

EVALUATION OF CLINICAL PERFORMANCE TOOL
Medical Surgical Nursing – 2019

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student: Ameila Renfro

Semester: Spring

Faculty: Dawn Wikel, MSN, RN, CNE; Kelly Ammanniti, MSN, RN; Lora Malfara, MSN, RN

Teaching Assistant: Devon Cutnaw, BSN, RN; Monica Dunbar, BSN, RN;
Nick Simonovich, BSN, RN; Liz Woodyard, BSN, RN, CRN

Final Grade: Satisfactory/Unsatisfactory

Date of Completion:

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, or U". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, the following week it must be addressed with a comment as to why it is no longer a "U". If the student does not state why the "U" is corrected, then it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

Skills Lab Competency Tool & Skills Checklists
Simulation, Prebriefing, Debriefing, & Reflection Journals
Nursing Care Plan Rubric
Meditech Documentation
Clinical Debriefing
Clinical Discussion Group Grading Rubric
Evaluation of Clinical Performance Tool
Lasater's Clinical Judgment Rubric & Scoring Sheet
Virtual Simulation Scenarios

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make-up (/Date/Time)

Faculty's Name	Initials
Kelly Ammanniti	KA
Devon Cutnaw	DC
Monica Dunbar	MD
Lora Malfara	LM
Nick Simonovich	NS
Dawn Wikel	DW
Liz Woodyard	EW

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe; accurate each time; skillful in parts of behavior; focuses more on the skill and self rather than the patient; inefficient, uncoordinated, anxious, worried, flustered at times; expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues; faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from instructor or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

***Grey shaded boxes do not need a student evaluation rating or faculty member's initials.**

Date	Care Plan Diagnosis	Evaluation & Instructor Initials	Remediation & Instructor Initials	Remediation & Instructor Initials

Note: Students are required to submit two satisfactory care plans over the course of the semester. If the care plan is not evaluated as satisfactory upon initial submission, the student may revise the care plan based on instructor feedback/remediation and resubmit until satisfactory. At least one care plan must be submitted prior to midterm.

Objective

1. Illustrate correlations to demonstrate the pathophysiological alterations in adult patients with medical-surgical problems. (2,3,4,5)*

Weeks of the Course	1	2	3	4	5	6	7	8	Midterm	9	10	11	12	13	14	Make Up	Make Up	Final
Competencies:			Na	Na	S													
a. Analyze the involved patho-physiology of the patient's disease process. (Interpreting)			Na	Na	S													
b. Correlate patient's symptoms with the patient's disease process. (Interpreting)			Na	Na	S													
c. Correlate diagnostic tests with the patient's disease process. (Interpreting)			Na	Na	S													
d. Correlate pharmacotherapy in relation to the patient's disease process. (Interpreting)			na	Na	S													
e. Correlate medical treatment in relation to the patient's disease process. (Interpreting)			Na	Na	S													
f. Correlate the nutritional needs in relation to patient's disease process. (Interpreting)			Na	Na	S													
g. Assess developmental stages of assigned patients. (Interpreting)			Na	na	S													
h. Demonstrate evidence of research in being prepared for clinical. (Noticing)	s		Na	na	S													
	Indicate your clinical site as well as your patient's age and primary medical diagnosis in this box weekly.	Meditech, FSBS, D/C IV, IV Pump Sessions		No clinical	No clinical	3T												
	Instructors Initials	LM		DW	EW													

Comments:

*End-of-Program Student Learning Outcomes

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective

2. Perform physical assessments as a method for determining deviations from normal. (3,4,5)*

Weeks of the Course	1	2	3	4	5	6	7	8	Midterm	9	10	11	12	13	14	Mak e Up	Mak eUp	Final
Competencies:			na	Na	S													
a. Perform inspection, palpation, percussion, and auscultation in the physical assessment of assigned patient. (Responding)			na	Na	S													
b. Conduct a fall assessment and implement appropriate precautions. (Responding)			na	Na	S													
c. Conduct a skin risk assessment and implement appropriate precautions and care. (Responding)			na	Na	S													
d. Communicate physical assessment. (Responding)			na	Na	S													
e. Analyze appropriate assessment skills for the patient's disease process. (Interpreting)			na	Na	S													
f. Demonstrate skill in accessing electronic information and documenting patient care. (Responding)	s		na	na	S													
	LM		DW	EW														

Comments:

Week 1 (2f)- By attending the meditech clinical update & providing your full, undivided attention during the demonstration of documenting insulin, IV solutions, saline flushes and IV site assessments you are satisfactory for this competency. NS

