

**EVALUATION OF CLINICAL PERFORMANCE TOOL
Advanced Medical Surgical Nursing- 2020**

**Firelands Regional Medical Center School of Nursing
Sandusky, Ohio**

Student:
Semester:

Final Grade: Satisfactory/Unsatisfactory

Date of Completion:

Faculty: Frances Brennan, MSN, RN; Amy M. Rockwell, MSN, RN
Carmen Patterson, MSN, RN; Brian Seitz, MSN, RN
Teaching Assistant: Brittany Schuster, BSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, or U". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, the following week it must be addressed with a comment as to why it is no longer a "U". If the student does not state why the "U" is corrected, then it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

- Clinical Assignments
- Completion of Patient Care
- Meditech Documentation
- Observation of Clinical Performance
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Clinical Discussion Rubric
- Preceptor Feedback
- Nursing Care Plan Rubric
- Skills Lab Checklists/ Competency Tool
- Lasater Clinical Judgment Rubric
- Virtual simulation scenarios

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
Initials	Faculty Name		
FB	Frances Brennan, MSN, RN		
CP	Carmen Patterson, MSN, RN		
AR	Amy Rockwell, MSN, RN		
BS	Brian Seitz, MSN, RN		
BSc	Brittany Schuster, BSN, RN		

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Objective

1. Engage in the coordination and delivery of nursing care measures to groups of patients and to patients with complex problems. (1,3,4,5,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Manage complex patient care situations with evidence of preparation and organization.	S	S															
b. Assess comprehensively as indicated by patient needs and circumstances.	S	S															
c. Respect patient and family perspectives, values, and diversity when planning, giving, and adapting care.	S	S															
d. Evaluate patient's response to nursing interventions.	S	S															
e. Interpret cardiac rhythm; determine rate and measurements	S	S															
f. Administer medications observing the six rights of medication administration.	S	S															
g. Perform venipuncture skill with beginning dexterity and evidence of preparation.	NA	NA															
h. Respond appropriately to equipment alarms; IV pumps, ECG monitors, ventilators, etc.	S	S															
Faculty Initials	BS	BSc															
onClinical	ICU	4P															

Comments:

Week 2- 1 a,b,f- Nice job assessing and managing care for your Critical Care patient. Nice job also with medication administration. BS

Week 3-1(a) On Tuesday, it appeared as if you were very overwhelmed and unorganized with your patient care. It was a new environment for you, and a complex situation you had never dealt with before. Some nerves were definitely to be expected. However, you did an excellent job incorporating all of my feedback from

*End-of- Program Student Learning Outcomes

Tuesday and applying it on Wednesday. Therefore, I feel as if you demonstrated that you are satisfactory in this competency. You did a great job caring for the patient both days, but there was definitely a vast improvement on Wednesday. Keep up all your hard work! BSc

Week 3-1(f) Great job administering an IV-Push medication for the first time. BSc

Objective																	
2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)*																	
Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Correlate relationships among disease process, patient's history, patient symptoms, and present condition utilizing clinical judgment skills. CC (noticing, interpreting, responding)																	
b. Monitor for potential risks and anticipate possible early complications. CC (noticing, interpreting, responding)	S	S															
c. Recognize changes in patient status and take appropriate action. (noticing, interpreting, responding)	S	S															
d. Formulate a prioritized nursing care plan utilizing clinical judgment skills. CC (noticing, interpreting, responding, reflecting)	NA	S															
e. Development of clinical judgment in high-fidelity simulation scenarios. (Noticing, Interpreting, Responding, Reflecting)																	
f. Incorporate the ABCDEF Standardized Bundle of interventions for assigned patient. CC (noticing, interpreting, responding)	S	NA															
Faculty Initials	BS	BSc															

Comments:

2d. See Care Plan Rubric at the end of this document.

2e. See Clinical Simulation Rubric at the end of this document.

