Such conduct violates this policy, even if it is lawful. Because it is difficult to define unlawful harassment, employees are expected to behave in a professional and respectful manner. You as an employee have the right to make the harasser aware of any conduct listed above and ask them to stop.

SEXUAL HARASSMENT DEFINED- Sexual harassment is one form of harassment; it is specifically defined as unwelcome or unsolicited sexual advances (either verbal or physical), requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

REPORTING PROCEDURES- The following steps have been put in place to ensure the work environment at Focused Living is free from harassment. If an employee believes someone has violated this policy, the employee should promptly bring the matter to the immediate attention of their supervisor and/or Human Resources. If the alleged source of the harassment is the supervisor or

Human Resources, immediate contact should be made to the next person in the chain of command, this would include CEO and COO. Employees are strongly encouraged to make their report on the objectionable conduct in writing.

NO RETALIATION- No employee will be subject to, and Focused Living prohibits, any form of discipline or retaliation for reporting perceived violations of this policy in good faith, pursuing any such claim, or cooperating in any way in the investigation of such claims in good faith. If an employee believes someone has violated the no-retaliation policy the employee should bring the matter to their supervisor or Human Resources. If the alleged source of the harassment is the supervisor or Human Resources, immediate contact should be made to the next person in the chain of command, this would include CEO and COO. Regardless of the position or title, anyone who Focused Living determines has violated the No Retaliation policy will be subject to discipline, up to and including termination.

We cannot remedy claimed discrimination, harassment, or retaliation unless you bring these claims to the attention of management. Failure to report claims of harassment and/or retaliation prevents us from making steps to remedy the problem.

It is imperative that all managers of people at Focused Living comply with the Equal Employment Opportunity Policy and enforce it. Each department lead, manager, supervisor is responsible for ensuring that all employees comply with this policy. Focused Living will enforce this policy against any individual engaging in prohibited or unlawful harassment or discriminatory conduct, and against management personnel who knowingly allows such behavior to continue.

Managers must take timely and appropriate action when they know or have reason to suspect a behavior might amount to prohibited or illegal harassment, discrimination or retaliation.

INVESTIGATION PROCEDURES- All complaints of sexual harassment, or harassment of any kind, will be investigated promptly and where necessary, prompt and appropriate action will be taken to stop and remedy the conduct. Reports of harassment and discrimination will be handled as confidentially as possible. However, Focused Living cannot promise confidentiality because of its need to investigate the conduct and take appropriate action.

Any supervisor, agent or employee found in violation will be subject to disciplinary action, up to and including termination.

Drug, Cannabis, and Alcohol Free Workplace Policy

Focused Living is required by law to provide a safe and healthy environment for employees and clients. To achieve these goals, Focused Living has the following rules about the use, possession and sale of drugs, cannabis, and alcohol to employees.

Focused Living prohibits:

- Any possession, sale, transfer, or use of alcohol, cannabis, drugs on Company property.
- Any employee from working under the influence of alcohol, cannabis, drugs; and
- The illegal use of prescription drugs.

Any possession on work premises of alcohol, cannabis, or drugs or prescription drugs that aren't prescribed to the employee will be subject to immediate termination pending a complete investigation. However, alcohol may be consumed on Focused Living properties at authorized social functions sponsored by Focused Living, in which case consumption must be reasonable and responsible, and the use of alcohol during work hours or reporting to work under the influence of alcohol is still strictly prohibited.

Consistent with the requirements of state law, team members may be tested for cannabis, drugs, or being under the influence of alcohol in cases of work-related accidents, damage to Company property or upon reasonable suspicion. A refusal to take a cannabis, drug, or alcohol test will result in disciplinary action, up to and including termination of employment.

Any team member who voluntarily seeks assistance with a self-perceived cannabis, drug, or alcohol problem will not be subject to discipline or retaliation for the act of seeking assistance. Team members desiring assistance should speak to a member of the Human Resource Team to arrange for Company assistance. If a violation of this policy is discovered by means other than by a team member's own admission, the team member will be subject to discipline in accordance with the policies in this Handbook. Depending on the circumstances involved, Bayer Built Woodworks will require the team member to undergo assessment and successfully complete the course of treatment recommended by such assessment.

The illegal or unauthorized use, being under the influence of, sale, distribution, or possession of narcotics, drugs, or controlled substances while on the job (on or off Focused Living property) or on Focused Living property will result in immediate disciplinary action, up to and including termination.

Employees need to notify their supervisor immediately if they suspect an employee is in violation of this policy.

The use of controlled substances as prescribed to you by a licensed physician or are available over the counter is not prohibited in this policy. However, if a physician has prescribed medication that requires any accommodation, or poses safety concerns, please notify your supervisor and or Human Resources to discuss what accommodations are necessary. While taking prescription medications, employees are required to stay within the dose that was originally prescribed by the physician. Violation of this policy will result in disciplinary action, up to and including termination.

Focused Living maintains a policy of non-discrimination and will endeavor to make reasonable accommodations to assist individuals recovering from substance and alcohol dependencies, and those who have a medical history which reflects treatment for substance abuse conditions. However, employees may not request an accommodation to avoid discipline for a policy violation.

The use of cannabis or any cannabis related products is prohibited during working hours by employees. Focused Living does not permit the following with regard to cannabis: use, possession, impairment, sale, or transfer while employees are working on Focused Living properties or operating Focused Living vehicles, machinery, or equipment.

Furthermore, employees may be subject to cannabis, drug, and/or alcohol testing when reasonable suspicion exists to believe that the employee:

1. Is under the influence of cannabis, drugs, or alcohol; or
2. Has violated written work rules prohibiting the use, possession, sale or transfer of cannabis, drugs, or alcohol while working, while on work premises, or while operating Company vehicles, machinery or any other type of equipment; or
3. Has sustained a personal injury or has caused another employee to sustain an injury; or
4. Has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

Reasonable suspicion may be based upon, but it not limited to, facts regarding appearance, behavior, speech, breath, odor, possession, proximity to or use of alcohol, drugs, or cannabis or containers or paraphernalia, poor safety record, excessive absenteeism, impairment of job performance, or any other circumstances that would cause a reasonable employer to believe that a violation of Company's policies concerning cannabis, drugs, or alcohol may have occurred.

The Result of a Positive Test

An employee may refuse to consent to requested cannabis, drug, or alcohol testing. Refusal, however, may be grounds for. An employee who, on religious grounds, refuses to undergo drug and/or alcohol testing, including cannabis testing, of a blood sample will not be considered to have refused testing, unless the employee also refuses to undergo drug, alcohol, or cannabis testing of a urine sample.

If an employee tests positive, the employee will be provided the opportunity (i.e., unpaid leave of absence) to participate in a cannabis, drug, or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by Focused Living, after consultation with a counselor or physician trained in the diagnosis and treatment of chemical dependency, at the employee's expense. An employee may be allowed to return to work prior to the completion of counseling or rehabilitation as long as they are actively engaged in the process of obtaining an appointment, counseling, or rehabilitation. The employee will not be allowed to return to work until a negative test result is obtained on a follow up test. If the employee refuses to attend a cannabis, drug, or alcohol counseling or rehabilitation program or fails to successfully complete a cannabis, drug, or alcohol counseling or rehabilitation program, the employee's employment will end by voluntary resignation.

The Right to Explain a Positive Test Result

An employee who tests positive on a cannabis, drug and/or alcohol test, has the opportunity to explain the positive test result. The explanation must be in writing and must be submitted within three working days of receiving the result. In offering an explanation, the employee shall provide a list of all over the counter or prescription medications and any other relevant information to the reliability of or explanation of the positive test result. The employee also has the right to request a confirmatory retest on the original sample at the employee's own expense. A request for a confirmatory retest must be in writing and submitted within five working days of receiving the test results.

An employee may be suspended without pay or transferred to another position at the same rate of pay pending the outcome of a confirmatory test or confirmatory retest, if reasonably necessary to protect the health or safety of the employee, other employees, Focused Living clients, or the public. An employee who has been suspended without pay will be reinstated with back pay if the outcome of the confirmatory test (or confirmatory retest, if requested) is negative.

Employees have the right to request and receive from Focused Living a copy of the test result report on any drug or alcohol test.

Earned Sick and Safe Time (ESST) Leave Policy

Focused Living Inc. provides employees both part time and full time employees with Paid Time Off (PTO) which meets the requirements of Minnesota's earned sick and safe time law effective January 1, 2024. An employee is anyone who works at least 80 hours in a year for Focused Living Inc. and does not include independent contractors. Temporary and part time employees are covered under the earned sick and safe time law.

Focused Living believes that employees will benefit mentally and physically by periods of rest and relaxation away from the duties and responsibilities of their jobs.

Focused Living provides PTO to all employees that may be used for personal or for any of the following reasons:

- An employee's mental or physical illness, treatment or preventative care,
- The mental or physical illness, treatment or preventative care of an employee's family member;
- Absence due to domestic abuse, sexual assault or stalking of an employee or their family member;
- Closure of an employee's workplace due to weather or public emergency or closure of their family member's school or care facility due to weather or public emergency;
- When determined by a health authority or health care professional that an employee or their

- family member is at risk of infecting others with a communicable disease; and
- To make funeral arrangements, attend a funeral service or memorial or address financial or legal matters that arise after the death of a family member.

