

	Seems to do well with verbal communication. Although he did state that he suffers from long + short term memory loss.
<b>Discharge Planning:</b> Identify two (2) resources you would need to help this client maintain optimal level of wellness after discharge.	<ol style="list-style-type: none"><li>1. Follow up with his physician to keep on track with medications.</li><li>2. Go to NA and be in attendance and to comply with all regulations</li></ol>
<b>Concept Map</b>	<b>Attach a concept map related to the care needs of your client.</b>
<b>Other:</b> Include any other information pertinent to the care of this client
