

**Firelands Regional Medical Center School of Nursing  
Sandusky, Ohio**

**FINAL SUMMARY OF STUDENT'S PROGRESS AND DEVELOPMENT**

<b>NAME OF STUDENT (LAST)</b>	<b>(FIRST)</b>	<b>(MIDDLE)</b>
Silva	Erica	Danielle

**Provide details related to your personal growth and abilities for each of the following topics:**

**1. Outstanding Personality Characteristics:**

I am outgoing and able to work well with all types of personalities. Constantly interested in staying busy and helping other people when needed. Will always go above and beyond to make sure what is asked of me gets done. I try to be the best representation of myself at all times and to all of those around me. Caring for my patients with compassion and with the knowledge I have learned from my schooling.

**2. Special Interests and Abilities in Nursing:**

Very interested in the emergency department setting. Love fast pace work environment and the variety of things that are seen. Being in the lab at the hospital for three years has helped me form relationships with many people around the hospital and it helped me see what opportunities that are ahead. I feel as if I am especially comfortable with venipuncture, which will help tremendously in my carrier. Also working in the hospital setting has helped me be very comfortable with caring for my patients and their families.

**3. Interpersonal Relationships with faculty and staff, patients and their families, and members of the health care team:**

I am always outgoing and work well with others. When in class I get along with all my classmates and have very good relationships with all of my instructors. I feel as if I can be a reliable person for any classmate or instructor if something needs done. At clinical I always try to help everyone around me when I have down time, this benefits the patients and the other nurses on the floor. I care for my patients with compassion and knowledge. If I am unable to give them the answer they need I will advocate for them until I get them what they need.

**4. Participation in Activities and Recreational Interests:**

I was part of the student senate and also am one of the two class historians for Firelands School of Nursing. I helped with fundraisers and took a large role in our senior fundraiser with helping to plan and organize.

**5. Student's Professional Plans:**

I will hopefully begin my nursing career at Firelands Regional Medical Center. I plan to start on a Medical surgical floor, with hopes of becoming an emergency room nurse once I get some experience. I want to go on for my bachelor's degree and maybe even my masters in the future. I hope to always learn from this new role I will take on as an RN and can not wait to see where this new adventure takes me.

**6. Future Address**

5002 Memphis Ave  
Sandusky, OH 44870