Accrual and Eligibility

All employees will accrue ESST at the rate of one (1) hour for every thirty (30) hours worked, up to a maximum of forty-eight (48) hours accrued annually.

“Employee” means any person who is employed by Focused Living and who is anticipated to perform work for at least 80 hours in a year for Focused Living.

An employee who is exempt from the overtime provisions of the Fair Labor Standards Act is assumed to work 40 hours per week.

Guidelines

Employees are eligible to carry over accrued but unused ESST hours into the following year, but the total of ESST carryover hours shall not exceed 80 hours. When the 80-hour overall limit is reached, accrual immediately stops until usage occurs, at which time accrual restarts (until either the yearly or overall limit is reached). When the 48-hour yearly limit is reached, accrual does not restart until the following year.

For purposes of this policy, the calendar year begins on January 1 and ends on December 31. All employees begin accruing hours on the first day of work.

Employees will be paid for their ESST days at their base rate of pay.

ESST may be used in the same increment of time for which employees are paid, and Focused Living is not required to provide leave in less than 15-minute increments. At no time should employees use ESST leave before it has accrued. Any time off taken in excess of an employee's accrual balance will be considered unpaid time off.

If the need for ESST is foreseeable, Focused Living requires seven days' advance notice. However, if the need is unforeseeable, employees must provide notice of the need for ESST time as soon as practicable.

When an employee uses ESST for more than three consecutive scheduled workdays, Focused Living may require reasonable supporting documentation (such as medical documentation supporting medical leave, court records or related documentation to support safety leave). However, if the employee or employee's family member did not receive services from a health care professional, or if documentation cannot be obtained from a health care professional in a reasonable time or without added expense, then reasonable documentation may include a written statement from the employee indicating that the employee is using, or used, ESST for a qualifying purpose. Focused Living will not require an employee to disclose details related to domestic abuse, sexual assault, or stalking or the details of the employee's or the employee's family member's medical condition. In accordance with state law, Focused Living will not require an employee using ESST to find a replacement worker to cover the hours the employee will be absent.

An employee who has been unable to work for a period of time under this policy may be required before being permitted to return to work, to provide medical evidence that he/she is again able to perform all essential duties of his/her position.

Any accrued but unused ESST will not be paid out to an employee in any circumstance, including upon separation and/or termination of employment.

Focused Living shall not discharge, discipline, penalize, interfere with, or otherwise retaliate or discriminate against an employee for asserting ESST leave rights under this policy, requesting an ESST leave of absence, or pursuing remedies. It is unlawful to report or threaten to report a person or a family member's immigration status for exercising a right under the ESST law.

The organization shall assist the employee to fulfill this responsibility by granting the employee an unpaid leave of absence for the duration of jury duty. The employee shall inform their supervisor of upcoming jury duty within 48 hours of receipt of the jury summons. If an employee is excused or released early on a day for jury duty the employee must communicate this to their supervisor. The supervisor will determine if there is a need for the employee to return that day or on their next scheduled shift.

Focused Living will not discharge, threaten, or otherwise coerce employees because they receive a summons to respond, serve as juror or attend court for prospective jury duty.

Leave may also be used to observe and monitor daycare, prekindergarten, regular or special education programs. Employees must provide reasonable notice of the leave and make a reasonable effort to schedule a leave so as not to disrupt Focused Living operations. Employees may use Paid Leave for this purpose.

Voting Leave Policy

If you need time off to vote in a primary or general election, an election to fill a vacancy in the United States Senator or United States Representative, or an election to fill a vacancy in the Office of State Senator or State Representative, because your work schedule would otherwise prevent you from being able to vote, inform your supervisor prior to the election day and you will be provided reasonable time to vote. Please try to vote at the beginning or end of your shift. Time for this purpose is paid time off.

Family Medical Leave Act (FMLA) Policy

Employees may be entitled to a leave of absence under the Family Medical Leave Act (FMLA). This policy provides information regarding the FMLA entitlements and obligations employees may have in regard to the leave. If employees have questions in regard to FMLA leave they should contact Human Resources.

Employees eligible for FMLA Leave:

FMLA Leave is available to "eligible employees". To be an "eligible employee", an employee must, as of the date FMLA leave is to start: (1) Have been employed by Focused Living for at least 12 months (which need not be consecutive); (2) Have worked for Focused Living for at least 1250 hours of service during the 12 month period immediately preceding the commencement of the leave; and (3) Be employed at a worksite where 50 or more employees are employed within 75 miles of the worksite.

