

**EVALUATION OF CLINICAL PERFORMANCE TOOL
Nursing Foundations – 2021**

**Firelands Regional Medical Center School of Nursing
Sandusky, Ohio**

Student:

Final Grade: Satisfactory/Unsatisfactory

Semester: Fall

Date of Completion:

Faculty: Frances Brennan, MSN, RN; Lora Malfara, MSN, RN; Amy Rockwell, MSN, RN

Teaching Assistant: Chandra Barnes, BSN, RN; Devon Cutnaw, BSN, RN; Nick Simonovich, BSN, RN

Faculty Signature:

DIRECTIONS FOR USE:

Each week the students evaluate themselves based on the competencies using the performance code on page 2. The performance code includes the terms **Satisfactory (S)**, **Needs Improvement (NI)**, **Unsatisfactory (U)**, and **Not Available (NA)**. The faculty member will initial if in agreement with the student's evaluation. If there is a discrepancy in the performance code evaluation between the student and the faculty member, a note is written in the comment section by the faculty member with the rationale for the evaluation. All competencies must be rated a "S, NI, U, or NA". If the student does not self-rate, then it is an automatic "U". A student who submits the clinical evaluation tool late will be rated as "U" in the appropriate competency(s) for that clinical week. Whenever a student receives a "U" in a competency, it must be addressed with a comment as to why it is no longer a "U" the following week. If the student does not state why the "U" is corrected, it will be another "U" until the student addresses it. All clinical competencies are critical to meeting the objectives of the course. If the final performance code is unsatisfactory or needs improvement in any one of the competencies, a grade of unsatisfactory is given. If a pattern of unsatisfactory performance occurs after performing the competency satisfactorily, this also constitutes a grade of unsatisfactory. An unsatisfactory or needs improvement as a final score in any single competency results in a clinical course grade of unsatisfactory; this is a failure of the course. The terms Satisfactory and Unsatisfactory will be used in evaluating the final grade or clinical course performance.

METHODS OF EVALUATION:

- | | |
|--|---------------------|
| Skills Lab Checklists | Faculty Feedback |
| Care Map Grading Rubric | Documentation |
| Administration of Medications | Clinical Reflection |
| Simulation Scenarios | |
| Skills Demonstration | |
| Evaluation of Clinical Performance Tool | |
| Clinical Discussion Group Grading Rubric | |
| Lasater Clinical Judgment Rubric | |
| Skills Lab Competency Tool | |

ABSENCE (Refer to Attendance Policy)

Date	Number of Hours	Comments	Make Up (Date/Time)
Faculty's Name			Initials
Chandra Barnes			CB
Frances Brennan			FB
Devon Cutnaw			DC
Lora Malfara			LM
Nicholas Simonovich			NS
Amy Rockwell			AR

PERFORMANCE CODE

SATISFACTORY CLINICAL PERFORMANCE

Satisfactory (S): Safe, accurate each time, efficient, coordinated, confident, focuses on the patient, some expenditure of excess energy, within a reasonable time period, appropriate affective behavior, occasional supporting cues, minimal faculty feedback needed related to written clinical work.

UNSATISFACTORY CLINICAL PERFORMANCE

Needs Improvement (NI): Safe, accurate each time, skillful in parts of behavior, focuses more on the skill and self rather than the patient, inefficient, uncoordinated, anxious, worried, and flustered at times, expends excess energy within a delayed time period, frequent verbal and occasional physical directive cues in addition to supportive cues, faculty feedback required in several areas of clinical written work.

