You **must** save your file as a PDF or it will not be accepted.

Next, follow these directions to complete the assignment:

1. Type your name in the box in the lower-left corner of the next page.
2. Fill out the assigned items:
 - Type your evidence in the indicated space.
 - Select the row scores by clicking in the appropriate box for each row.
3. Then, save the file again so that you do not lose your work.
4. To upload the finished assignment, click on the Dropbox tab, then click the text that says, “Upload File”. Click “Browse” to select the file from your computer, and then click “Submit”.

I. LEARNING ENVIRONMENT

Item I-A The indoor space has a variety of interest areas that have names and are intentionally organized.

SCORE		Levels	Notes:			Evidence:
Row 1 	A variety of interest areas that provide diverse activities (e.g., creative, construction, dramatic play, inquiry based, literacy) are evident and have names.	1-None 2-Few 3-Some 4-Many	Scoring note: To score a 4 , interest areas have names and are evident, and it is clear that the adults and children know the names of the interest areas.			During my observation of the classroom, I observed clearly defined areas with signs for art, dramatic play, science, math blocks, library, social, emotional calming area, writing center. Teachers named the learning areas by name as children pointed to areas they chose to play at.
Row 2 	Level 1 Materials are minimally organized or are not organized into interest areas.	Level 2 At least one of the bullets in level 4 is in place.	Level 3 At least two of the bullets in level 4 are in place.	Level 4 The materials in the interest areas are <ul style="list-style-type: none"> • Intentionally organized. • Grouped by function. • Accessible to children throughout the day. 	Scoring note: To score a 4 , the materials must be accessible to all children throughout the day. Putting the same items in multiple interest areas, where they may contribute to children's play, is acceptable (e.g., writing utensils in the home area as well as the art area). Examples of grouping by function or types: <ul style="list-style-type: none"> ○ Things that fasten (e.g., tape, stapler, paper clips) ○ Things to build with (e.g., unit blocks, Bristle Blocks, cardboard blocks) 	Prior to students arriving during my observation items from the materials checklist were organized by function in the art, writing, math, science, blocks, library, the dramatic play area was closed and not all art materials were introduced as this was the start of their 3rd day of school.

Item I-B Classroom materials are plentiful. (Use Classroom Materials Checklist for scoring.)