Employee Entitlement:

As described below, the FMLA provides eligible employees with a right to leave, continued health insurance benefits, and, with some limited exceptions, job restoration.

Basic FMLA Entitlement:

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave in a 12 month period to eligible employees for certain family and medical reasons. The 12 month period is determined on a "rolling" 12 month basis dating back from the time the employee requests leave. Leave may be taken for any of the reason or combination of the reasons listed below:

1. To care for an employee's child after birth, or placement for adoption or foster care.
2. To care for the employee's spouse, son, daughter, parent (not in-law) who has a serious health condition.
3. For the employee's own serious health condition (including any period of incapacity due to pregnancy, parental medical care, or childbirth) that makes the employee unable to perform one or more of the essential functions of the employee's job.

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents that employee from performing the functions of the employee's job or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least 2 visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Military Family Leave Entitlements:

Eligible employees with a spouse, son, daughter, or parent on covered active duty or called to covered active-duty status (or has been notified of an impending call or order to covered active duty) in the Reserve component of the Armed Forces for deployment to a foreign country may use their 12 week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, caring for the parents of the military member on covered active duty, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement which permits eligible employees to take up to 26 weeks of leave to care for a covered service member with a serious injury or illness during a single 12 month period (one time basis only). A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or on the temporary retired list, for a serious injury or illness. These individuals are referred to in this policy as "current members of the Armed Forces." Covered service members also includes a veteran who is discharged or released from the military services under condition other than dishonorable at any time during 5 year period preceding the date the eligible employee takes FMLA leave to care for the covered Veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness. These individuals are referred to in this policy as "covered veterans."

The FMLA definitions of a "serious injury or illness" for current Armed Forces members and covered veterans are distinct from the FMLA definition of "serious

health condition" applicable to FMLA leave to care for a covered family member.

Minnesota Family Military Leave Entitlements:

A Minnesota employee who is the spouse, parent, or child of a member of the military is entitled to a reasonable amount of unpaid leave not to exceed 2 consecutive days or 6 days in a calendar year for attending military events such as deployment, return ceremonies, family training or military integration events.

Minnesota employees are also eligible for up to 10 days unpaid leave of absence when an immediate family member (employee's parent, child, grandparents, siblings, or spouse) is a member of the United States armed forces, has been injured or killed while engaged in active service. Employees must give as much notice to Focused Living as practicable of the employee's intent to exercise the leave.

Intermittent Leave and Reduced Leave Schedules:

FMLA Leave usually will be taken for a period of consecutive days, weeks, or months. However, employees are also entitled to take FMLA leave intermittently, or on a reduced leave schedule when medically necessary due to a serious health condition of the employee or covered family member or the serious injury of a covered service member. Qualifying exigencies leave also may be taken on an intermittent basis. Employees must take reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt Focused Living operations.

Substitution of Paid Leave for Unpaid Leave:

Employees must use any accrued paid time while taking FMLA unpaid leave. The substitution of paid time for unpaid FMLA leave time does not extend the length of FMLA leave and the paid time will run concurrently with an employee's FMLA entitlement except that employees on leaves due to birth or adoption need not use their accrued Paid Leave during the first 6 weeks of their leave if they choose not to.

Leaves of absence taken in connection with a disability leave plan or workers compensation injury/illness shall run concurrently with any FMLA leave entitlement.

Protection of Group Health Insurance Benefits:

If applicable during FMLA leave, Focused Living must maintain health coverage under any "group health plan" employee had continued to work. If paid time off is substituted for unpaid leave, Focused Living will deduct the employee's portion of any applicable health plan premium as a regular payroll deduction. The employee must make arrangements with Human Resources prior to taking leave to come in and pay monthly, their portion of any applicable health insurance premiums each month. If the employee's premium is more than 30 days late, the applicable coverage may cease without notice.

Restoration of Employment and Benefits:

At the end of FMLA leave, subject to some exceptions, employees generally have a right to return to the same or equivalent positions with equivalent pay, benefits and other employment terms. In certain situations, Focused Living may be unable to allow a "key employee" to return to his or her position after FMLA leave. Focused Living will notify those employees who qualify as "key employees." Should Focused Living decide that returning a "key employee" to his or her position would cause

Focused Living substantial and grievous economic injury, Focused Living will notify the employee of that determination as soon as practicable. Employees will be informed of their rights in such instances. Use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the state of an eligible employee's FMLA leave.

Notice of Eligibility for, and Designation of, FMLA Leave:

Focused Living will inform employees requesting leave whether they are eligible under FMLA. If they are, Focused Living will specify any additional information required and provide notice of the employees' rights and responsibilities. If they are not eligible, Focused Living will provide a reason for ineligibility.

Focused Living will also inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If Focused Living determines that the leave is not FMLA-protected, Focused Living will notify the employee.

Focused Living may retroactively designate leave as FMLA leave with appropriate written notice to employees provided Focused Living's failure to designate leave as FMLA-qualifying at an earlier date did not cause harm or injury to the employee. In all cases where leaves qualify for FMLA protection, Focused Living and employees can mutually agree that leave will be retroactively designated as FMLA leave.

Employee FMLA Leave Obligations:

A. Provide Notice of the Need for Leave

Employees who take FMLA leave must timely notify Focused Living of their need for FMLA leave. The following describes the content and timing of such employee notices.

B. Content of Employee Notice

To trigger FMLA leave protections, employees must inform their supervisor and/or the Human Resources Department of Focused Living of the need for FMLA-qualifying leave and the anticipated timing and duration of the leave, if known. Employees may do this by either requesting FMLA leave specifically or explaining the reasons for leave so as to allow Focused Living to determine that the leave is FMLA-qualifying. For example, employees might explain that:

- A medical condition renders them unable to perform the functions of their job
- They are pregnant or have been hospitalized overnight
- They or a covered family member are under the continuing care of a healthcare provider.
- The leave is due to a qualifying exigency caused by a military member being on covered active duty, or called to covered active-duty status to a foreign country or
- If the leave is for a family member, that the condition renders the family member unable to perform daily activities, or that the family member is a covered service member with a serious injury or illness.

Calling in "sick," without providing the reasons for the needed leave, will not be considered sufficient notice for FMLA leave under this policy. Employees must respond to Focused Living's questions to determine if absences are potentially FMLA-qualifying.

If employees fail to explain the reasons for leave, the leave may be denied. When employees seek a leave due to FMLA-qualifying reasons for which Focused Living has previously provided FMLA-protected leave, the employee must specifically reference the qualifying reason for the leave or the need for FMLA leave.

A. Timing of Employee Notice:

Employees must provide a 30-day advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days' notice is not possible, or the approximate timing of the need for leave is not foreseeable, employees must provide Focused Living notice of the need for leave as soon as practicable under the facts and circumstances of the particular case. Employees who fail to give 30 days' notice for foreseeable leave without a reasonable excuse for the delay, or otherwise fail to satisfy FMLA notice obligations, may have FMLA leave delayed or denied.

B. Cooperate in the Scheduling of Planned Medical Treatment, Intermittent

Leave or Reduced Leave Schedules:

When planning medical treatment, employees must consult with Focused Living and make a reasonable effort to schedule treatment so as not to unduly disrupt Focused Living's operations, subject to the approval of an employees' health care provider. Employees must consult with Focused Living prior to the scheduling of treatment to work out a treatment schedule which best suits the needs of both Focused Living and the employees, subject to the approval of an employee's health care provider. If employees providing notice of the need to take FMLA leave on an intermittent basis for planned medical treatment neglect to fulfill this obligation, Focused Living may require employees to attempt to make such arrangements, subject to the approval of the employee's health care provider.

When employees take intermittent or reduced work schedule leave for foreseeable planned medical treatment for the employees or a family member, including during a period of recovery from a serious health condition or to care for a covered service member. Focused Living may temporarily transfer employees, during the period that the intermittent or reduced leave schedules are required, to alternative positions with equivalent pay and benefits for which the employees are qualified and which better accommodate recurring periods of leave.

When employees seek intermittent leave or a reduced leave schedule for reasons unrelated to the planning of medical treatment, upon request, employees must advise Focused Living of the reason why such leave is medically necessary. In such instances, Focused Living and employees shall attempt to work out a leave schedule that meets the employee's needs without unduly disrupting Focused Living's operations, subject to the approval of the employee's health care provider.

A. Submit Certifications Supporting Need for FMLA Leave

Depending on the nature of FMLA leave sought, employees may be asked to submit certifications supporting their need for FMLA-qualifying leave. If an employee chooses not to submit a certification upon request, they may not be entitled to FMLA leave.

It is the employee's responsibility to provide Focused Living with timely, complete and sufficient certifications in order to qualify for leave. Whenever Focused Living requests employees to provide FMLA certifications, employees must provide the requested certifications within 15 calendar days after the request, unless it is not practicable to do so despite an employee's diligent, good faith efforts.

Focused Living will inform employees if submitted certifications are incomplete or

insufficient and provide employees at least 7 calendar days to cure deficiencies. Focused Living will deny FMLA leave to employees who fail to timely cure for deficiencies or otherwise fail to timely submit requested certifications.

