

**EVALUATION OF CLINICAL PERFORMANCE TOOL**  
**Psychiatric Nursing- 2020**  
**Firelands Regional Medical Center School of Nursing**  
**Sandusky, Ohio**

**Student:**

Jenna Swineford

**Final Grade:** Satisfactory

**Semester:** Summer Session

**Date of Completion:** 8/11/2020

**Faculty:** Fran Brennan MSN, RN, Monica Dunbar MSN, RN, Lora Malfara MSN, Rn  
Carmen Patterson MSN, RN, Brittany Schuster MSN, RN

**Teaching Assistants:** Devon Cutnaw BSN, RN

**Faculty eSignature:** Brittany Schuster MSN, RN

**DIRECTIONS FOR USE:**

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, or U". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, the following week it must be addressed with a comment as to why it is no longer a "U". If the student does not state why the "U" is corrected, then it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

**METHODS OF EVALUATION:**

Clinical Patient Profile  
Documentation  
Evaluation of Clinical Performance Tool  
Onsite Clinical Debriefing  
Online Discussion Rubric  
Nursing Process Recording Rubric  
Geriatric Assessment Rubric  
Participation in adjunctive therapies (N.A./A.A.; Erie County Health Department Detox Unit,  
Hospice inpatient/outpatient care)

**ABSENCE (Refer to Attendance Policy)**

## PERFORMANCE CODE

### SATISFACTORY CLINICAL PERFORMANCE

**Satisfactory (S):** Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

### UNSATISFACTORY CLINICAL PERFORMANCE

**Needs Improvement (NI):** Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

**Unsatisfactory (U):** Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded “U.” A “U” in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the “U,” the faculty member (s) will continue to rate the competency unsatisfactory.

### OTHER

**Not Available (NA):** The clinical experience which would meet the competency was not available.

| Objective                                                                                                                                                                        |                                                                                                                                                       |             |    |    |                   |                   |             |             |                      |  |

Comments:

\* End-of-Program Student Learning Outcomes

**Week 1 – Jenna did not have clinical this week therefore all objectives and competencies are NA. LM**

**Week 3-1(f) Jenna, you did an excellent job developing and implementing an appropriate nursing therapy group activity in clinical this week. You educated the patients, and performed breathing exercises with the patients that they could use as a healthy coping skill/mechanism. Great job! BS**

**Week 4 (1f)- Jenna, you did an excellent job identifying the correct leadership style used during group therapy on the 1-South unit; you identified a democratic style of leadership. You also explained your reasoning for choosing this leadership style. Great job! LM**

**Week 5-1(a,b,c,d) Jenna, excellent job attending the Erie County Health Department Detox Unit this week in which you met all of these competencies. BS**

**Week 6 (1a, d)- Jenna, you demonstrated an understanding of the relationship between mental health, physical health, and the appropriate therapy needed for patients on the hospice unit and during the virtual NA/AA meeting. You also identified various methods to assist patients to achieve self-care and independence. Great job! LM**

**Week 8-1(g) Jenna, you received an “S” with a total score of 98/100. You did an excellent job on this assignment. Two points were deducted for some minor APA errors throughout the paper and on the reference page. Remember to utilize resources for APA that are updated with the 7<sup>th</sup> edition guidelines. Awesome job this semester! BS**

| Objective                                                                                                                                                                                |                                                                                                                                                                                                                                         |    |   |    |    |    |    |           |       |

Comments:

**Week 3-3(a, f) Jenna, you did an excellent job appropriately and therapeutically communicating with your patient in clinical this week. You also did an excellent job with you CDG as well. Keep up all your great work! BS**

\* End-of-Program Student Learning Outcomes

**Week 4 (3a, c, f)- Jenna, you illustrated therapeutic communication with the patients on the 1-South unit this week as you interacted with the patients in the common area and with your patient in the special care unit. You recognized potential barriers to effective communication. You posted substantive information in the CDG for this week. Nice job! LM**

**Week 5-3(e) Jenna, you have received an “S” for the Nursing Process Study assignment with a total score of 95/100. You did an excellent job on this assignment. Unfortunately, five points were deducted because there were only 9 interchanges between yourself and the patient recorded. Please do not hesitate to reach out if you have any further questions or concerns. Keep up all your great work! BS**

**Week 5-3(f) You did an excellent job with your CDG this week. Keep up all your great work! BS**

**Week 6 (3f, g)- Jenna, you posted substantive responses in both of your CDG posts this week. You provided in-text citations and references. You also respected the HIPPA regulations for both clinical experiences. Great job! LM**

| Objective                                                                                                                         |                                                                                                                     |    |    |    |    |    |    |           |       |

**Comments:**

**Week 3-5(a) This competency will become satisfactory when you attend the Erie County Health Department Detox Unit. BS**

**Week 4 (5b)- Jenna, you discussed recommendations for referrals to appropriate community agencies with patients this week on the behavioral health unit. Great job! LM**

**Week 6 (5b, d)- Jenna, you attended an NA/AA virtual meeting as part of the course requirement this week. You also recognized appropriate referrals and community resources through this meeting and while observing on the hospice care unit. Great job! LM**

#### Comments:

Week 3 Objective 7(a): My strength in clinical this week for care delivery of the patient with mental illness was participating in the therapy group with the patient who did not have a partner to be on her team and having a therapeutic conversation with her after therapy group attentively listening to her thoughts and concerns. **Excellent job! BS**

Week 4 Objective 7(a): My strength in clinical this week was talking to the patient in the back unit when the nurses were ignoring him even though I was nervous to talk to him due to the ideas he was expressing and his past history. I felt like responding to him gave him the ability to voice what was going on in his head and gave him someone to listen to his concerns. **Great job, Jenna! I am glad you had the opportunity to converse with the patient utilizing therapeutic communication skills while interacting with him. LM**

Week 5 Objective 7(a): My strength for clinical this week was being nonjudgmental towards the patients that were at the detoxification unit and learning that they will not detox a patient who is pregnant along with the reasons for this. **Great job! I'm glad you learned a lot during this experience. BS**

Week 6 Objective 7(a): My strength for clinical this week was participating in the NA/AA meeting when asked and expanding my knowledge of what goes into the end of life care along with the typical medications they use at Hospice and the reasoning behind each. **Great job, Jenna! LM**

\* Course Objectives

**EVALUATION OF CLINICAL PERFORMANCE TOOL**  
**Psychiatric Nursing**

**Firelands Regional Medical Center School of Nursing**  
**Sandusky, Ohio**

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:
