

Contrasting Climate !

I fall in support and Laissez-faire

Consider the description of the three contrasting climates for children in one or two sentences describe where you think you fall on the continuum and why

- Why Support -I feel during work time supporting the children is very important because it helps boost their confidence in supporting their decisions during small groups even if it's slightly different from what you planned.
- Why Laissez -faire I feel something you have to let the children get control for you to be able to see how develop they are and to be able to see where they need help in

What are your ideas for moving toward a more supportive role or continuing to provide a more supportive role at small group time

- Some ideas that I have to move forward in a more supportive role is to constantly let the children know that they are doing a great job making sure that i'm always encouraging and complementing their work
