Faculty	Kelly Ammanniti	Carmen Patterson	Amy Rockwell	Brian Seitz	Liz Woodyard	Dawn Wikel
Initials	KA	CP	AR	BS	LW	DW

Comments:

Week 5 (Meditech/BMV):

Week 6 (Wound Care):

Week 9 (NG Insertion/Care): Audra, overall you did a nice job with the NG insertion, irrigation, and removal skills. Please remember to lower the side rail when performing care on patients. Leaning over will cause problems for your back and will make the skill a little more challenging to perform. Additionally, it will be important to reinforce in your mind the use of skin prep prior to securing the tube in place on the nose. This step was performed late in the sequence; however you identified this on your own and corrected it. Lastly, it may be a good idea for you to review the skills video for irrigation. Flushing the blue pigtail with air was initially challenging, but you figured it out. Keep up the good work! DW

Week 10 (Foley Insertion/Care): Audra, you were satisfactory in completing Foley Catheter insertion and removal. Remember to watch your sterile field at all times. Overall, nice job! CP

Week 11 (Comprehensive Assessment): Audra, you were satisfactory in completing a comprehensive (physical) assessment. You required 2 prompts: assessing falls within the last 3 months and urine appearance. Nice job Audra. BS

Week 12 (Documentation):

Week 14 (Simulation):

Lasater Clinical Judgment Rubric Scoring Sheet

STUDENT NAME:		OBSERVATION DATE/TIME:			
CLINICAL JUDGMENT COMPONENTS NOTICING: - Focused Observation: E A D B - Recognizing Deviations from Expected Patterns: E A D B - Information Seeking: E A D B		OBSERVATION NOTES			
INTERPRETING: - Prioritizing Data: E A D B - Making Sense of Data: E A D B					
RESPONDING: - Calm, Confident Manner: E A D B - Clear Communication: E A D B - Well-Planned Intervention/Flexibility: E A D B - Being Skillful: E A D B					
REFLECTING: - Evaluation/Self-Analysis: E A D B - Commitment to Improvement: E A D B					
SUMMARY COMMENTS: Beginning to Developing in all areas is					

required for Satisfactory completion of this simulation lab.	
---	--

E = exemplary, A = accomplished, D = developing, B = Beginning
Based off of Lasater's Clinical Judgment Rubric
