

EVALUATION OF CLINICAL PERFORMANCE TOOL
Advanced Medical Surgical Nursing- 2020

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student:
Semester:

Final Grade: Satisfactory/Unsatisfactory

Date of Completion:

Faculty: Frances Brennan, MSN, RN; Amy M. Rockwell, MSN, RN
Carmen Patterson, MSN, RN; Brian Seitz, MSN, RN
Teaching Assistant: Brittany Schuster, BSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, or U". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, the following week it must be addressed with a comment as to why it is no longer a "U". If the student does not state why the "U" is corrected, then it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

Clinical Assignments
Completion of Patient Care
Meditech Documentation
Observation of Clinical Performance
Evaluation of Clinical Performance Tool
Onsite Clinical Debriefing
Clinical Discussion Rubric
Preceptor Feedback
Nursing Care Plan Rubric
Skills Lab Checklists/ Competency Tool
Lasater Clinical Judgment Rubric
Virtual simulation scenarios

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
Initials	Faculty Name		
FB	Frances Brennan, MSN, RN		
CP	Carmen Patterson, MSN, RN		
AR	Amy Rockwell, MSN, RN		
BS	Brian Seitz, MSN, RN		
BSc	Brittany Schuster, BSN, RN		

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Objective

1. Engage in the coordination and delivery of nursing care measures to groups of patients and to patients with complex problems. (1,3,4,5,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S																
a. Manage complex patient care situations with evidence of preparation and organization.	S																
b. Assess comprehensively as indicated by patient needs and circumstances.	S																
c. Respect patient and family perspectives, values, and diversity when planning, giving, and adapting care.	S																
d. Evaluate patient's response to nursing interventions.	S																
e. Interpret cardiac rhythm; determine rate and measurements	S																
f. Administer medications observing the six rights of medication administration.	S																
g. Perform venipuncture skill with beginning dexterity and evidence of preparation.	S NA																
h. Respond appropriately to equipment alarms; IV pumps, ECG monitors, ventilators, etc.	S																
Faculty Initials	BSc																
onClinical 4P																	

Comments:

Week 2-1(f) Destinee, you did an excellent job administering all of your medications in clinical this week. You observed all the six rights of medication administration. You had the opportunity to administer a suppository medication for the first time, and you were well prepared and knowledgeable about how to correctly administer a medication this route. Additionally, you did a great job with all your IV medication administrations as well. BSc

*End-of- Program Student Learning Outcomes

Week 2-1(g) This competency has been changed to an “NA” because you did not have the opportunity to perform any venipuncture skills this week in clinical. BSc

Objective																	
2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)*																	
Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S																
a. Correlate relationships among disease process, patient’s history, patient symptoms, and present condition utilizing clinical judgment skills. CC (noticing, interpreting, responding)																	
b. Monitor for potential risks and anticipate possible early complications. CC (noticing, interpreting, responding)	S																
c. Recognize changes in patient status and take appropriate action. (noticing, interpreting, responding)	S																
d. Formulate a prioritized nursing care plan utilizing clinical judgment skills. CC (noticing, interpreting, responding, reflecting)	S NA																
e. Development of clinical judgment in high-fidelity simulation scenarios. (Noticing, Interpreting, Responding, Reflecting)																	
f. Incorporate the ABCDEF Standardized Bundle of interventions for assigned patient. CC (noticing, interpreting, responding)	N/A																
Faculty Initials	BSc																

Comments:

Week 2-2(a) Destinee, you did a great job with your pathophysiology for your patient this week. You were able to satisfactorily discuss and correlate the patient’s current diagnosis with all her related labs, diagnostic tests, and medications. Additionally, you included information related to the patient’s symptoms and pertinent medical history. It was obvious that you spent a great deal of time on this assignment, and you did an excellent job with your research as well. Great job! BSc

Week 2-2(d) You did not complete a care plan this week for your patient, therefore this competency has been changed to “NA.” BSc

2d. See Care Plan Rubric at the end of this document.

2e. See Clinical Simulation Rubric at the end of this document.

Objective																	
3. Plan leadership experiences with a mentor to impact team performance, patient safety, and quality indicators. (1,3,5,7,8)*																	
Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	N/A																
a. Critique communication barriers among team members (Preceptorship)																	
b. Participate in QI, core measures, monitoring standards and documentation.	S																
c. Discuss strategies to achieve fiscal responsibility in clinical practice.	S																
d. Clarify roles & accountability of team members related to delegation. (Preceptorship)	N/A																
e. Determine the priority patient from assigned patient population. (Preceptorship)	N/A																
Faculty Initials	BSc																

Comments:

Week 2-3(c) Destinee, you did a great job ensuring you used the PAR system appropriately when obtaining care items for your patient this week in clinical. This is just one important way to ensure fiscal responsibility in clinical practice. BSc

