

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing- 2020
Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

Student:

Stacy Orzech

Final Grade: Satisfactory/Unsatisfactory

Semester: Summer Session

Date of Completion:

**Faculty: Fran Brennan MSN, RN, Monica Dunbar MSN, RN, Lora Malfara MSN, Rn
 Carmen Patterson MSN, RN, Brittany Schuster MSN, RN**

Teaching Assistants: Devon Cutnaw BSN, RN

Faculty eSignature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, or U". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, the following week it must be addressed with a comment as to why it is no longer a "U". If the student does not state why the "U" is corrected, then it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

- Clinical Patient Profile
- Documentation
- Evaluation of Clinical Performance Tool
- Onsite Clinical Debriefing
- Online Discussion Rubric
- Nursing Process Recording Rubric
- Geriatric Assessment Rubric
- Participation in adjunctive therapies (N.A./A.A.; Erie County Health Department Detox Unit, Hospice inpatient/outpatient care)

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

* End-of-Program Student Learning Outcomes

Objective									
	1. Apply the principles of psychiatric theory in the care of adolescent to geriatric patients with a mental illness diagnosis. (1, 2, 3, 5, 6, 7, 8)*								
Weeks of Course:	1	2	3	4	5	6	7	8/Make Up	Final
Competencies:	NA	NA	S	S	NA				
a. Demonstrate an understanding of the relationship between mental health, physical health, and environment for those patients diagnosed with a mental disorder.	NA	NA	S	S	NA				
b. Correlate prescribed therapies, psychotherapy, and alternative therapies in relation to the patient's mental disorder.	NA	NA	S	S	NA				
c. Provide culturally and spiritually competent care within the scope of nursing that meets the needs of assigned patients from diverse cultural, racial and ethnic backgrounds.	NA	NA	S	S	NA				
d. Identify appropriate methods that will assist the patient to regain independence and achieve self-care	NA	NA	S	S	NA				
e. Recognize normal versus non-normal behavior patterns in terms of developmental milestones. (Erickson).	NA	NA	S	S	NA				
f. Develop and implement an appropriate nursing therapy group activity.	NA	NA	S	NA	NA				
g. Develop a geriatric physical/mental health assessment and education plan. (Geriatric Assessment)					NA

Comments:

Week 1 – Stacy did not have clinical this week therefore all objectives and competencies are NA. LM

Week 3-1(f) Stacy, you did an excellent job developing and implementing an appropriate nursing therapy group activity in clinical this week. You educated the patients on triggers, and had them complete a “What makes you fizz?” activity in order for them to identify their triggers. Great job! BS

Objective									
2. Synthesize concepts related to psychopathology, health assessment data, evidenced based practice and the nursing process using clinical judgment skills to plan and care for patients with mental illness. (1, 2, 3, 4, 5, 6, 7, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8/Make Up	Final
Competencies:	NA	NA	S	S	NA				
a. Assemble a health history which includes past and current history of mental and medical health issues and chief reason for hospitalization. (noticing)	NA	NA	S	S	NA				
b. Identify the individual patient’s symptoms related to the psychiatric diagnosis. (interpreting)	NA	NA	S	S	NA				
c. Demonstrate ability to identify the patient’s use of coping/defense mechanisms. (noticing, interpreting)	NA	NA	S	S	NA				
d. Formulate a prioritized nursing care plan utilizing clinical judgment skills. (noticing, interpreting, responding, reflecting)	NA	NA	S	NA	NA				
e. Apply the principles of asepsis and standard precautions.	NA	NA	S	S	NA				
f. Practice use of standardized EBP tools that support safety and quality. (noticing, responding)	NA	NA	S	NA	NA				
Faculty Initials	LM	CP	BS	CP	BS				

Comments:

Week 3-2(d,f) Satisfactory completion of a prioritized nursing care plan. Please see Nursing Care Plan Rubric at the end of this document for my feedback. Excellent job with your EBP article presentation in debriefing about whether or not physical exercise can increase brain-derived neurotrophic factor in major depressive disorder. BS

