Initials	KA	MB	CP	EW	AR	NS

Comments:

Week 5 (Meditech/BMV):

Week 6 (Wound Care):

Week 9 (NG Insertion/Care): You did a great job in the lab this week and were satisfactory with the following skills:

Nasogastric Tube Insertion, Irrigation, and Removal. No prompts were needed! You were able to verbalize what you would do if the patient began to cough or choke during insertion, that you would verify tube placement by aspiration and confirming the cm marking, the difference between irrigation and flushing, and the different techniques for verifying tube placement. Your communication throughout the observation was excellent. You also completed the assigned documentation in Meditech. Keep up the great work in the lab! AR

Week 10 (Foley Insertion/Care): You did a great job in the lab this week and were satisfactory with the following skills: Application of Sterile Gloves, Foley Catheter Insertion (female), and Foley Catheter Removal. One prompt was needed during insertion as a reminder to use the orange label and label the bag and/or tubing. During removal you reminded yourself to empty the foley bag and tubing prior to removal. You maintained the sterile field throughout the Foley insertion, did not contaminate the catheter or your gloves at any point, had very good communication, and were thorough throughout the observation. Great job! You correctly verbalized the differences in catheter insertion for a male patient. You independently completed Meditech documentation for Urinary Catheter Management and I & O. Keep up the great work!!! AR

Week 11 (Comprehensive Assessment): You satisfactorily performed VS and Physical assessment skills. You were given 1 prompt: Inspect facial symmetry.

Overall, nice work! CP

Week 12 (Documentation):

Week 14 (Simulation):

Lasater Clinical Judgment Rubric Scoring Sheet

STUDENT NAME:					OBSERVATION DATE/TIME:				
CLINICAL JUDGMENT					OBSERVATION NOTES				
COMPONENTS NOTICING:									
• Focused Observation:		E	A	D					
B									
• Recognizing Deviations from Expected Patterns:	E	A	D	B					
• Information Seeking:		E	A	D					
B									
INTERPRETING:									
• Prioritizing Data:	E	A	D	B					
• Making Sense of Data:		E	A	D					
B									

RESPONDING: • Calm, Confident Manner: E A D B • Clear Communication: E A D B • Well-Planned Intervention/ Flexibility: E A D B • Being Skillful: E A D B	
REFLECTING: • Evaluation/Self-Analysis: E A D B • Commitment to Improvement: E A D B	
SUMMARY COMMENTS: Beginning to Developing in all areas is required for Satisfactory completion of this simulation lab.	

E = exemplary, A = accomplished, D = developing, B = Beginning
Based off of Lasater's Clinical Judgment Rubric