*End-of-Program Student Learning Outcomes

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective

3. Execute safety precautions in the implementation of quality, patient-centered care and evidence-based nursing interventions. (2,3,4,5,8)*

Weeks of the Course	1	2	3	4	5	6	7	8	Midterm	9	10	11	12	13	14	Make Up	Make Up	Final
Competencies:	s		na	Na	S													
a. Perform standard precautions. (Responding)	s		na	Na	S													
b. Demonstrate nursing measures skillfully and safely. (Responding)	s		na	Na	S													
c. Demonstrate promptness and ability to organize nursing care effectively. (Responding)			na	Na	S													
d. Appropriately prioritizes nursing care. (Responding)			na	Na	S													
e. Recognize the need for assistance. (Interpreting)			na	Na	S													
f. Apply the principles of asepsis where indicated. (Responding)	s		na	Na	S													
g. Manages a patient in physical restraints according to hospital policy. (Responding)			na	Na	N/A													
h. Implement the appropriate DVT prophylaxis interventions based on assessment and physicians orders. (Responding)			na	Na	S													
i. Identify the role of evidence in determining best nursing practice. (Interpreting)			na	S	S													
j. Identify recommendations for change through team collaboration. (Interpreting)			na	Na	S													
	LM		DW	EW														

Comments:

WK4 3i Good choice of ebp article. Interesting and timely subject EW

*End-of-Program Student Learning Outcomes

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective																		
3. Execute safety precautions in the implementation of quality, patient-centered care and evidence-based nursing interventions. (2,3,4,5,8)*																		
Weeks of the Course	1	2	3	4	5	6	7	8	Midterm	9	10	11	12	13	14	Make Up	Make Up	Final
Competencies:			na	Na	S													
k. Administer PO, SQ, IM, or ID medications observing the rights of medication administration. (Responding)			na	Na	S													
l. Calculate medication doses accurately. (Responding)			na	Na	S													
m. Administer IV therapy, piggybacks and/or adding solution to a continuous infusion line. (Responding)			na	Na	N/A													
n. Regulate IV flow rate. (Responding)	s		na	Na	N/A													
o. Flush saline lock. (Responding)			na	Na	N/A													
p. D/C an IV. (Responding)	s		na	Na	N/A													
q. Monitor an IV. (Responding)			na	Na	N/A													
r. Perform tracheostomy care. (Responding)			na	Na	N/A													
s. Perform FSBS with appropriate interventions. (Responding)	s		na	Na	N/A													
	LM		DW	EW														

Comments:

Week 1 (3p)- By attending the D/C IV clinical and providing your full, undivided attention during the demonstration of both the Alaris pump, documentation of IV site maintenance and discontinuing a peripheral IV, you are satisfactory for this competency. NS/EW

(3s)-The student was able to demonstrate understanding of the rationale of FSBS and the use of the glucometer. The student was able to perform a Quality Control check of the glucometer as well as demonstrate skills and knowledge required of proper sample ID, collection and handling of blood. LM/DC

*End-of-Program Student Learning Outcomes

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective																		
4. Use therapeutic communication techniques to establish a baseline for nursing decisions. (1,5,7)*																		
Weeks of the Course	1	2	3	4	5	6	7	8	Midterm	9	10	11	12	13	14	Make Up	Make Up	Final
Competencies:			na	Na	S													
a. Integrate professionally appropriate and therapeutic communication skills in interactions with patients, families, and significant others. (Responding)																		
b. Communicate professionally and collaboratively with members of the healthcare team. (Responding)			na	Na	S													
c. Report promptly and accurately any change in the status of the patient. (Responding)			na	Na	S													
d. Maintain confidentiality of patient health and medical information. (Responding)			na	Na	S													
e. Consistently and appropriately post comments in clinical discussion groups. (Reflecting)			na	S	S													
f. Obtain report, from previous care giver, at the beginning of the clinical day. (Noticing)			na	Na	S													
g. Provide a clear, organized hand-off report to your patient's next provider of care. (Responding)			na	Na	S													
			DW	EW														

Comments:

WK4 4e: You did a very good job with the summary and formatting. My only suggestions to you are to leave out credentials in the reference as well as the word "vol" and "num" and use page numbers if they are available when using direct quotes in your citation. Otherwise you did a very good job. EW

*End-of-Program Student Learning Outcomes

Clinical Judgment Terminology: Noticing, Interpreting, Responding, Reflecting

Objective																		
5. Implement patient education based on teaching needs of patients and/or significant others. (1,6)*																		
Weeks of the Course	1	2	3	4	5	6	7	8	Midterm	9	10	11	12	13	14	Make Up	Make Up	Final
Competencies:																		
a. Describe a teaching need of your patient.** (Reflecting)			na	s	S													
b. Utilize appropriate terminology and resources when providing patient education. (Responding)			na	Na	S													
c. Evaluate health-related information on the intranet. (Responding)			na	na	S													
			DW	EW														

****5a- You must address this competency in the comments on a weekly basis. For clinicals on 3T, 3N, 4N, or Rehab- describe the patient education you provided; be specific. For clinicals on alternative sites- describe a teaching need you identified.**

Comments: 5a- I provided education on avoiding triggers that would cause an acute asthma exacerbation and how/when to use inhalers.