Objective

4. 4. Plan for a future in the nursing profession by analyzing information concerning employment, licensure, ethical, and legal issues in nursing focusing on accountability and respecting patient autonomy. (1,2,4,5)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S																
a. Critique examples of legal or ethical issues observed in the clinical setting.																	
b. Engage with patients and families to make autonomous decisions regarding healthcare.	S																
c. Exhibit professional behavior in appearance, responsibility, integrity and respect.	S																
Faculty Initials	BSc																

Comments:

Objective

5. Construct methods for self-reflection and critiquing healthcare systems, processes, practices and regulations on a weekly basis. (7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S																
a. Reflect on your overall performance in the clinical area for the week.																	
b. Demonstrate initiative in seeking new learning opportunities.	S																
c. Describe factors that create a culture of safety (error reporting, communication, & standardization, etc.).	S																
d. Perform Standard Precautions.	S																
e. Practice use of standardized EBP tools that support safety and quality.	S																
Faculty Initials	BSc																

Comments:

Week 2-5(e) Great job using the Morse Fall Scale this week in clinical to conduct a fall assessment on your patient and initiate the appropriate precautions. BSc

Objective

6. Engage with members of the healthcare team, patients, families, faculty, and peers through written, verbal and nonverbal methods, and by utilizing computer technology. (1,2,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S																
a. Establish collaborative partnerships with patients, families, and coworkers.																	
b. Teach patients and families based on readiness to learn and discharge learning needs.	N/A																
c. Collaborate with members of the healthcare team, patients, and families to achieve optimal patient outcomes.	S																
d. Deliver effective and concise hand-off reports.	S																
e. Document interventions and medication administration correctly in the electronic medical record.	S																
f. Consistently and appropriately posts in clinical discussion groups.	S																
Faculty Initials	BSc																

Comments:

Week 2-6(e) Destinee, you did a great job overall with all of your documentation this week in clinical. There were some minor areas in which we discussed that needed to be changed, and you did a great job incorporating my feedback from Tuesday and applying it to your documentation on Wednesday. Keep up all your hard work! BSc

Objective

7. Devise methods utilized by nursing to develop the profession, advance the knowledge base, ensure accountability, and improve the outcomes of care delivery.
(1,3,4,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S																
a. Value the need for continuous improvement in clinical practice based on evidence.																	
b. Accountable for investigating evidence-based practice to improve patient outcomes.	S																
c. Comply with the FRMCSN "Student Code of Conduct Policy."	S																
e. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions.	S																
Faculty Initials	BSc

Remediation: Date/Evaluation/Initials										

***Course Objectives
Comments:**

IV Start: Satisfactory participation in the IV Start lab, including practice with technique, initiation and discontinuation of IV site, and placement of IV dressing. AR/BS/CP/BSc

Blood Admin/IV Pumps: Satisfactory participation practice with blood administration safety checks. Great job with priming tubing, secondary IV medication pump set up, and the use of the IV drug dose library. FB

Prioritization/Delegation: You have successfully completed your skills lab for delegation and prioritization. You satisfactorily prioritized care for multiple patients using multiple methods (i.e. Maslow's hierarchy of needs, ABC, and ABCD methods). You were able to appropriately delegate nursing tasks based on the skill level and scope of practice for each member of your team. You actively participated in the group discussion on delegation of nursing tasks and your team shared several important factors to consider when delegating, including scope of practice and skill level of the delegate, nursing laws, facility policy, and condition of the patient. Great job! CP

Meditech Documentation: Satisfactory completion of assessment documentation including physical re-assessment, safety and fall assessment, RN mechanical ventilator assessment, IV location assessment, and documentation editing. Great job! FB

Physician Orders: Satisfactory completion of physician order labs utilizing SBAR communication and taking orders over the phone. Good job! BS/BSc

Resuscitation: Satisfactory participation in the practice of Hands-Only CPR, ventilation with bag- valve mask/Ambu bag, and review of crash cart and Code Blue team duties and documentation. AR

Central Line Dressing Change: Satisfactory central line dressing change using proper technique, as well as line flushing. FB

Blood Draw, Ports: You were satisfactory in accessing an Infusaport device. You also satisfactorily demonstrated proper technique for CVAD cap change and satisfactorily demonstrated how to draw blood from a CVAD per hospital policy. CP

*End-of- Program Student Learning Outcomes

IV Push: Great job with reconstitution of powder with NS, and medication administration. FB

Head to Toe Assessment: Satisfactory completion of Head to Toe Assessment. BSc

ECG/Telemetry Placements/CT: Satisfactory participation with review of monitoring tutorial and placement of ECG/Telemetry

EVALUATION OF CLINICAL PERFORMANCE TOOL
Advanced Medical Surgical Nursing- 2020

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date:

AR 12/20/19