Certifications for Serious Health Condition Leave (Self or Family Member)

As described below, there generally are 3 types of FMLA medical certifications; an initial certification, a recertification, and return to work/fitness for duty certification.

With the employee's permission, Focused Living (through individuals other than an employee's direct supervisor) may contact the employee's health care provider to authenticate or clarify completed and sufficient medical certifications. If employees choose not to provide Focused Living with authorization allowing it to clarify or authenticate certifications with health care providers, Focused Living may deny FMLA leave if certifications are unclear.

Initial Medical Certifications: Employees requesting leave because of their own, or a covered family member's serious health condition, or to care for a covered service member, must supply a medical certification supporting the need for such leave from their health care provider or, if applicable, the health care provider id their covered family or service member. If employees provide at least 30 days' notice of medical leave they should submit the medical certification before the leave begins. A new initial medical certification will be required on an annual basis for serious medical conditions lasting beyond a single leave year.

If Focused Living has reason to doubt initial medical certifications, it may require employees to obtain a second opinion at Focused Living's expense. If the opinions of the initial and second health care provider differ, Focused Living, at its expense obtains a 3rd and final binding certification from a health care provider designated or jointly approved by Focused Living and the employee.

Medical Recertification: Depending on the circumstance and duration of FMLA leave, Focused Living may require employees to provide recertification of medical conditions giving rise to the need for leave. Focused Living will notify employees if recertification is required and will give employees at least 15 calendar days to provide medical recertification.

Certifications Supporting Need for Military Family Leave

Upon request, the first time employee seeks a leave due to qualifying exigencies arising out of the covered active duty or call covered active duty status of a military member, Focused Living may require employees to provide: 1. A copy of the military's member active duty orders or other documentation issued by the military indicating the military member is on covered active duty or call to active duty status and the dates of the military member's covered active duty service; 2. A certification from the employee setting forth information concerning the nature of the qualifying exigency for which leave is requested. Employees shall provide a copy of new active duty orders or other documentation issued by the military for leaves arising out of qualifying exigencies arising active duty or call to covered active duty status of the same or a different military member.

When leave is taken to care for a covered service member with a serious injury or illness, Focused Living may require employees to obtain certifications completed by an authorized health care provider of the covered service member. In addition, and in accordance with the FMLA regulations, Focused Living may

request that the certification submitted by employees set forth additional information provided by the employee and/or the covered service member confirming entitlement to such leave.

A. Pay Employee's Share of Health Insurance Premiums

As noted above, during FMLA leave, employees are entitled to continue group health plan coverage under the same conditions as if they had continued to work. Unless Focused Living notifies employees of other arrangements, whenever employees are receiving pay from Focused Living during FMLA leave, Focused Living will deduct the employee portion of the group health plan premium from the employee's paycheck in the same manner as if the employee was actively working. If the employee's leave is unpaid, the employee must make arrangements with Human Resources prior to taking leave to pay their portion of any applicable health insurance premiums each month.

Focused Living's obligation to maintain health care coverage ceases if an employee's premium payment is more than 30 days late. If an employee's payment is more than 15 days late, Focused Living will send a letter notifying the employee that coverage will be dropped on a specified date unless the co-payment is received before that date. If employees do not return to work within 30 calendar days at the end of the leave period (unless employees cannot return to work because of serious health condition or other circumstances beyond their control} they will be required to reimburse Focused Living for the cost of the premiums Focused Living paid for maintaining coverage during their unpaid FMLA leave.

A. Report Periodically Concerning Intent to Return to Work:

Employees must contact Focused Living periodically regarding their status and intention to return to work at the end of FMLA leave period. If an employee's anticipated return to work date changes and it becomes necessary for the employee to take more or less leave than originally anticipated, the employee must provide Focused Living with reasonable notice (within 2 business days} of the employee's changed circumstances and new return to work date. If employees give Focused Living unequivocal notice of their intent not to return to work, Focused Living's obligation to maintain health benefits (subject to COBRA requirements), and to restore their positions cease.

Coordination of FMLA Leave with Other Leave Policies:

The FMLA does not affect any federal, state, or local law prohibiting discrimination, or supersede any state or local law which provides greater family or medical leave rights. For additional information concerning leave entitlements and obligations that might arise when FMLA leave is either not available or exhausted, please consult Focused Living's other leave policies or contact Human Resources.

Questions and/or Complaints about FMLA Leave:

If you have any questions regarding this FMLA policy, please contact Human Resources. Focused Living is committed to complying with the FMLA and, whenever necessary, shall interpret and apply this policy in a manner consistent with the FMLA.