WEEK 5- 5a. I provided education on the importance of deep breathing and coughing to clear secretions.

Objective																		
6. Implement patient-centered plans of care utilizing the nursing process and clinical judgment. (2,3,4,5)*																		
Weeks of the Course	1	2	3	4	5	6	7	8	Midterm	9	10	11	12	13	14	Make Up	Make Up	Final
a. Develop and implement a priority care plan utilizing the nursing process and clinical judgment. (Noticing, Interpreting, Responding, Reflecting)			na	s	S													
b. Development of clinical judgment in high-fidelity simulation scenarios. (Noticing, Interpreting, Responding, Reflecting)																		
			DW	EW														

Comments:

See Care Plan Grading Rubrics below.

Week 8- See Simulation Scoring Sheet below.

Week 13- See Simulation Scoring Sheet below.

Objective # 6a: Implement patient-centered plans of care utilizing the nursing process and clinical judgment. (2,3,4,5)*	Students Name: Amelia Renfron Date: 2/3/19
**Nursing care plan not appropriate to patient situation = 0 and automatic unsatisfactory rating	Nursing Diagnosis: Ineffective breathing pattern r/t lung disease
Nursing Diagnosis: (3 points total) Problem Statement (1) Etiology (1) Defining Characteristics (1)	Total Points 3 Comments: Defining characteristics were specific and related back to the nursing diagnosis
Goal and Outcome (6 points total) Goal Statement (1) Outcome: Specific (1) Measurable (1) Attainable (1) Realistic (1) Time Frame (1)	Total Points 6 Comments: Each outcome was “SMART” and related back to the defining characteristic.
Nursing Interventions: (8 points total) Prioritized (1) What (1) How Often (1) When (1) Individualized (1) Realistic (1) Rationale (1) All pertinent interventions listed (1)	Total Points 8 Comments: Very detailed and appropriate nursing interventions.
Evaluation: (5 points total) Date (1) Goal Met/partially/unmet (1) Defining characteristics (1) Plan to continue/terminate (1) Signature (1)	Total Points 5 Comments: The goals related right back to defining characteristics and outcomes and were met.
Total possible points = 22 18-22 = Satisfactory care plan 17-14 = Needs improvement care plan ≤ 13 = Unsatisfactory care plan	Total Points for entire care plan = 22 Comments: You did an excellent job!!

Objective # 6a: Implement patient-centered plans of care utilizing the nursing process and clinical judgment. (2,3,4,5)*	Students Name: Date:
**Nursing care plan not appropriate to patient situation = 0 and automatic unsatisfactory rating	Nursing Diagnosis:
Nursing Diagnosis: (3 points total) Problem Statement (1) Etiology (1) Defining Characteristics (1)	Total Points Comments:
Goal and Outcome (6 points total) Goal Statement (1) Outcome: Specific (1) Measurable (1) Attainable (1) Realistic (1) Time Frame (1)	Total Points Comments:
Nursing Interventions: (8 points total) Prioritized (1) What (1) How Often (1) When (1) Individualized (1) Realistic (1) Rationale (1) All pertinent interventions listed (1)	Total Points Comments:
Evaluation: (5 points total) Date (1) Goal Met/partially/unmet (1) Defining characteristics (1) Plan to continue/terminate (1) Signature (1)	Total Points Comments:
Total possible points = 22 18-22 = Satisfactory care plan 17-14 = Needs improvement care plan ≤ 13 = Unsatisfactory care plan	Total Points for entire care plan = Comments:

Objective																		
7. Illustrate professional conduct including self examination, responsibility for learning, and goal setting. (7)*																		
Weeks of the Course	1	2	3	4	5	6	7	8	Midterm	9	10	11	12	13	14	Make Up	Make Up	Final
a. Reflect on an area of strength. ** (Reflecting)	s		na	s	S													
b. Reflect on an area for improvement and set a goal to meet this need.** (Reflecting)	s		na	S	S													
c. Demonstrate evidence of growth, initiative, and self-confidence. (Responding)	s		na	Na	S													
d. Follow the standards outlined in the FRMCSN Student Code of Conduct Policy. (Responding)	s		na	Na	S													
e. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions. (Responding)	s		na	Na	S													
f. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect. (Responding)	s		na	Na	S													
g. Demonstrate the ability to give and receive constructive feedback. (Responding)	s		na	Na	S													
h. Actively engage in self-reflection. (Reflecting)	s		na	Na	S													
	LM		DW	EW														

