BSc	Brittany Schuster, BSN, RN		

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

Objective

1. Engage in the coordination and delivery of nursing care measures to groups of patients and to patients with complex problems. (1,3,4,5,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Manage complex patient care situations with evidence of preparation and organization.																	
b. Assess comprehensively as indicated by patient needs and circumstances.	S	S															
c. Respect patient and family perspectives, values, and diversity when planning, giving, and adapting care.	S	S															
d. Evaluate patient's response to nursing interventions.	S	S															
e. Interpret cardiac rhythm; determine rate and measurements	S	S															
f. Administer medications observing the six rights of medication administration.	S	S															
g. Perform venipuncture skill with beginning dexterity and evidence of preparation.	S	N/A															
h. Respond appropriately to equipment alarms; IV pumps, ECG monitors, ventilators, etc.	S	S															
Faculty Initials	BS	BSc															
onClinical	4C	4P															

Comments:

Week 2- 1 a,b,f- Nice job assessing and managing care for your Critical Care patient. Nice job also with medication administration. BS

Week 3-1(a) You did a great job managing your patients' care on both Tuesday and Wednesday. Just remember to always be conscious when you're prioritizing your care that you do not forget about obtaining the patient's finger stick blood sugar before they eat their meal. BSc

*End-of- Program Student Learning Outcomes

Week 3-1(f) Ben, you did an excellent job with your medication administration both days in clinical. You were very well prepared and knowledgeable about all of your medications. BSc

Objective																	
2. Formulate nursing care plans, correlations, or clinical reports that demonstrate patient-centered care, evidence-based practice, and clinical judgment. (1,2,3,4,5,8)*																	
Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Correlate relationships among disease process, patient's history, patient symptoms, and present condition utilizing clinical judgment skills. CC (noticing, interpreting, responding)																	
b. Monitor for potential risks and anticipate possible early complications. CC (noticing, interpreting, responding)	S	S															
c. Recognize changes in patient status and take appropriate action. (noticing, interpreting, responding)	S	S															
d. Formulate a prioritized nursing care plan utilizing clinical judgment skills. CC (noticing, interpreting, responding, reflecting)	N/a	N/a															
e. Development of clinical judgment in high-fidelity simulation scenarios. (Noticing, Interpreting, Responding, Reflecting)																	
f. Incorporate the ABCDEF Standardized Bundle of interventions for assigned patient. CC (noticing, interpreting, responding)	S	N/a															
Faculty Initials	BS	BSc															

Comments:

2d. See Care Plan Rubric at the end of this document.

2e. See Clinical Simulation Rubric at the end of this document.

Week 2- 2 f- Nice job describing your patient utilizing all components of the ABCDEF bundle! BS

*End-of- Program Student Learning Outcomes

Week 3-2(a) Ben, you did an excellent job with your pathophysiology for your patient this week. You were able to satisfactorily discuss and correlate the patient's current diagnosis with all his related labs, diagnostic tests, and medications. Additionally, you included information related to the patient's symptoms and pertinent medical history. It was obvious that you spent a great deal of time on this assignment, and you did an excellent job with your research as well. Great job! BSc

Objective																	
3. Plan leadership experiences with a mentor to impact team performance, patient safety, and quality indicators. (1,3,5,7,8)*																	
Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	N/a	N/a															
a. Critique communication barriers among team members (Preceptorship)	N/a	N/a															
b. Participate in QI, core measures, monitoring standards and documentation.	N/a	N/a															
c. Discuss strategies to achieve fiscal responsibility in clinical practice.	N/a	N/a S															
d. Clarify roles & accountability of team members related to delegation. (Preceptorship)	N/a	N/a															
e. Determine the priority patient from assigned patient population. (Preceptorship)	N/a	N/a															
Faculty Initials	BS	BSc															
Comments:																	

Week 3-3(c) You did a great job ensuring you used the PAR system appropriately when obtaining care items for your patient this week in clinical. This is just one important way to ensure fiscal responsibility in clinical practice. BSc

Objective

4. 4. Plan for a future in the nursing profession by analyzing information concerning employment, licensure, ethical, and legal issues in nursing focusing on accountability and respecting patient autonomy. (1,2,4,5)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Critique examples of legal or ethical issues observed in the clinical setting.																	
b. Engage with patients and families to make autonomous decisions regarding healthcare.	S	S															
c. Exhibit professional behavior in appearance, responsibility, integrity and respect.	S	S															
Faculty Initials	BS	BSc															

Comments:

Week 2- 4 a,c- Good participation during post-clinical discussion. Professional behavior and appearance upheld at all times. BS

Week 3-4(c) Ben, you did a great job engaging with both of your patients this week in clinical. Your communication skills are excellent. BSc

Objective

5. Construct methods for self-reflection and critiquing healthcare systems, processes, practices and regulations on a weekly basis. (7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Reflect on your overall performance in the clinical area for the week.																	
b. Demonstrate initiative in seeking new learning opportunities.	S	S															
c. Describe factors that create a culture of safety (error reporting, communication, & standardization, etc.).	S	S															
d. Perform Standard Precautions.	S	S															
e. Practice use of standardized EBP tools that support safety and quality.	S	S															
Faculty Initials	BS	BSc															

Comments:

Week 2- 5 c,e- Good job discussing factors that create a culture of safety during post-clinical discussion and utilizing EBP tools/practices in the clinical setting. BS

Week 3-5(e) Great job using the Morse Fall Scale this week in clinical to conduct a fall assessment on your patient and initiate and maintain the appropriate precautions. BSc

Objective

6. Engage with members of the healthcare team, patients, families, faculty, and peers through written, verbal and nonverbal methods, and by utilizing computer technology. (1,2,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Establish collaborative partnerships with patients, families, and coworkers.																	
b. Teach patients and families based on readiness to learn and discharge learning needs.	S	S															
c. Collaborate with members of the healthcare team, patients, and families to achieve optimal patient outcomes.	S	S															
d. Deliver effective and concise hand-off reports.	S	S															
e. Document interventions and medication administration correctly in the electronic medical record.	S	S															
f. Consistently and appropriately posts in clinical discussion groups.	S	S															
Faculty Initials	BS	BSc															

Comments:

Week 2- 6 c,e- Nice job interacting with patient/family and staff members. Nice job with documentation. BS

Week 3-6(f) Great job with your clinical discussion group post. BSc

Objective

7. Devise methods utilized by nursing to develop the profession, advance the knowledge base, ensure accountability, and improve the outcomes of care delivery.
(1,3,4,6,7,8)*

Weeks of Course:	2	3	4	5	6	7	8	Make up	Midterm	9	10	11	12	13	14	Make up	Final
Competencies:	S	S															
a. Value the need for continuous improvement in clinical practice based on evidence.																	
b. Accountable for investigating evidence-based practice to improve patient outcomes.	S	S															
c. Comply with the FRMCSN "Student Code of Conduct Policy."	S	S															
e. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions.	S	S															
Faculty Initials	BS	BSc

***Course Objectives**

Comments:

IV Start: Satisfactory participation in the IV Start lab, including practice with technique, initiation and discontinuation of IV site, and placement of IV dressing. AR/BS/CP/BS

Blood Admin/IV Pumps: Satisfactory participation practice with blood administration safety checks. Great job with priming tubing, secondary IV medication pump set up, and the use of the IV drug dose library. FB

Prioritization/Delegation: You have successfully completed your skills lab for delegation and prioritization. You satisfactorily prioritized care for multiple patients using multiple methods (i.e. Maslow's hierarchy of needs, ABC, and ABCD methods). You were able to appropriately delegate nursing tasks based on the skill level and scope of practice for each member of your team. You actively participated in the group discussion on delegation of nursing tasks and your team shared several important factors to consider when delegating, including scope of practice and skill level of the delegate, nursing laws, facility policy, and condition of the patient. Great job! CP

Meditech Documentation: Satisfactory completion of assessment documentation including physical re-assessment, safety and fall assessment, RN mechanical ventilator assessment, IV location assessment, and documentation editing. Great job! FB

Physician Orders: Satisfactory completion of physician order labs utilizing SBAR communication and taking orders over the phone. Good job! BS/BS

Resuscitation: Satisfactory participation in the practice of Hands-Only CPR, ventilation with bag- valve mask/Ambu bag, and review of crash cart and Code Blue team duties and documentation. AR

Central Line Dressing Change: Satisfactory central line dressing change using proper technique, as well as line flushing. FB

Blood Draw and Ports: You were satisfactory in accessing an Infusaport device. You also satisfactorily demonstrated proper technique for CVAD cap change and satisfactorily demonstrated how to draw blood from a CVAD per hospital policy. CP

IV Push: Great job with reconstitution of powder with NS, and medication administration. FB

Head to Toe Assessment: You are satisfactory for the head-to-toe assessment competency. Nice Job! BS

*End-of- Program Student Learning Outcomes/CT: Satisfactory participation with review of monitoring tutorial and placement of ECG/Telemetry patches and leads; satisfactory participation in review of Chest Tube/Atrium tutorial. BS/BS

ECG Measurements: Satisfactory participation in and practice of ECG measurements during the ECG Measurements Lab. You accurately measured and interpreted a 6-second rhythm strip for Normal Sinus Rhythm. Great job! AR

EVALUATION OF CLINICAL PERFORMANCE TOOL
Advanced Medical Surgical Nursing- 2020

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date:

AR 12/20/19
