

EVALUATION OF CLINICAL PERFORMANCE TOOL
Nursing Foundations – 2025

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student:

Final Grade: Satisfactory/Unsatisfactory

Semester: Fall

Date of Completion:

Faculty: Frances Brennan, MSN, RN; Amy Rockwell, MSN, RN;
Chandra Barnes, MSN, RN; Nick Simonovich, MSN, RN
Heather Schwerer, MSN, RN; Brittany Lombardi, MSN, RN, CNE

Faculty eSignature:

Teaching Assistant: Stacia Atkins, BSN, RN

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. **An unsatisfactory or needs improvement as a final evaluation in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. Patterns of performance over the course of the semester will be utilized to determine the final competency evaluations. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.**

METHODS OF EVALUATION:

Skills Lab Checklists	Faculty Feedback
Care Map Grading Rubric	Documentation
Administration of Medications Simulation Scenarios	Clinical Reflection
Skills Demonstration	
Evaluation of Clinical Performance Tool	

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
Faculty/Teaching Assistant's Name			Initials

Clinical Discussion Group Grading Rubric

Lasater Clinical Judgment Rubric

Chandra Barnes	CB
Frances Brennan	FB
Amy Rockwell	AR
Nicholas Simonovich	NS
Heather Schwerer	HS
Brittany Lombardi	BL
Stacia Atkins	SA

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U", the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

***Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.**

Objective																
1. Describe how diverse cultural, ethnic, and social backgrounds function as sources of patient, family, and community values. (2,4,6)*																
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Mid-Term	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14 Make-Up	Final
Competencies:																
a. Identify spiritual needs of patient (Noticing).																
b. Identify cultural factors that influence healthcare (Noticing).																
c. Coordinate care based on respect for patient's preferences, values, and needs (Responding).							N/A	S								
d. Use Maslow's Hierarchy of needs to determine the care needs of the assigned patient (Interpreting).							N/A	S								
Faculty/TA Initials		NS					CB									
		Meditation					N/A	3T 92								
Clinical Location; Patient age**																

* End-of-Program Student Learning Outcomes
Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

****Document your clinical location and patient age in the designated box above.**

Comments:

Objective																
2. Summarize knowledge of anatomy, physiology, chemistry, nutrition, psychosocial and developmental principles in performance of basic physical assessment through use of clinical judgment skills. (3,4, 5)*																
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Mid-Term	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14 Make-Up	Final
Competencies:																
a. Perform head to toe assessment utilizing techniques of inspection, palpation and auscultation (Responding).							N/A	NI								
b. Use correct technique for vital sign measurement (Responding).							N/A	NI								
c. Conduct a fall/safety assessment and institute appropriate precautions (Responding).																
d. Conduct a skin risk assessment and institute appropriate precautions (Responding).																
e. Collect the nutritional data of assigned patient (Noticing).																
f. Demonstrates appropriate insertion, maintenance, and/or removal of NG tube (Responding).																
g. Describe the findings and the rationale for diagnostic studies with the nursing implications for assigned patient (Interpreting).																
Faculty/TA Initials		NS					CB									

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Comments:

Objective																
3. Select communication techniques and appropriate boundaries with patients, families, and health care team members. (1,2,3,4,6,7)*																
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Mid-Term	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14 Make-Up	Final
Competencies:							N/A	S								
a. Receive report at beginning of shift from assigned nurse (Noticing).																
b. Hand off (report) pertinent, current information to the next provider of care (Responding).																
c. Use appropriate medical terminology in verbal and written communication (Responding).							N/A	S								
d. Report promptly and accurately any change in the status of the patient (Responding).							N/A	S								
e. Communicate effectively with patients and families (Responding).							N/A	S								
f. Participate as an accountable health care team member in the provision of patient centered care (Responding).							N/A	S								
Faculty/TA Initials		NS					CB									

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Comments:

Objective																
4. Exemplify advanced searches in accessing electronic health care information and documenting patient care. (1,4,8)*																
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Mid-Term	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14 Make-Up	Final
Competencies:																
a. Document vital signs and head to toe assessment according to policy (Responding).							N/A	S								
b. Document the patient response to nursing care provided (Responding).							N/A	S								
c. Access medical information of assigned patient in Electronic Medical Record (Responding).*		S					N/A	S								
d. Demonstrate beginning skill in accessing patient education material on intranet (Responding).*		S														
e. Provide basic patient education with accurate electronic documentation (Responding).																
f. Consistently and appropriately post comments for clinical discussion groups on Edvance360 website (Reflection).							N/A	S								
*Week 2 –Meditech Orientation Faculty/TA Initials		NS					CB									

* End-of-Program Student Learning Outcomes
Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Comments:

Week 2(4c,d): Satisfactory for listening attentively and actively participating in the Meditech orientation clinical. You showed beginning competence in the ability to access a patient's EHR, document care in an intervention, and locate patient data. You were able to access Lexicomp to locate patient education materials. Additionally, nursing policies and procedures were located on the health system intranet. Great job! NS/CB/BL

Objective																
5. Exemplify psychomotor skills and nursing care safely using evidence-based practice. (3,4,5,7,8)*																
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Mid-Term	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14 Make-Up	Final
Competencies:																
a. Demonstrate correct body mechanics and practices safety measures during the provision of patient care (Responding).							N/A	S								
b. Apply the principles of asepsis and standard/infection control precautions (Responding).							N/A	S								
c. Demonstrates appropriate skill with foley catheter insertion, maintenance, and removal (Responding).																
d. Manage basic patient care situations with evidence of preparation and beginning dexterity (Responding).							N/A	S								
e. Organize time providing patient care efficiently and safely (Responding).							N/A	S								
f. Manages hygiene needs of assigned patient (Responding).																
g. Demonstrate appropriate skill with wound care (Responding).																
h. Document the location of fire pull stations and fire extinguishers. ** (Interpreting).							N/A	S								
Faculty/TA Initials		NS					CB									

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

****You must document the location of the pull station and extinguisher here for your first clinical experience.**

Comments:

Week 8: On 3T the fire extinguisher is located across from room 3036 and the pull station is located across room 3037.

Objective

6. Develop patient-centered plans of care utilizing the nursing process. (3,4,5,6,7)*

Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Mid-Term	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14 Make-Up	Final
Competencies: a. Utilize clinical judgment skills to develop a patient-centered plan of care (Responding).																
Faculty/TA Initials		NS														

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Comments:

Objective

7. Convert basic pharmacology principles into safe medication administration. (3,5,6,7)*

Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Mid-Term	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14 Make-Up	Final
Competencies:																
a. Identify the action, rationale, dosage, side effects and the nursing implications of medications (Interpreting).																
b. Recognize patient drug allergies (Interpreting).																
c. Practice the rights of medication administration and safety checks prior to medication administration (Responding).																
d. Administer oral, intra-muscular, subcutaneous, and intradermal medications using correct techniques (Responding).																
e. Review the patient record for time of last dose before giving PRN medication (Interpreting).																
f. Assess the patient response to PRN medications (Responding).																
g. Demonstrate medication administration documentation appropriately using BMV (Responding).																
*Week 11: BMV																
Faculty/TA Initials		NS														

* End-of-Program Student Learning Outcomes
Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Comments:

Objective

8. Exemplify professional conduct through self-reflection, responsibility for learning, and goal setting. (1,5,7)*

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

**** Strength/weakness reflection (a,b): Must have different written example each week of clinical/lab. You must explain your plan for how you will improve. Example, “I am having a difficult time with obtaining a manual BP. I will get a BP cuff from Amy and practice manual BP’s with at least three members of my family this week.” Please ensure that you answer this section in-depth with your plan of action. Each week must be different.**

Comments:

Week 7(8f): Dehvin, this competency was changed to an “U” due to your clinical tool being submitted after the due date and time. Please be sure to address the “U” when completing your clinical tool for week 8. I am going to copy the directions from page 1 of the clinical tool: *A student who submits the clinical evaluation tool late will be rated as “U” in the appropriate competency(s) for that clinical week. Whenever a student receives a “U” in a competency, it must be addressed with a comment as to why it is no longer a “U” the following week. If the student does not state why the “U” is corrected, it will be another “U” until the student addresses it.* CB