*End-of- Program Student Learning Outcomes

Week 2- 2 f- Nice job describing your patient utilizing all components of the ABCDEF bundle! BS

Week 3-2(d) Great job formulating a prioritized nursing care plan for your patient this week. Please see the Care Plan Rubric at the end of this document for my feedback. BSc

Objective																	
3. Plan leadership experiences with a mentor to impact team performance, patient safety, and quality indicators. (1,3,5,7,8)*																	
Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	NA	NA															
a. Critique communication barriers among team members (Preceptorship)																	
b. Participate in QI, core measures, monitoring standards and documentation.	NA	NA															
c. Discuss strategies to achieve fiscal responsibility in clinical practice.	NA	NA S															
d. Clarify roles & accountability of team members related to delegation. (Preceptorship)	NA	NA															
e. Determine the priority patient from assigned patient population. (Preceptorship)	NA	NA															
Faculty Initials	BS	BSc															

Comments:

Week 3-3(c) You did a great job ensuring you used the PAR system appropriately when obtaining care items for your patient this week in clinical. This is just one important way to ensure fiscal responsibility in clinical practice. BSc

*End-of- Program Student Learning Outcomes

Objective

4. 4. Plan for a future in the nursing profession by analyzing information concerning employment, licensure, ethical, and legal issues in nursing focusing on accountability and respecting patient autonomy. (1,2,4,5)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Critique examples of legal or ethical issues observed in the clinical setting.																	
b. Engage with patients and families to make autonomous decisions regarding healthcare.	NA	S															
c. Exhibit professional behavior in appearance, responsibility, integrity and respect.	S	S															
Faculty Initials	BS	BSc															

Comments:

Week 2- 4 a,c- Good participation during post-clinical discussion. Professional behavior and appearance upheld at all times. BS

Week 3-4(a) Jennifer, you did a great job communicating and engaging with your patient in clinical this week. BSc

Objective

5. Construct methods for self-reflection and critiquing healthcare systems, processes, practices and regulations on a weekly basis. (7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Reflect on your overall performance in the clinical area for the week.																	
b. Demonstrate initiative in seeking new learning opportunities.	S	S															
c. Describe factors that create a culture of safety (error reporting, communication, & standardization, etc.).	S	S															
d. Perform Standard Precautions.	S	S															
e. Practice use of standardized EBP tools that support safety and quality.	S	S															
Faculty Initials	BS	BSc															

Comments:

Week 2- 5 c,e- Good job discussing factors that create a culture of safety during post-clinical discussion and utilizing EBP tools/practices in the clinical setting. BS

Week 3-5(a) Jennifer, you did an excellent job recognizing your weak areas on Tuesday and greatly improving on Wednesday. You took time when you went home to plan and prepare for the next day of clinical. Your efforts did not go unnoticed. Keep up all your hard work! BSc

Objective

6. Engage with members of the healthcare team, patients, families, faculty, and peers through written, verbal and nonverbal methods, and by utilizing computer technology. (1,2,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Establish collaborative partnerships with patients, families, and coworkers.																	
b. Teach patients and families based on readiness to learn and discharge learning needs.	NA	S															
c. Collaborate with members of the healthcare team, patients, and families to achieve optimal patient outcomes.	S	S															
d. Deliver effective and concise hand-off reports.	S	S															
e. Document interventions and medication administration correctly in the electronic medical record.	S	S															
f. Consistently and appropriately posts in clinical discussion groups.	NA S	S															
Faculty Initials	BS	BSc															

Comments:

Week 2- 6 c,e- Nice job interacting with patient/family and staff members. Nice job with documentation. BS

Week 3-6(e) You did a great job overall with all of your documentation this week in clinical. There were multiple areas in which we discussed that needed to be changed, and you did a great job incorporating my feedback from Tuesday and applying it to your documentation on Wednesday. BSc

Objective

7. Devise methods utilized by nursing to develop the profession, advance the knowledge base, ensure accountability, and improve the outcomes of care delivery. (1,3,4,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Value the need for continuous improvement in clinical practice based on evidence.																	
b. Accountable for investigating evidence-based practice to improve patient outcomes.	S	S															
c. Comply with the FRMCSN "Student Code of Conduct Policy."	S	S															
e. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions.	S	S															
Faculty Initials	BS	BSc															

Comments:

Week 3-7(e) Jennifer, you consistently demonstrate an "ACE" attitude during all your clinical interactions. Even when things get stressful or overwhelming, you always keep a positive attitude. BSc

Remediation: Date/Evaluation/Initials										

***Course Objectives**

Comments:

IV Start: Satisfactory participation in the IV Start lab, including practice with technique, initiation and discontinuation of IV site, and placement of IV dressing. AR/BS/CP/BS

Blood Admin/IV Pumps: Satisfactory participation practice with blood administration safety checks. Great job with priming tubing, secondary IV medication pump set up, and the use of the IV drug dose library. FB

