Comments:

Week 5 (Meditech/BMV): You satisfactorily completed the Meditech/BMV lab and have satisfied the requirements for this lab. CP

Week 6 (Wound Care): You satisfactorily performed a wet to dry and dry sterile dressing change and have satisfied the requirements for this lab. CP

Week 9 (NG Insertion/Care): You did a great job in the lab this week and were satisfactory with the following skills: Nasogastric Tube Insertion, Irrigation, and Removal. One prompt was given during insertion as a reminder to always visualize and document the number on the NG tube at the nare as part of placement verification. You were able to verbalize what you would do if the patient began to cough or choke during insertion, that you would verify tube

placement by aspiration, and the difference between irrigation and flushing. The communication throughout the observation was excellent. You also completed documentation in Meditech. Keep up the great work in the lab! AR

Week 10 (Foley Insertion/Care): You did a great job in the lab this week and were satisfactory with the following skills: Application of Sterile Gloves, Foley Catheter Insertion (female), and Foley Catheter Removal. No prompts were needed! You maintained the sterile field throughout the Foley insertion, did not contaminate the catheter or your gloves at any point, had very good communication, and were thorough throughout the observation. Great job! You correctly verbalized the differences in catheter insertion for a male patient. You independently completed Meditech documentation for Urinary Catheter Management and I & O. Keep up the great work!!!

Week 11 (Comprehensive Assessment): You satisfactorily performed VS and Physical assessment skills. You were given 2 prompts: plantar/dorsal flexion and safety. You were able to verbalize that you forgot the genitourinary assessment and completed the assessment before exiting the room. You forgot pain assessment initially but reminded yourself during the assessment. Overall, you did a good job. NS/CP

Week 12 (Documentation): You satisfactorily completed the Documentation lab and satisfied the requirements for this lab. CP

Week 14 (Simulation):

Lasater Clinical Judgment Rubric Scoring Sheet

STUDENT NAME:					OBSERVATION DATE/TIME:				
CLINICAL JUDGMENT					OBSERVATION NOTES				
COMPONENTS NOTICING:									
• Focused Observation:		E	A	D					
B									
• Recognizing Deviations from Expected Patterns:	E	A	D	B					
• Information Seeking:		E	A	D					
B									
INTERPRETING:									
• Prioritizing Data:	E	A	D	B					
• Making Sense of Data:		E	A	D					
B									

RESPONDING: • Calm, Confident Manner: E A D B • Clear Communication: E A D B • Well-Planned Intervention/ Flexibility: E A D B • Being Skillful: E A D B	
REFLECTING: • Evaluation/Self-Analysis: E A D B • Commitment to Improvement: E A D B	
SUMMARY COMMENTS: Beginning to Developing in all areas is required for Satisfactory completion of this simulation lab.	

E = exemplary, A = accomplished, D = developing, B = Beginning
Based off of Lasater's Clinical Judgment Rubric