FMLA makes it unlawful for employers to: 1} interfere with, restrain, or deny the exercise of any right provided under FMLA; or 2} discharge or discriminate against any person for opposing any practice made unlawful by FMLA or involvement in any

proceeding under or relating to FMLA. If employees believe their FMLA rights have been violated, they should contact the Human Resources Department immediately. Focused Living will investigate any FMLA complaints and take prompt and appropriate action to address and/or remedy any FMLA violation. Employees also may file FMLA complaints with the United States Department of Labor or may bring private lawsuits alleging FMLA violations.

Military Leave Policy

If you are called to active military duty or enlist in the uniformed services, you are eligible for unpaid military leave of absence in accordance with state and federal laws. Present your supervisor with a copy of your service papers as soon as you are able. To be eligible for military leave, you must provide management with advance notice of your service obligations unless you are prevented from providing such notice by military necessity or it is otherwise impossible or unreasonable for you to provide such notice.

During your absence, your length of service accumulates, and your benefits will continue as required by applicable law. Provided your absence doesn't exceed applicable statutory limitations, you will retain reemployment rights and accrue seniority and benefits in accordance with applicable federal and state laws.

If you are required to attend yearly Reserves or National Guard duty, you may apply for an unpaid temporary military leave of absence not to exceed the number of days allowed by law, (including travel). However, if you prefer, you may use your accrued PTO time for this purpose. You should give your supervisor as much advance notice as possible so we can ensure proper coverage while you are away.

Please ask Human Resources for further information.

Civil Air Patrol Duty Leave Policy

Employees who are members of the civil air patrol, who are rendering services as a member of the civil air patrol at the request and under the authority of the state or any political subdivision, shall be entitled to a leave of absence without pay for this time. Leave will be granted, unless it would unduly disrupt the operations of Focused Living.

Relatives of Armed Service Members Leave Policy

Relatives of armed service members shall be granted up to 10 days of unpaid leave if the family member is injured or killed during action. A relative is a grandparent, parent, legal guardian, sibling, child, grandchild, spouse, fiancé or fiancée. The employee has the option of substituted paid leave (if applicable) for this unpaid leave. A relative may also be granted one day of unpaid leave to attend a send-off or homecoming ceremony. For this leave, the employee must give as much notice as possible.

Personal Leave of Absence Policy

Relatives or armed service members shall be granted up to 10 days of unpaid leave if the family member is injured. A relative is a grandparent, parent, legal guardian, sibling, child, grandchild, spouse, or fiancée. The employee has the option of substituted paid leave for this unpaid leave. A relative may also be granted 1 day of unpaid leave to attend a send off or homecoming ceremony. For this leave, the employee must give as much notice as possible.

Personal Leave of Absence Policy

Employees requesting a personal leave of absence from Focused Living may be required to change status. This request must be reviewed and approved by leadership.

Employees on Personal Leave of Absence for 1-30 days:

Employer paid benefits will continue as they were immediately before the leave began for the 30 days.

Employees on Personal Leave of Absence of greater than 30 days, or employees whose regular schedules are reduced and no longer qualify for benefits.

Employer paid benefits, other than for employees on FMLA, will no longer be paid by the employer, the employee may be eligible for benefit continuation under COBRA.

A fitness for duty statement may be required prior to return for leaves related to personal illness or injury.

Parental Leave Policy

All employees are entitled to take an unpaid leave of absence under the Pregnancy and Parenting Leave Act of Minnesota. Female employees for prenatal care, or incapacity due to pregnancy, childbirth, or related health conditions as well as a biological or adoptive parent in conjunction with the birth or adoption of a child, are eligible for up to 12 weeks of unpaid leave. Any paid or unpaid leave taken for prenatal care medical appointments will not count toward the 12-week leave.

Additionally, leave under this section must begin within twelve months of the birth or adoption of the child. In the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital. Employees should provide reasonable notice, which is at least 30 days. If the leave must be taken in less than three days, the employee should give as much notice as practicable. Leave taken pursuant to the MPLA will run concurrently with any leave entitlement under the FMLA.

Crime Victims Leave Policy

Minnesota Employees who are victims of a violent crime and are subpoenaed or requested by the prosecutor to attend court for the purpose of giving testimony may be granted reasonable time off from work without pay to attend criminal proceedings related to the victim's case. Employees who are a victim's spouse or immediate family member may be granted reasonable time off from work without pay to attend criminal proceedings related to the victim's case.

Employees must give 48 hours advanced notice of the request for time off pursuant to this policy, unless impracticable or an emergency prevents the employee from doing so. This leave will be unpaid, unless otherwise required by law or covered by the PTO policy.