Prioritization/Delegation: You have successfully completed your skills lab for delegation and prioritization. You satisfactorily prioritized care for multiple patients using multiple methods (i.e. Maslow's hierarchy of needs, ABC, and ABCD methods). You were able to appropriately delegate nursing tasks based on the skill level and scope of practice for each member of your team. You actively participated in the group discussion on delegation of nursing tasks and your team shared several important factors to consider when delegating, including scope of practice and skill level of the delegate, nursing laws, facility policy, and condition of the patient. Great job! CP

Meditech Documentation: Satisfactory completion of assessment documentation including physical re-assessment, safety and fall assessment, RN mechanical ventilator assessment, IV location assessment, and documentation editing. Great job! FB

Physician Orders: Satisfactory completion of physician order labs utilizing SBAR communication and taking orders over the phone. Good job! BS/BS

Resuscitation: Satisfactory participation in the practice of Hands-Only CPR, ventilation with bag- valve mask/Ambu bag, and review of crash cart and Code Blue team duties and documentation. AR

Central Line Dressing Change: Satisfactory central line dressing change using proper technique, as well as line flushing. FB

Blood Draw and Ports: You were satisfactory in accessing an Infusaport device. You also satisfactorily demonstrated proper technique for CVAD cap change and satisfactorily demonstrated how to draw blood from a CVAD per hospital policy. CP

IV Push: Great job with reconstitution of powder with NS, and medication administration. FB

Head to Toe Assessment: You are satisfactory for the head-to-toe assessment competency. Nice Job! BS

ECG/Telemetry/Placements/CT: Satisfactory participation with review of monitoring tutorial and placement of ECG/Telemetry patches and leads; satisfactory participation in review of Chest Tube/Atrium tutorial. BS/BS

ECG Measurements: Satisfactory participation in and practice of ECG measurements during the ECG Measurements Lab. You accurately measured and interpreted a 6-second rhythm strip for Normal Sinus Rhythm. Great job! AR

Nursing Care Plan Grading Tool
 AMSN
 2020

Objective # 6: Develop patient-centered plans of care utilizing the nursing process. (3,4,5,6,7)*	Excess Fluid Overload R/T Renal Insufficiency
**Nursing care plan not appropriate to patient situation = 0 and automatic unsatisfactory rating <small>Student Name: Jennifer Chase</small>	Total Points Comments Clinical Date: 1/21-1/22/2020
Nursing Diagnosis: (3 points) Problem Statement (1)-1/2 Etiology (1)-1 Defining Characteristics (1)-1	Total Points: 2.5 Comments: Great job! Instead of Excess Fluid Overload, the NANDA approved nursing diagnosis is worded as Excess Fluid Volume.
Goal and Outcome (6 points total) Goal Statement (1 point)-1 Outcome: Specific (1)-1 Measurable (1)-1 Attainable (1)-1 Realistic (1)-1 Time Frame (1)-1	Total Points: 6 Comments: Excellent job! All outcomes are SMART.
Nursing Interventions: (8 points total) Prioritized (1)-1/2 What (1)-1 How Often (1)-1 When (1)-1/2 Individualized (1)-1 Realistic (1)-1 Rationale (1)-1/2 All pertinent interventions listed (1)-1	Total Points: 6.5 Comments: Great job with your nursing interventions. Looking at prioritization, do you feel as if administering the patient's medications should be prioritized over monitoring the patient's intake and output, and obtaining a daily weight? Monitoring the patient's intake and output and daily weight is very important, but it is ultimately going to help us determine how well the medication is working for the patient's condition. Additionally, we should be monitoring the patient's intake and output more frequently than just daily. This should be done at least every 8 hours. Try to be a little more specific with your rationales for your interventions. For example, what vital signs are we most concerned about monitoring and why? Overall, you did a very nice job including all pertinent interventions for your patient.
Evaluation: (5 points total) Date (1)-1 Goal Met/partially/unmet (1)-1 Defining characteristics (1)-1 Plan to continue//modify/terminate (1)-1 Signature (1)-1	Total Points: 5 Comments: Great job with your evaluation!
*End of Program Student Learning Outcomes Total possible points = 22 18-22 = Satisfactory care plan 17-14 = Needs improvement care plan <13 = Unsatisfactory care plan	Total Points for entire Care plan = 20/22 Comments: Satisfactory care plan. Great job! BSc