Unsatisfactory (U): Failure to achieve the course competency, safe but needs faculty reminders constantly, not always accurate, unskilled, inefficient, considerable expenditure of excess energy, anxious, disruptive or omitting behaviors, focus on skills and/or self, continuous verbal and frequent physical cues, unsafe, performs at risk to patient/clients/others, unable to function, incomplete, erroneous, faulty, illegible clinical written work, no feedback sought from faculty or response to feedback not evident in submitted written work. If the student does not self-rate a competency the competency is graded "U." A "U" in a competency must be addressed in writing by the student in the Evaluation of Clinical Performance tool. The student response must include how the competency has been or will be met at a satisfactory level. If the student does not address the "U", the faculty member (s) will continue to rate the competency unsatisfactory.

OTHER

Not Available (NA): The clinical experience which would meet the competency was not available.

***Grey shaded weekly competency boxes do not need a student evaluation rating or faculty/teaching assistant initials.**

Objective																		
1. Describe how diverse cultural, ethnic, and social backgrounds function as sources of patient, family, and community values. (2,4,6)*																		
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
Competencies:																		
a. Identify spiritual needs of patient (Noticing).																		
b. Identify cultural factors that influence healthcare (Noticing).																		
c. Coordinate care based on respect for patient's preferences, values, and needs (Responding).			NA	NA	S	NA	S											
d. Use Maslow's Hierarchy of needs to determine the care needs of the assigned patient (Interpreting).			NA	NA	S	NA	S											
		NS	NS	NS	DC	NS												
		NA	NA	4N 69	NA	3T 72												
Clinical Location: Patient age																		
		Meditech Orientation																

Comments

Week 5 1(c,d): You properly utilized Maslow to determine the needs of the patient for this specific clinical. DC

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Objective																		
2. Summarize knowledge of anatomy, physiology, chemistry, nutrition, psychosocial and developmental principles in performance of basic physical assessment through use of clinical judgment skills. (3,4, 5)*																		
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
Competencies:						NA	S											
a. Perform head to toe assessment utilizing techniques of inspection, palpation and auscultation (Responding).																		
b. Use correct technique for vital sign measurement (Responding).			NA	NA	S	NA	S											
c. Conduct a fall assessment and institute appropriate precautions (Responding).						NA	S											
d. Conduct a skin risk assessment and institute appropriate precautions (Responding).																		
e. Collect the nutritional data of assigned patient (Noticing).																		
f. Demonstrates appropriate insertion, maintenance, and removal of NG tube (Responding).																		
g. Describe the findings and the rationale for diagnostic studies with the nursing implications for assigned patient (Interpreting).																		
		NS	NS	NS	DC	NS												

Comments

* End-of-Program Student Learning Outcomes
 Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Objective

3. Select communication techniques and appropriate boundaries with patients, families, and health care team members. (1,2,3,4,6,7)*

Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
Competencies:						NA	S											
a. Receive report at beginning of shift from assigned nurse (Noticing).						NA	S											
b. Hand off (report) pertinent, current information to the next provider of care (Responding).			NA	NA	NA	NA	NA											
c. Use appropriate medical terminology in verbal and written communication (Responding).			NA	NA	S	NA	S											
d. Report promptly and accurately any change in the status of the patient (Responding).			NA	NA	S	NA	S											
e. Communicate effectively with patients and families (Responding).			NA	NA	S	NA	S											
f. Participate as an accountable health care team member in the provision of patient centered care (Responding).			NA	NA	S	NA	S											
		NS	NS	NS	DC	NS												

Comments

Week 5 3 (c,e,f) – You communicated well with your patient and discussed your vital signs appropriately with your clinical instructor. DC

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Objective																		
4. Exemplify advanced searches in accessing electronic health care information and documenting patient care. (1,4,8)*																		
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
Competencies:			NA	NA	S	NA	S											
a. Document vital signs and head to toe assessment according to policy (Responding).																		
b. Document the patient response to nursing care provided (Responding).																		
c. Access medical information of assigned patient in Electronic Medical Record (Responding).			NA	NA	S	NA	S											
d. Demonstrate beginning skill in accessing patient education material on intranet (Responding).		S	NA	NA	NA	NA	S											
e. Provide basic patient education with accurate electronic documentation (Responding).																		
f. Consistently and appropriately post comments for clinical discussion groups on Edvance360 website (Reflection).																		
*Week 2 –Meditech Expanse		NS	NS	NS	DC	NS												

