

**EVALUATION OF CLINICAL PERFORMANCE TOOL**  
**Psychiatric Nursing- 2019**  
**Firelands Regional Medical Center School of Nursing**  
**Sandusky, Ohio**

**Student: Kala Whitmore**

**Final Grade: Satisfactory/Unsatisfactory**

**Semester: Summer Session I**

**Date of Completion:**

**Faculty: Brian Seitz MSN, RN**

**Teaching Assistants: Nick Simonovich BSN, RN, Devon Cutnaw BSN, RN**

**Faculty eSignature:**

**DIRECTIONS FOR USE:**

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, or U". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, the following week it must be addressed with a comment as to why it is no longer a "U". If the student does not state why the "U" is corrected, then it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

**METHODS OF EVALUATION:**

- Clinical Patient Profile
- Documentation
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Online Discussion Rubric
- Nursing Process Recording Rubric
- Geriatric Assessment Rubric
- Participation in adjunctive therapies (N.A./A.A.; Erie County Health Department Detox Unit, Hospice inpatient/outpatient care)
- EBP presentations
- Hospice Reflection Journal
- Virtual Simulation Scenarios

## PERFORMANCE CODE

### SATISFACTORY CLINICAL PERFORMANCE

**Satisfactory (S):** Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

### UNSATISFACTORY CLINICAL PERFORMANCE

**Needs Improvement (NI):** Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

**Unsatisfactory (U):** Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

### OTHER

**Not Available (NA):** The clinical experience which would meet the competency was not available.

---

<b>Objective</b>								
1. Apply the principles of psychiatric theory in the care of adolescent to geriatric patients with a mental illness diagnosis. (1, 2, 3, 5, 6, 7, 8)*								
Weeks of Course:	1	2	3	4	5	6	Make Up	Final
<b>Competencies:</b>	N/A	N/A						
a. Demonstrate an understanding of the relationship between mental health, physical health, and environment for those patients diagnosed with a mental disorder.	N/A	N/A						
b. Correlate prescribed therapies, psychotherapy, and alternative therapies in relation to the patient's mental disorder.	N/A	N/A						
c. Provide culturally and spiritually competent care within the scope of nursing that meets the needs of assigned patients from diverse cultural, racial and ethnic backgrounds.	N/A	N/A						
d. Identify appropriate methods that will assist the patient to regain independence and achieve self-care	N/A	N/A						
e. Recognize normal versus non-normal behavior patterns in terms of developmental milestones. (Erickson).	N/A	N/A						
f. Develop and implement an appropriate nursing therapy group activity.	N/A	N/A						
g. Develop a geriatric physical/mental health assessment and education plan. <b>(Geriatric Assessment)</b>

\* Course Objectives

**EVALUATION OF CLINICAL PERFORMANCE TOOL**  
**Psychiatric Nursing**

**Firelands Regional Medical Center School of Nursing**  
**Sandusky, Ohio**

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