Time Off for Party Officer/Delegates

Minnesota Employees may take paid time off from work to attend any meeting of the State Central Committee or Executive Committee of a major political party if the employee is a member of the committee. The employee may attend any convention

of a major political party delegate, including meetings of official convention committees if the employee is a delegate or an alternate delegate to that convention.

Employees who require such leave must provide their supervisor with at least 10 days advance written notice. Time away from work for this purpose will be considered unpaid unless the employee chooses to use PTO leave during their absence.

Bone Marrow/Organ Donation Leave

Employees working an average of 20 or more hours per week may take paid leave, not to exceed 40 hours, unless agreed to by Focused Living, to undergo medical procedures to donate bone marrow or an organ. The 40 hours is over and above the amount of accrued time the employee has earned.

Focused Living may require a physician's verification of the purpose and length of the leave requested to donate bone marrow or an organ. If there is a medical determination that the employee does not qualify as a bone marrow or organ donor, the paid leave of absence granted to the employee prior to that medical determination is not forfeited.

An employer shall not discharge, discipline, penalize, interfere with, or otherwise retaliate or discriminate against an employee for asserting bone marrow or organ donation leave rights or remedies.

Extended Leave

Focused Living may, at its discretion, grant an employee a leave of absence, without pay, when sufficient personal reasons necessitate such a leave. However, employees are not eligible for a leave of absence until they have been continuously employed for 12 months and all accrued PTO has been exhausted.

Focused Living may require an employee to provide documentation, such as a doctor's certification of illness or disability, supporting the employee's need for a leave of absence, and Focused Living may periodically require the employee to provide such supporting documentation on a regular basis during the leave of absence. Prior to, or upon an employee's return to work from a leave of absence, Focused Living may also require the employee to provide documentation establishing the employee's ability to return to work.

Focused Living reserves the right to determine the duration of the leave of absence. If the employee fails to return to work immediately after his or her leave of absence expires, the employee will be considered to have voluntarily resigned his or her position with Focused Living.

Employees with health benefits may continue their health insurance benefits while on a leave of absence by paying the full cost of the employee portion of their premium to remain covered each month during the leave. Employees who wish to continue their insurance coverage should so advise the CEO before beginning their leave.

Because operations sometimes require that vacant positions be filled, a leave of absence does not guarantee the job will be available when the employee returns from a leave. Focused Living will, however, make an effort to place you in your previous position or a comparable job which you are qualified to perform. If no such position is available, you may be eligible for rehire as a new employee if you apply for an available position for which you are qualified and if your prior work history warrants your rehire.

Unpaid Non-Family Medical Leave Act Medical Leave

This leave category applies to Full time employees that have been employed with Focused Living for at least 90 days, less than 1 year. Focused Living understands that there are some circumstances in which an employee may need a medical leave during their first year of employment and prior to qualifying for FMLA. The circumstances that are considered for this leave category are needs that cannot be postponed until qualifying for the leave. Examples are but not limited to, the birth of a child, or a non-elective surgery that cannot wait. The employee is responsible for initiating a meeting with Human Resources as far in advance of the leave as possible.

The employee will make a written request for leave and paperwork will be completed to include an expected return date. The maximum amount of time that may be granted for Unpaid Non-FMLA Medical Leave is 4 weeks. For non-FMLA leave, the same position and pay are not guaranteed to be available upon return from leave. However, Focused Living will make efforts to provide Full Time work upon the employee's return. The employee would be required to use all accrued paid leave time prior to taking unpaid time and must pay in advance the full benefits premium amount that will be missed while out (employee and employer portions). During this leave, the employee does not return upon the agreed upon return date, it will be considered a voluntary resignation of employment.

Separation of Employment Policies

Resignation Policy

Focused Living is an at-will employer. Therefore, for any reason or at any time, an employee may resign from their position. Focused Living asks that employees submit their voluntary resignation in writing utilizing the Change of Status Form. This needs to be provided to your supervisor. Employees accepting a different position, a secondary position, or that are promoted should meet with Human Resources to complete the Change of Status Form.

An employee's voluntary resignation period begins when their direct supervisor receives the written resignation and ends once the required resignation period is satisfied. If advanced notice is provided beyond the required resignation period, the resignation period begins when the required resignation period requirement is satisfied prior to the employee's given date of resignation.

Focused Living requests the following resignations period:

Non-exempt employees: 14 days (2 weeks)

Exempt employees: 30 days (1 month)

Employees who resign after working at least 6 months and who work for the requested resignation period at Focused Living's sole discretion, may receive payment for their unused PTO in their final paycheck. Employees terminated for misconduct are not eligible for payout of any accrued and unused benefits.