* End-of-Program Student Learning Outcomes

Objective									
3. Refine basic verbal and nonverbal therapeutic communication skills when interacting with patients, families, and members of the health care team. (1, 2, 3, 5, 7, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8/Make Up	Final
a. Illustrate professionally appropriate and therapeutic communication skills in interactions with patients, and families.	NA	NA	S	S	NA				
b. Demonstrate professional and appropriate communication with the treatment team by using the SBAR format for handoff communication during transition of care.	NA	NA	S NA	NA	NA				
c. Identify barriers to effective communication. (noticing, interpreting)	NA	NA	S	S	NA				
d. Construct effective therapeutic responses.	NA	NA	S	S	NA				
e. Construct a satisfactory patient-nurse therapeutic communication. (Nursing Process Study)					S				
f. Posts respectfully and appropriately in clinical discussion groups.	NA	NA	S	S	NA S				
g. Respect the privacy of patient health and medical information as required by federal HIPAA regulations.	NA	NA	S	S	S				
h. Teach patient/family based on readiness to learn and patient needs. (responding, reflecting)	NA	NA	S	S	NA				
Faculty Initials	LM	CP	BS	CP	BS/CP				

Comments:

Week 3-3(a, f) Stacy, you did an excellent job appropriately and therapeutically communicating with your patient and other patients in clinical this week. You also did an excellent job with you CDG as well. Keep up all your great work! BS

* End-of-Program Student Learning Outcomes

Week 4 Objective 3f: Stacy, nice work on your discussion post! You recognized the benefits of playing games during therapy e.g. improved attention, concentration, and problem-solving skills. Through your observation of and interaction with your patient, you were also able to determine which groups would benefit him the most. Great work! CP

Week 5-3(e) Stacy, you received an “S” with a total score of 99/100. All requirements for the process recording assignment were met. 1 point was deducted due to not elaborating on strengths. You provided 1 strength and a general comment about your responses. CP

Week 5-3(f) Excellent job with your CDG post. Your responses reflected much thought and were very detailed. It is clear that you have a very good understanding of substance abuse, and the current trends, issues, and risk factors associated with it. Keep up the great work! BS

Objective									
4. Demonstrate knowledge of frequently prescribed medications utilized in treating mental illness. (1, 4, 5, 6, 7)*									
Weeks of Course:	1	2	3	4	5	6	7	8/Make up	Final
a. Discuss the safe administration of medication while observing the six rights of medication administration.	NA	NA	S	S	NA				
b. Demonstrate ability to discuss the uses and implication of psychotropic medications	NA	NA	S	S	NA				
c. Identify the major classification of psychotropic medications.	NA	NA	S	S	NA				
d. Identify common barriers to maintaining medication compliance.	NA	NA	S	S	NA				
e. Explain the effects, adverse effects, nursing interventions and safety issues, related to the use of psychotropic medications.	NA	NA	S	S	NA				
Faculty Initials	LM	CP	BS	CP	BS				

Comments:

* End-of-Program Student Learning Outcomes

Objective									
5. Develop an awareness of community Mental Health resources and services. (5, 6, 7, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8/Make up	Final
a. Identify the need for the community resources-detox unit available to patients with a mental illness.	NA	NA	NA	NA	NA				
b. Discuss recommendations for referrals to appropriate community resources and agencies.	NA	NA	NA	NA	NA S				
c. Attend Erie County Health Department Detox Unit observing the care of a patient with mental illness-substance abuse. (Community Agency Observation-Detox Unit)	NA	NA	NA	NA	NA				
d. Attend Narcotics/Alcoholics Anonymous meeting. (Alcoholics/Narcotics Anonymous at the Artisans of Sandusky Observation)	NA	NA	NA	NA	S				
Faculty Initials	LM	CP	BS	CP	BS				

Comments:

Week 5-5(b) Great job discussing the need for mental health related programs in your CDG post. BS

* End-of-Program Student Learning Outcomes

Objective									
6. Demonstrate satisfactory proficiency when using informatics and techniques in the assessment of patients with a mental illness diagnosis. (1, 2, 3, 4, 6, 8)*									
Weeks of Course:	1	2	3	4	5	6	7	8/Make up	Final
Competencies:	NA	NA	S	S	NA				
a. Demonstrate competence in navigating the electronic health record.									
b. Demonstrate satisfactory documentation of physical and psychiatric assessments and nursing notes utilizing the electronic health record.	NA	NA	S	S	NA				
Faculty Initials	LM	CP	BS	CP	BS				