Week 8: I was having trouble figuring out the correct way to fill in my first clinical tool. The first submission was turned in on time, but the format was incorrect, so the correct submission was unfortunately submitted late. Next time I will turn in my clinical tool on time and ensure that the format is correct and efficient. A strength I gained from this clinical is therapeutic communication and empathy. Although my patient did not want me to assess them nor obtain any information for my assessment, I was able to be understanding, empathetic, and use therapeutic communication to ensure the patient that as a nurse we are just trying to deliver the best high-quality care to help them get better in their situation. From this week’s clinical an area of growth I need to focus on is self-reflection based on a patient’s needs, and the process of completing a head-to-toe assessment based on a patient’s conditions. To improve this area, I will practice more in-depth head-to-toe assessments with conditions that may require me to alter my assessment while still being able to complete it thoroughly for documentation purposes, in a timely manner. I aim to strengthen my clinical competence by reflecting on my own actions and obtaining feedback from my instructors to apply that knowledge to the next clinicals to follow.

Date	Care Map Top Nursing Priority	Evaluation & Instructor Initials	Remediation & Instructor Initials
		*	*

Note: Students are required to submit one satisfactory care map by 11/17/2025 at 0800. If the care map is not evaluated as satisfactory upon initial submission, the student may revise the care map based on instructor feedback/remediation and resubmit one time by 11/24/2025 at 0800 to receive a satisfactory evaluation. ***See Attached Nursing Care Map Grading Rubric**

Student Name:				Course Objective:			
Date or Clinical Week:							
Criteria		3	2	1	0	Points Earned	Comments
Noticing	1. Identify all abnormal assessment findings (subjective and objective); include specific patient data.	(lists at least 7*) *provides explanation if < 7	(lists 5-6)	(lists 5-7 but no specific patient data included)	(lists < 5 or gives no explanation)		
	2. Identify all abnormal lab findings/diagnostic tests; include specific patient data.	(lists at least 3*) *provides explanation if < 3		(lists 3 but no specific patient data included)	(lists < 3 or gives no explanation)		
	3. Identify all risk factors relevant to the patient.	(lists at least 5*) *provides explanation if < 5	(lists 4)	(lists 3)	(lists < 3 or gives no explanation)		
Interpreting	4. List all nursing priorities and highlight the top priority problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	5. State the goal for the top nursing priority.	Complete			Not complete		
	6. Highlight all of the related/relevant data from the Noticing boxes that support the top priority nursing problem.	> 75% complete	50-75% complete	< 50% complete	0% complete		
	7. Identify all potential complications for the top nursing priority problem.	(lists at least 3)	(lists 2)		(lists < 2)		
	8. Identify signs and symptoms to monitor for each complication.	(lists at least 3)	(lists 2)		(lists < 2)		
Re	9. List all nursing interventions relevant to the top nursing priority.	> 75% complete	50-75% complete	< 50% complete	0% complete		

s p o n d i n g	10. Interventions are prioritized	> 75% complete	50-75% complete	< 50% complete	0% complete		
	11. All interventions include a frequency	> 75% complete	50-75% complete	< 50% complete	0% complete		
	12. All interventions are individualized and realistic	> 75% complete	50-75% complete	< 50% complete	0% complete		

Criteria		3	2	1	0	Points Earned	Comments
	13. An appropriate rationale is included for each intervention	> 75% complete	50-75% complete	< 50% complete	0% complete		
R e f l e c t i n g	14. List all of the highlighted reassessment findings for the top nursing priority.	>75% complete	50-75% complete	<50% complete	0% complete		
	15. Evaluation includes one of the following statements: - Continue plan of care - Modify plan of care - Terminate plan of care	Complete			Not complete		

Reference

An in-text citation and reference are required.

The care map will be graded “needs improvement” if missing either the in-text citation or reference, but not both.

The care map will be graded “unsatisfactory” if both in-text citation and reference are not included.

Total Possible Points= 45 points

Total Points:

45-35 points = Satisfactory

34-23 points = Needs Improvement*

< 23 points = Unsatisfactory*

***Total points adding up to less than or equal to 34 points require revision and resubmission until Satisfactory. Refer to the course specific requirements for resubmission deadlines.**

*****Students that are not satisfactory after 2 attempts will be required to meet with course faculty for remediation. *****

EVALUATION OF CLINICAL PERFORMANCE TOOL
Nursing Foundations – 2025

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date: _____