****7a and 7b: You must address these competencies in the comments section on a weekly basis. Please write a different comment each week. Remember that a goal includes what you will do to improve, how often you will do it, and when you will do it by (example- "I had trouble remembering to do the three checks of the six medication rights prior to administering medications. I will review the six rights and medication administration content in the textbook twice before the next clinical. Additionally, I will request to meet with my clinical faculty member to practice preparing and administering at least three medications before the next clinical."**

Comments:

7a. I feel an area of strength this week was allowing myself time during a skill to step back and think of what I was forgetting. I knew that I forgot a step during my assessment that I normally would not have missed, but under pressure I had. I remembered what I had skipped and all I needed were those few seconds to gather my thoughts.

7b. I had trouble remembering the different blood samples that are obtainable for a blood glucose test. Since I am a visual learner, I will write them out three times before Monday's class.

Week 1 (7a & 7b) – I feel Ameila reflected on her area of strength appropriate for this past week. I also appreciate Ameila reflecting on and identifying an area of improvement. I agree that her suggestion above is one way to remedy the need. LM

week 4 (7a)- I feel a strength this week was recognizing that my patient was having a hard time breathing and initiated immediate measures.

(7b) I feel an area that I could improve on would be being able to decipher the difference between a 3 lead and 12 lead ECG. The order just said continuous ECG monitor and I did not know which one was expected. I will look up the differences between the two before next class.

Week 5- (7a)- I feel an area of strength this week was connecting with my patient. I noticed that she was getting agitated, not wanting to be in the hospital and I sat down and spoke with her about her family, jobs, life and felt like she opened up to me a little bit and was more comfortable about her situation.

(7b)- An area I could improve on would be communicating with the nurse quicker about an intervention that I have for my patient. My patient was getting anxious and wanting to go home but her SpO2 was not where it needed to be even on 5L. I thought implementing an incentive spirometer would help expand her lung and possibly improve function, increase mobility of secretions. I waited until Thursday to mention this to my nurse. I should be more confident in my decisions. To correct this, I will look through my patient's interventions and if I have a suggestion, I will not hesitate to inform for this next clinical week.

*Course Objectives

Comments:

Week 1

(IV Math)-You satisfactorily participated in the IV Math learning session on 1/7/19 as well as the assigned IV Math practice questions and the IV Math Application lab on 1/9/19. KA

(Assessment)- You were able to satisfactorily demonstrate the Basic Head to Toe Assessment during lab. EW/KA/DW

(Insulin)- You were able to correctly prepare an insulin pen and administer subcutaneous insulin. Insulin requirements were accurately identified and calculated through the corrective scale and carbohydrate coverage orders. DW

(Lab Day)- You satisfactorily completed the mandatory lab review of nursing foundational skills. This was achieved through simulating care for a patient in a scenario requiring competency in assessment, communication, medication administration (including PO and IM injection), nasogastric tube insertion and maintenance, patient mobility and hygiene, use of PPE for Contact Isolation, wound care, and foley insertion. NS/LM/EW/MD/DC

(IV Skills)- You have satisfactorily completed IV lab including a saline flush, hanging a primary and secondary IV solution, adjusting a flow rate to run by gravity, discontinuing IV solution, and monitoring the IV site for infiltration, phlebitis, and signs of complication. NS/EW

Week 2

1/16/19-Tracheostomy Care and Suctioning-During this lab, you were able to satisfactorily demonstrate competence with tracheostomy care and tracheostomy suctioning. The steps were completed in an appropriate sequence and sterility was maintained. You required 1 prompt during the tracheostomy suctioning check-off. This was step #9 stating, "Open sterile suction kit, apply sterile gloves, open the sterile water bottle and place upright in container". You did not break sterile technique, however, you needed reminded of application of second glove. You did not require any prompts for the tracheostomy care check-off. You did a great job! DW/LM

Week 3 (EBP Lab)- During this lab, you were able to satisfactorily demonstrate three different routes to search for evidence-based nursing journals via the internet. You were attentive and actively participated. DW

EVALUATION OF CLINICAL PERFORMANCE TOOL
Medical Surgical Nursing – 2019

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature and Date:

-
