and post-simulation quiz by the due date and time.

vSim Objectives

9/22/2025 vSim Maternity Case 1

1. Performs focused antepartum assessment of patient with severe preeclampsia. (1, 2, 4) *
2. Recognizes signs and symptoms of severe preeclampsia (hypertensive disorders). (1, 2) *
3. Communicates severe preeclampsia to the interprofessional team. (1, 2, 3, 5) *

4. Administers prescribed antihypertensive medication (magnesium sulfate). (1, 2, 3, 5)*
 5. Utilize therapeutic communication and interpersonal skills in the interactions with patients, families, and members of the health team. (1, 3, 5, 6)*
- * Course Objectives

10/6/2025 vSim Maternity Case 4

1. Select physical assessment priorities based on individual patient needs. (1, 2)*
 2. Recognizes signs and symptoms of umbilical cord prolapse. (1, 2, 5)*
 3. Performs emergent nursing management strategies for umbilical cord prolapse. (1, 2, 3, 4, 5)*
 4. Utilize therapeutic communication and interpersonal skills in the interactions with patients, families, and members of the health team. (1, 3, 5, 6)*
- * Course Objectives

11/3/2025 vSim Pediatric Case 3

1. Identify and describe patient history, physical assessment findings, and diagnostic information related to dehydration.
2. Prioritize and implement evidence-based nursing interventions that are culturally and situation appropriate for the pediatric patient.
3. Implement clinical orders, patient safety measures, and provide education using therapeutic and confidential communication for the pediatric patient and family members.

*Course Objectives

11/18/2025 vSim Pediatric Case 1

1. Select physical assessment priorities based on individual patient needs. (1, 2)*
2. Recognize signs and symptoms of seizure activity. (1, 2)*
3. Demonstrate appropriate nursing interventions for a patient experiencing a seizure. (1, 2, 3, 4, 5, 6)*
4. Demonstrate therapeutic communication skills when interacting with children and their families. (1, 3, 5, 6)*
5. Discuss how social determinants of health can influence the management of a chronic illness. (2, 3)*

* Course Objectives

11/21/2025 vSim Pediatric Case 4

* Course Objectives

EVALUATION OF CLINICAL PERFORMANCE TOOL
Maternal Child Nursing – 2025
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