Comments

Week 2 4(d) – Satisfactory for listening attentively and actively participating in the Meditech orientation clinical. NS
 Week 5 4(a,c,d) – Great job documenting vital signs for the first time as a nursing student in Meditech! Your documentation was accurate and portrayed the correct time. DC

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Objective																		
5. Exemplify psychomotor skills and nursing care safely using evidence-based practice. (3,4,5,7,8)*																		
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
Competencies:			NA	NA	S	NA	S											
a. Demonstrate correct body mechanics and practices safety measures during the provision of patient care (Responding).			NA	NA	S	NA	S											
b. Apply the principles of asepsis and standard/infection control precautions (Responding).			NA	NA	S	NA	S											
c. Demonstrates appropriate skill with foley catheter insertion, maintenance, and removal (Responding).																		
d. Manage basic patient care situations with evidence of preparation and beginning dexterity (Responding).			NA	NA	S	NA	S											
e. Organize time providing patient care efficiently and safely (Responding).			NA	NA	S	NA	S											
f. Manages hygiene needs of assigned patient (Responding).																		
g. Demonstrate appropriate skill with wound care (Responding).																		
h. Document the location of fire pull stations and fire extinguishers. ** (Interpreting).						NA	S											
		NS	NS	NS	DC	NS												

Comments

****You must document the location of the pull station and extinguisher here for clinical #2 experience.**

Week 5 5(a,b,d,e) - You correctly obtained the patient's vital signs utilizing proper safety practices as outlined in class and in lab. You were efficient with obtaining VS and communicating with the patient. DC

Week 7: The fire extinguisher and pull station that I had located during orientation was by the UC station on 3 tower.

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Objective																		
6. Develop patient-centered plans of care utilizing the nursing process. (3,4,5,6,7)*																		
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
Competencies: a. Utilize clinical judgment skills to develop a patient-centered plan of care (Responding). *See Care Map Rubric at end of tool																		
		NS	NS	NS	DC	NS												

Comments

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Objective																		
7. Convert basic pharmacology principles into safe medication administration. (3,5,6,7)*																		
Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
Competencies:																		
a. Identify the action, rationale, dosage, side effects and the nursing implications of medications (Interpreting).																		
b. Recognize patient drug allergies (Interpreting).																		
c. Practice the 6 rights and 3 checks prior to medication administration (Responding).																		
d. Administer oral, intramuscular, subcutaneous, and intradermal medications using correct techniques (Responding).																		
e. Review the patient record for time of last dose before giving prn medication (Interpreting).																		
f. Assess the patient response to prn medications (Responding).																		
g. Document medication administration appropriately (Responding).																		
*Week 11: BMV		NS	NS	NS	DC	NS												

Comments

* End-of-Program Student Learning Outcomes
 Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Objective

8. Exemplify professional conduct through self-reflection, responsibility for learning, and goal setting. (1,5,7)*

Clinical Experience	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Mid-Term	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Make-Up	Final
Competencies:			NA	NA	S	NA	S											
a. Reflect on areas of strength** (Reflecting)			NA	NA	S	NA	S											
b. Reflect on areas for self-growth with a plan for improvement. ** (Reflecting)			NA	NA	S	NA	S											
c. Incorporate instructor feedback for improvement and growth (Reflecting).			NA	NA	S	NA	S											
d. Follow the standards outlined in the FRMCSN policy, "Student Code of Conduct" (Responding).			NA	NA	S	NA	S											
e. Incorporate the core values of caring, diversity, excellence, integrity, and "ACE"- attitude, commitment, and enthusiasm during all clinical interactions (Responding).			NA	NA	S	NA	S											
f. Exhibit professional behavior i.e. appearance, responsibility, integrity, and respect (Responding).			NA	NA	S	NA	S											
g. Comply with patient's Bill of Rights (Responding).			NA	NA	S	NA	S											
h. Respect the privacy of patient health and medical information as required by federal HIPAA regulations (Responding).			NA	NA	S	NA	S											
i. Actively engage in self-reflection. (Reflecting)			NA	NA	S	NA	S											
*		NS	NS	NS	DC	NS												