Comments:

* End-of-Program Student Learning Outcomes

Objective

7. Evaluate self-participation in patient care experiences with the focus on safety, ethical, legal, and professional responsibilities. (7)*

Weeks of Course:	1	2	3	4	5	6	7	8/Make up	Final
a. Identify your strengths for care delivery of the patient with mental illness (cite on tool)	NA	NA	S	S	NA S				
b. Demonstrates effective use of strategies to reduce risk of harm to self or others. Create a safe environment for patient care.	NA	NA	S	S	NA				
c. Illustrate active engagement in self-reflection and debriefing.	NA	NA	S	S	NA				
d. Incorporate the core values of caring, diversity, excellence, integrity, and “ACE” – attitude, commitment, and enthusiasm during all clinical interactions.	NA	NA	S	S	NA S				
e. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect.	NA	NA	S	S	NA S				
f. Follow the standards outlined in the FRMCSN policy, “Student Conduct While Providing Nursing Care.”	NA	NA	S	S	NA S				
Faculty Initials	LM	CP	BS	CP	BS				

Comments:

Week 3 7a- My strength for care this week would be communicating with the patients. My nursing therapy group went really well and I was able to have some good therapeutic communication with each patient. I agree! You did an excellent job overall this week. Keep up all your great work! BS

Week 4 7a- My strengths this week would be getting out of comfort zone and speaking with an agitated patient in special care. I was nervous but was able to speak with the patient. I am happy you were able to have this experience. Thank you for taking time to listen to the patient without judgment. I am sure your presence and your willingness to listen to him helped him in some way. CP

Week 5 7a- My strengths this week is that having an open mind while attending the AA meeting. I struggle with my own feelings when it comes to substance abuse. Great job! BS

Nursing Care Plan Grading Tool
Psychiatric Nursing
2020

Objective # 6: Develop patient-centered plans of care utilizing the nursing process. (3,4,5,6,7)*	Ineffective coping skills R/T low self-esteem
**Nursing care plan not appropriate to patient situation = 0 and automatic unsatisfactory rating Situation Name: Stacy Erzsch	Total Points Comments Clinical Date: 7/7/2020-7/8/2020
Nursing Diagnosis: (3 points) Problem Statement (1)-(1) Etiology (1)-(1) Defining Characteristics (1)-(1)	Total Points: 3 Comments: Stacy, excellent job formulating a nursing diagnosis that is appropriate for your patient. Your defining characteristics were appropriate and nicely done as well. BS
Goal and Outcome (6 points total) Goal Statement (1 point)-(1) Outcome: Specific (1)-(1) Measurable (1)-(1) Attainable (1)-(1) Realistic (1)-(1) Time Frame (1)-(1)	Total Points: 6 Comments: Excellent job, goal statement is written correctly and all outcome statements are SMART. BS
Nursing Interventions: (8 points total) Prioritized (1)-(1) What (1)-(1) How Often (1)-(1/2) When (1)-(0) Individualized (1)-(1) Realistic (1)-(1) Rationale (1)-(1) All pertinent interventions listed (1)-(1)	Total Points: 6.5 Comments: Great job including all pertinent nursing interventions for your patient. Remember to include an example of a time for the intervention to be completed and how often. For example, "Do 15-minute checks on patient to monitor patient's safety and abusive behavior (0700, 0715, 0730, etc)." BS
Evaluation: (5 points total) Date (1)-(1) Goal Met/partially/unmet (1)-(1) Defining characteristics (1)-(1) Plan to continue//modify/terminate (1)-(1) Signature (1)-(1)	Total Points: 5 Comments: Excellent job! BS
Total possible points = 22 18-22 = Satisfactory care plan 17-14 = Needs improvement care plan <13 = Unsatisfactory care plan	Total Points for entire Care plan = 20.5/22 Comments: Satisfactory care plan. Excellent job! BS

EVALUATION OF CLINICAL PERFORMANCE TOOL
Psychiatric Nursing

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
