

**EVALUATION OF CLINICAL PERFORMANCE TOOL**  
**Psychiatric Nursing- 2020**  
**Firelands Regional Medical Center School of Nursing**  
**Sandusky, Ohio**

**Student:** Kelsie sayler

**Final Grade: Satisfactory/Unsatisfactory**

**Semester: Summer Session**

**Date of Completion:**

**Faculty: Fran Brennan MSN, RN, Monica Dunbar MSN, RN, Lora Malfara MSN, Rn  
 Carmen Patterson MSN, RN, Brittany Schuster MSN, RN**

**Teaching Assistants: Devon Cutnaw BSN, RN**

**Faculty eSignature:**

**DIRECTIONS FOR USE:**

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, or U". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, the following week it must be addressed with a comment as to why it is no longer a "U". If the student does not state why the "U" is corrected, then it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

**METHODS OF EVALUATION:**

- Clinical Patient Profile
- Documentation
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Online Discussion Rubric
- Nursing Process Recording Rubric
- Geriatric Assessment Rubric
- Participation in adjunctive therapies (N.A./A.A.; Erie County Health Department Detox Unit, Hospice inpatient/outpatient care)

## PERFORMANCE CODE

### SATISFACTORY CLINICAL PERFORMANCE

**Satisfactory (S):** Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

### UNSATISFACTORY CLINICAL PERFORMANCE

**Needs Improvement (NI):** Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

**Unsatisfactory (U):** Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

### OTHER

**Not Available (NA):** The clinical experience which would meet the competency was not available.

\* End-of-Program Student Learning Outcomes

Objective									
	1. Apply the principles of psychiatric theory in the care of adolescent to geriatric patients with a mental illness diagnosis. (1, 2, 3, 5, 6, 7, 8)*								
Weeks of Course:	1	2	3	4	5	6	7	8/Make Up	Final
<b>Competencies:</b>	NA	NA	S	S					
a. Demonstrate an understanding of the relationship between mental health, physical health, and environment for those patients diagnosed with a mental disorder.	NA	NA	S	S					
b. Correlate prescribed therapies, psychotherapy, and alternative therapies in relation to the patient's mental disorder.	NA	NA	S	S					
c. Provide culturally and spiritually competent care within the scope of nursing that meets the needs of assigned patients from diverse cultural, racial and ethnic backgrounds.	NA	NA	S	S					
d. Identify appropriate methods that will assist the patient to regain independence and achieve self-care	NA	NA	S	S					
e. Recognize normal versus non-normal behavior patterns in terms of developmental milestones. (Erickson).	NA	NA	S	S					
f. Develop and implement an appropriate nursing therapy group activity.	NA	NA	NA	NA					
g. Develop a geriatric physical/mental health assessment and education plan. ( <b>Geriatric Assessment</b> )

Objective									
3. Refine basic verbal and nonverbal therapeutic communication skills when interacting with patients, families, and members of the health care team. (1, 2, 3, 5, 7, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8/Make Up	Final
a. Illustrate professionally appropriate and therapeutic communication skills in interactions with patients, and families.	NA	NA	S	S					
b. Demonstrate professional and appropriate communication with the treatment team by using the SBAR format for handoff communication during transition of care.	NA	NA	S	S					
c. Identify barriers to effective communication. ( <b>noticing, interpreting</b> )	NA	NA	S	S					
d. Construct effective therapeutic responses.	NA	NA	S	S					
e. Construct a satisfactory patient-nurse therapeutic communication. ( <b>Nursing Process Study</b> )									
f. Posts respectfully and appropriately in clinical discussion groups.	NA	NA	S	<del>S</del> U					
g. Respect the privacy of patient health and medical information as required by federal HIPAA regulations.	NA	NA	S	S					
h. Teach patient/family based on readiness to learn and patient needs. ( <b>responding, reflecting</b> )	NA	NA	NA	NA					
Faculty Initials	LM	CP	FB	BS					

**Comments:** Week 3- Great job with your hospice reflection paper. It is a great learning experience and it provides a different perspective on quality of life. FB

**Week 4-3(a,c,d) Excellent job therapeutically communicating with the patients while in your Erie County Health Department Detox clinical experience. BS**

**Week 4-3(f) This competency has been changed to a “U” because you were missing both an in-text citation and reference within your CDG. Remember to follow all the guidelines on the Clinical Discussion Group Rubric when completing your CDGs in order to be satisfactory. Additionally, your answers were very brief**

\* End-of-Program Student Learning Outcomes

**and lacking detail. Going forward, please be sure to provide more detailed responses. Remember, a “U” in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool the following week. The student response must include how the competency has been or will be met at a satisfactory level. Please let me know if you have any questions. BS**

Objective									
4. Demonstrate knowledge of frequently prescribed medications utilized in treating mental illness. (1, 4, 5, 6, 7)*									
Weeks of Course:	1	2	3	4	5	6	7	8/Make up	Final
a. Discuss the safe administration of medication while observing the six rights of medication administration.	NA	NA	S NA	NA					
b. Demonstrate ability to discuss the uses and implication of psychotropic medications	NA	NA	NA S	NA					
c. Identify the major classification of psychotropic medications.	NA	NA	NA S	NA					
d. Identify common barriers to maintaining medication compliance.	NA	NA	S	NA					
e. Explain the effects, adverse effects, nursing interventions and safety issues, related to the use of psychotropic medications.	NA	NA	NA S	NA					
Faculty Initials	LM	CP	FB	BS					

**Comments:** Week 3 (4a)- this competency was changed to a NA. You will discuss safe administration and the six rights of medication administration with your clinical faculty during your 1-S clinical rotation. (4 b,c,e) These competencies were completed with the information you provided on the antidepressant medication profile, great job. FB

Objective									
5. Develop an awareness of community Mental Health resources and services. (5, 6, 7, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8/Make up	Final
a. Identify the need for the community resources-detox unit available to patients with a mental illness.	NA	NA	NA	NA S					
b. Discuss recommendations for referrals to appropriate community resources and agencies.	NA	NA	NA	NA					
c. Attend Erie County Health Department Detox Unit observing the care of a patient with mental illness-substance abuse. (Community Agency Observation-Detox Unit)	NA	NA	NA	S					
d. Attend Narcotics/Alcoholics Anonymous meeting. (Alcoholics/Narcotics Anonymous at the Artisans of Sandusky Observation)	NA	NA	NA	NA					
Faculty Initials	LM	CP	FB	BS					

Comments:

\* End-of-Program Student Learning Outcomes

Objective									
6. Demonstrate satisfactory proficiency when using informatics and techniques in the assessment of patients with a mental illness diagnosis. (1, 2, 3, 4, 6, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8/Make up	Final
<b>Competencies:</b>	NA	NA	S NA	NA					
a. Demonstrate competence in navigating the electronic health record.									
b. Demonstrate satisfactory documentation of physical and psychiatric assessments and nursing notes utilizing the electronic health record.	NA	NA	S NA	NA					
Faculty Initials	LM	CP	FB	BS					

**Comments:** Week 3 (6a,b)- These competencies will be completed during your 1-S clinical rotation, therefore they were changed to a "NA". FB

Objective									
7. Evaluate self-participation in patient care experiences with the focus on safety, ethical, legal, and professional responsibilities. (7)*									
Weeks of Course:	1	2	3	4	5	6	7	8/Make up	Final
a. Identify your strengths for care delivery of the patient with mental illness <b>(cite on tool)</b>	NA	NA	NA	NA					
b. Demonstrates effective use of strategies to reduce risk of harm to self or others. Create a safe environment for patient care.	NA	NA	S	S					
c. Illustrate active engagement in self-reflection and debriefing.	NA	NA	S	S					
d. Incorporate the core values of caring, diversity, excellence, integrity, and “ACE” – attitude, commitment, and enthusiasm during all clinical interactions.	NA	NA	S	S					
e. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect.	NA	NA	S	S					
f. Follow the standards outlined in the FRMCSN policy, “Student Conduct While Providing Nursing Care.”	NA	NA	S	S					
Faculty Initials	LM	CP	FB	BS					

**Comments:**

**Week 4-7(a) The Erie County Health Department Detox Unit is an observation experience, therefore this competency does not need to be addressed. BS**

Nursing Care Plan Grading Tool  
Psychiatric Nursing  
2020

Student Name:	Clinical Date:
Objective # 6: Develop patient-centered plans of care utilizing the nursing process. (3,4,5,6,7)*	
<b>**Nursing care plan not appropriate to patient situation = 0 and automatic unsatisfactory rating</b>	Total Points Comments
Nursing Diagnosis: (3 points) Problem Statement (1) Etiology (1) Defining Characteristics (1)	Total Points Comments:
Goal and Outcome (6 points total) Goal Statement (1 point) Outcome: Specific (1) Measurable (1) Attainable (1) Realistic (1) Time Frame (1)	Total Points Comments:
Nursing Interventions: (8 points total) Prioritized (1) What (1) How Often (1) When (1) Individualized (1) Realistic (1) Rationale (1) All pertinent interventions listed (1)	Total Points Comments:
Evaluation: (5 points total) Date (1) Goal Met/partially/unmet (1) Defining characteristics (1) Plan to continue//modify/terminate (1) Signature (1)	Total Points Comments:

\* Course Objectives

**EVALUATION OF CLINICAL PERFORMANCE TOOL**  
**Psychiatric Nursing**

**Firelands Regional Medical Center School of Nursing**  
**Sandusky, Ohio**

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date:
