

**EVALUATION OF CLINICAL PERFORMANCE TOOL**  
Nursing Access–2021

**Firelands Regional Medical Center School of Nursing**  
Sandusky, Ohio

**Student:**

**Semester:** Fall

**Faculty:** Brittany Lombardi, MSN, RN  
Dawn Wikel, MSN, RN, CNE

**Teaching Assistant:** Devon Cutnaw, BSN, RN

**Final Grade:** Satisfactory/Unsatisfactory

**Date of Completion:**

**Faculty eSignature:**

**DIRECTIONS FOR USE:**

Students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S), Needs Improvement (NI), Unsatisfactory (U), and Not Available (NA)**. The faculty member will initial if in agreement with the student’s evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written on the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a “S, NI, or U”. If the student does not self-rate, then it is an automatic “U”. A student who submits the clinical evaluation tool late will be rated as “U” in the appropriate competency(s). Whenever a student receives a “U” in a competency, the following week it must be addressed with a comment as to why it is no longer a “U”. If the student does not state why the “U” is corrected, then it will be another “U” until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory in any one of the competencies, a grade of unsatisfactory is given. An unsatisfactory as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

**METHODS OF EVALUATION:**

- Lasater Clinical Judgment Rubric
- Faculty Feedback
- Skills Demonstration
- Evaluation of Clinical Performance Tool
- Documentation
- Skills Lab Competency Tool
- High Fidelity Simulation
- Simulation Evaluation

## PERFORMANCE CODE

### SATISFACTORY CLINICAL PERFORMANCE

**Satisfactory (S):** Safe; accurate each time, efficient, coordinated; confident, focuses on the patient; some expenditure of excess energy; within a reasonable time period; appropriate affective behavior; occasional supporting cues; minimal faculty feedback related to written clinical work.

### UNSATISFACTORY CLINICAL PERFORMANCE

**Needs Improvement (NI):** Safe; accurate each time; skillful in parts of behavior; focuses more on the skill and self rather than the patient; inefficient, uncoordinated, anxious, worried, flustered at times; expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues; faculty feedback required in several areas of clinical written work.

**Unsatisfactory (U):** Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/patients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U," the faculty member (s) will continue to rate the competency unsatisfactory.

### OTHER

**Not Available (NA):** The clinical experience which would meet the competency was not available.

Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.

---

<b>Objective</b>					
1. Recognize the needs of the individual including respect for diversity using a patient-centered approach and therapeutic communication. (1,2,3,4)*					
Clinical Experience	<b>Week 5</b>	<b>Week 12</b>	<b>Week 15</b>	<b>Make-Up</b>	<b>Final</b>
<b>Competencies:</b>					
a. Identify spiritual needs of the patient and cultural factors which influence healthcare ( <b>Noticing</b> ).					
b. Coordinate care based on respect for patient’s preferences, values, and needs ( <b>Responding</b> ).					
<b>Faculty Initials</b>					
<b>Clinical Location</b>			3T

Objective					
7. Establish personal goals for success in the RN nursing program based upon concepts of self-directed learning, time management, and values clarification. (7)*					
Clinical Experience	Week 5	Week 12	Week 15	Make-Up	Final
<b>Competencies:</b> a. Reflect on areas of strength**(Reflecting).	S				
b. Reflect on areas for self-growth with a plan for improvement.** (Reflecting).	S				
c. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect (Responding).	S				
	BL				

Faculty Initials

**\*\*7(a,b)-You must provide specific examples of areas of strength and areas for self-growth. You must also provide an explanation of how you will improve in your area for self-growth. Example, "I had a hard time with taking a manual BP. I will get a BP cuff and practice manual BP's with at least three members of my family." Please ensure that you answer this section in-depth with your plan of action.**

### Comments

WEEK 5- A) My area of strength this week in clinical is already being familiar with meditech and how to navigate the platform.  
 B) My area of improvement is to be able to better navigate/utilize the plan or care portion of meditech. To obtain this I plan to utilize the computer lab to more familiarize myself with this section of meditech. **Great job! You will have the opportunity to work with Meditech a lot more in both the lab setting and clinical setting during your time in Nursing Access as well as throughout the entire nursing program. We will also discuss the plan of care in Meditech more during your first clinical on 3T. Keep up your great work! BL**

PERFORMANCE TOOL  
Nursing Access–2021**

**Firelands Regional Medical Center School of Nursing  
Sandusky, Ohio**

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

**Student eSignature & Date:** \_\_\_\_\_
