Firelands Regional Medical Center School of Nursing
Nursing Foundations 2025
Skills Lab Competency Tool

Student Name: Alejandro Baez

Comments:

Week 1 (Technology Lab): During this lab you were able to satisfactorily navigate:

- Edvance360 Learning Management System.
- Skyscape Resource System.
- Assessment Technologies Institute (ATI) / Shadow Health.
- Guided tour of library and computer lab. HS

Week 2 (Hand Hygiene; Vital Signs; PPE): During lab this week you were able to satisfactorily demonstrate:

- Appropriate hand hygiene utilizing hand sanitizer and soap/water.
- Accurate verbalization of procedure for donning & doffing PPE.

Appropriate level of skill during guided practice with measurement of radial and brachial pulses, along with manual blood pressure. Vital signs skills will be observed 1:1 with faculty during Week 3. Keep up the good work! HS

Week 3 (Vital Signs):

Excellent work in the lab this week! You satisfactorily completed the vital sign check off during 1:1 observation, including oral temperature, radial pulse, respiratory rate, pulse oximetry, and blood pressure measurement. During the blood pressure measurement, you accurately obtained two blood pressure readings on the Vital Sim manikin. The first blood pressure measurement was set at 126/74 and you identified it as 128/80. The second measurement was set at 108/68 and you interpreted it as 108/66. Great job! You were able to verbally discuss the following measurements: axillary and rectal temperature along with orthostatic vital sign assessments. You did not require any prompts during completion of your 1:1 observation and provided accurate detail in your communication with the "patient". You did a great job with your first Meditech documentation, it was accurate and complete. Keep up the great work!! CB

Week 4 (Assessment):

Satisfactory with head to toe assessment guided practice, hand-off report activity, Lexicomp/Intranet navigation activity, and the assessment/safety activity utilizing your clinical judgment skills. Great job! You will be observed 1:1 for Head to Toe Assessment competency during Week 5. AR

Week 5 (Assessment; Mobility):

Great job in lab this week! You have satisfactorily demonstrated a basic head to toe assessment in the skills lab. Your approach was systematic, thorough, and overall well done. You did require 2 prompts related to assessing the four heart valve areas, and palpating the dorsalis pedis and posterior tibial pulse with each assessment. You demonstrated friendly, professional, and informative communication. You were able to correctly identify the lung sounds as wheezes. Great job! AR

Feedback on documentation this week: With this being the first time that you fully documented these interventions, there are some areas for improvement. You did a good job, overall, with your Meditech documentation. You documented on the interventions listed below; however, some areas were inaccurate and omitted. Please review each area of documentation within the next two weeks so you can examine areas that were omitted. I want you to feel comfortable and confident with Meditech documentation.

- **Pain-** Documentation complete and accurate.
- **Vital signs-** Documentation complete and accurate.
- **Safety-** Documentation complete and accurate.
- **Physical reassessment-** HEENT – omitted trachea description of midline. Psychosocial- comment “My husband died two weeks ago” should be documented in the expressed/other feelings comment box. Gastrointestinal- omitted date of last bowel movement, bowel pattern, bowel movement aid, and frequency of aids used. AR

Mobility Lab 9/18/2025: Satisfactory completion of mobility lab through demonstration of the following: Logrolling/turning a patient, lifting a patient in bed, repositioning from lying to sitting, repositioning from sitting to standing, stand/pivot transfer from a bed to a chair, ambulating with a walker, ambulating with crutches, ambulating with a cane, use of a gait belt, and safe use of a wheelchair. Proper body mechanics were utilized to promote safety for the health care worker and the patient. Great job with active participation throughout the duration of the lab. AR

Week 6 (Personal Hygiene Skills): Satisfactory with patient hygiene, making an occupied bed, shaving, oral care, hearing aid care, application of ace wraps, TED Hose/SCD’s, and clinical readiness scenario during guided practice. Completed Meditech documentation for Hygiene and Ted Hose. Keep up the great work! HS

Week 7 (NG Skills: Insertion, Irrigation, and Removal; Feedings):

Week 8 (Foley Skills: Insertion, Removal; Sterile Gloves; I&O, Documentation Lab):

Week 9 (Wound Care: Dry Sterile, Damp to Dry Packed, Stoma Skills):

Week 10 (Safety; Infection Control; Prioritization; Weight; Pressure Ulcer Prevention; Soft Restraints; Doppler BP):

Week 11 (Medication Lab):

7/8/2025
