

FINAL SUMMARY OF STUDENT'S PROGRESS AND DEVELOPMENT

Firelands Regional Medical Center School of Nursing Faculty Manual

Prior to graduation, senior students will complete the Final Summary of Student's Progress and Development form which is filed and retained in the graduate folder.

NAME OF STUDENT (LAST)	(FIRST)	(MIDDLE)
Collins	Kayli	Marie

1. Describe your outstanding personality characteristics (relevant to nursing) possessed at the completion of the program:

I feel more confident in my abilities, look for learning opportunities, and have become more compassionate

2. Describe your special interests and abilities in nursing:

Special interests I have are in the OR. I've learned abilities like maintaining a sterile field and accurate documentation in this nursing program.

3. Discuss your experiences with interpersonal relationships – faculty and staff, patients and their families, and members of the healthcare team throughout the nursing program:

My relationships with faculty and staff have been great, everyone is open to questions and are understanding of personal situations. Patients and families have also been great, they're understanding and I've made even the "grumpy" and "mean" people laugh. All members of the healthcare team have been very open to all my questions and are always showing me new techniques and procedures.

4. Participation in activities throughout the program:

I participated in activities when they were required. It's hard to want to join activities when other students are constantly talking about you and bringing up issues from high school.

5. Explain at least 2 professional goals you would like to achieve during your nursing career:

I want to continue my education and become a First Assist in the OR. I eventually want to go to a bigger hospital and be a part of a Whipple Procedure.

6. List your address at the time of graduation- Include a future address if known:

839 Farmington Ct., Huron, Ohio 44839
