Faculty	Kelly Ammanniti	Michelle Bussard	Carmen Patterson	Elizabeth Woodyard	Amy Rockwell	Nick Simonovich
Initials	KA	MB	CP	EW	AR	NS

Comments:

Week 5 (Meditech/BMV): You satisfactorily completed the Meditech/BMV lab and have satisfied the requirements for this lab. CP

Week 6 (Wound Care): You satisfactorily performed a wet to dry and dry sterile dressing change and have satisfied the requirements for this lab. CP

Week 9 (NG Insertion/Care): You satisfactorily completed performance of NG insertion, irrigation, and removal. You also successfully completed the assigned documentation in Meditech. Keep up the good work! CP

Week 10 (Foley Insertion/Care): You did a great job in the lab this week and were satisfactory with the following skills: Application of Sterile Gloves, Foley Catheter Insertion (female), and Foley Catheter Removal. No prompts were needed during insertion! During removal one prompt was needed as a reminder to hold onto the catheter at the labia while allowing the balloon to drain via gravity. You maintained the sterile field throughout the Foley insertion,

did not contaminate the catheter or your gloves at any point, had very good communication, and were thorough throughout the observation. Great job! You correctly verbalized the differences in catheter insertion for a male patient. You independently completed Meditech documentation for Urinary Catheter Management and I & O. Keep up the great work!!! AR

Week 11 (Comprehensive Assessment): You satisfactorily performed VS and Physical assessment skills. Overall, you did a nice job performing your skills. Remember to begin with the head when performing you head to toe physical assessment. Overall, nice work! CP

Week 12 (Documentation): You satisfactorily completed the Documentation lab and satisfied the requirements for this lab. CP

Week 14 (Simulation): You have satisfactorily completed the simulation lab. Great team work! See comments in graded rubric below. CP

Lasater Clinical Judgment Rubric Scoring Sheet

STUDENT NAME: Tamie Smith **GROUP: 1** **OBSERVATION DATE/TIME: 11/20/2018 (0800-1200)**
Electrolyte Imbalance

SCENARIO: Fluid &

CLINICAL JUDGMENT COMPONENTS NOTICING: (3, 5*) <ul style="list-style-type: none"> • Focused Observation: E A D B • Recognizing Deviations from Expected Patterns: E A D B • Information Seeking: E A D B 	OBSERVATION NOTES <p>You noticed the patient had a decreased level of consciousness, decreased blood pressure and loose stools.</p> <p>You performed a chart review to obtain additional data.</p> <p>You shared your observations with the team and worked together to interpret the data.</p>
INTERPRETING: (1, 5*) <ul style="list-style-type: none"> • Prioritizing Data: E A D B • Making Sense of Data: E A A D B 	<p>You were able to interpret the data given in report, data retrieved from patient chart, and assessment findings to determine the patient was exhibiting signs and symptoms of dehydration.</p> <p>You were able to reflect on the scenario during debriefing and also recognized the patient had signs and symptoms of hyponatremia.</p>
RESPONDING: (7, 5*) <ul style="list-style-type: none"> • Calm, Confident Manner: E A D B • Clear Communication: E A D B • Well-Planned Intervention/ Flexibility: E A D B • Being Skillful: E A D B 	<p>You responded to the patient's needs by contacting the physician. You communicated patient findings in a clear, organized manner. You also verified that all issues were addressed prior to ending the call with the physician. Nice work!</p>