**** Must have different written example each week of clinical/lab. You must explain your plan for how you will improve. Example, "I am having a difficult time with obtaining a manual BP. I will get a BP cuff from Amy and practice manual BP's with at least three members of my family this week." Please ensure that you answer this section in-depth with your plan of action. Each week must be different.**

Week 5.

- a. I felt confident walking into the pt room and communicating/ engaging with them. **You did a good job communicating. DC**
- b. My weakness during this clinical was feeling confident on how to chart in meditech. I obtained vitals and attempted to chart in room but I felt unsure so I had to add to my charting after exiting room. A way that I can improve these abilities are to go to the library at FRMC SON and use the meditech testing resource. **Great plan. Don't hesitate to reach out if you need any assistance. DC**

Week 7.

- a. I felt confident obtaining vital signs on my patient and educating my patient and their family on the reasoning behind why I was initiating a fall risk band, signs, and a bed alarm.
- b. A weakness that I had during clinical 2 was that I had forgotten to ask my patient when their last bowel movement was. A plan for improvement is to keep practicing head to toe assessments on my family at home to become very familiar with the steps of a head to tow assessment and get into a routine. I had choked up as soon as I stepped into the patients room and I think I will get more confident as I grow my experience.

* End-of-Program Student Learning Outcomes

Clinical judgment terminology embedded in each competency – noticing, interpreting, responding, reflecting

Week 10 or 12:

Firelands Regional Medical Center School of Nursing
Care Map Grading Rubric

Course Objective:		Student Name:			
		Date:			
Top Nursing Priority:					
		3 Points >75% Complete	2 Points 50-75% Complete	1 Point <50% Complete	Comments
Noticing	Identify all abnormal assessment findings				
	Identify all abnormal lab finds/diagnostic tests				
	Identify all risk factors				
	Highlight all related/relevant data in the noticing boxes				
Interpreting	List all nursing priorities				
	Highlight the top nursing priority				
	Identify all potential complications				
	Highlight potential complications relevant to top nursing priority				
	Identify signs and symptoms to monitor for each complication				
Responding	List all nursing interventions relevant to top nursing priority				
	Interventions are prioritized				
	All interventions include a frequency				
	All interventions are individualized and realistic				
	An appropriate rationale is included for each intervention				
Reflecting	List the reassessment findings for the top nursing priority				
	Reflection includes one of the following statements: <ul style="list-style-type: none"> • Continue plan of care • Modify plan of care • Terminate plan of care 				

48-33 points = Satisfactory
32-17 points = Needs Improvement
≤ 16 points = Unsatisfactory

Remediation: Date/Evaluation/Initials		

* Course Objectives

- A. Reflect on an area of strength after observing/participating in each simulation scenario.**
- B. Recognize one area for improvement and set a goal to meet this need.**

The goal must include what you will do to improve, how often you will do this, and when you will complete the goal (example- "I forgot to raise the head of the bed when the patient began having trouble breathing. I will review the proper nursing interventions for dyspnea in the textbook and on skyscape twice before the next simulation scenario").

EVALUATION OF CLINICAL PERFORMANCE TOOL
Nursing Foundations – 2021

Firelands Regional Medical Center School of Nursing
Sandusky, Ohio

I was given the opportunity to review my final clinical ratings in each course competency. I was given the opportunity to ask questions about my clinical performance. I have the following comments to make about my clinical performance/final clinical evaluation:

Student eSignature & Date: _____
