

## MATERNAL/NEWBORN CLINICAL EVALUATION TOOL

Student Name: Marianne Florido

**Scoring of Clinical Evaluation Tool:**

The clinical evaluation tool will be completed at Midterm and the end of the semester for a Final clinical grade. Each student performance will be assessed using an “M” (Met) , “NM”(Not met) , or “P”(Progressing) at Midterm and the Final. Students must receive an “M” for all performances to pass the clinical component of the course by **the completion of the clinical experience.**

Students must receive an “M” for all performances to pass the clinical component of the course by **the completion of the clinical experience.**

**COURSE LEARNING OUTCOMES**

**CLO 1:** Collaborate with the interdisciplinary healthcare team, family and patient to provide developmentally appropriate health promotion, screenings and care. (patient centered care/collaboration)

	Midterm		Final	
	M	NM	M	NM
<b>Communicate relevant, accurate, and complete information in a concise and clear manner.</b>	P		M	
<b>Protect confidential information.</b>	X		M	
<b>Seek internal resources to assist in health teaching to meet family’s learning needs.</b>	P		M	
<b>Coordinate the implementation of an individualized plan of care for clients and significant support person(s).</b>	P		M	
<b>Facilitate the continuity of care within and across healthcare settings.</b>	P		M	
<b>Work cooperatively with others to achieve patient and organizational outcomes</b>	X		M	
<b>Collaborate with the patient, significant support person/s, and other members of the healthcare team to evaluate progress toward achievement of outcomes</b>	P		M	

**CLO 2:** Utilize clinical judgment to provide safe, evidenced-based care for the pediatric patients and their families in various settings. (safety)

	Midterm		Final	
	M	NM	M	NM
<b>Utilize assessment findings to determine and prioritize plan of care.</b>	P		M	
<b>Integrate cultural and spiritual assessment data into the patient’s collaborative plan of care.</b>	P		M	
<b>Applies the nursing process to develop a plan of care based on patients’ needs to ensure patient safety.</b>	P		M	
<b>Demonstrate an understanding of the patient’s disease pathophysiology evident in the plan of care.</b>	X		M	
<b>Assess the client’s health status by completing a health history and performing a physical, cognitive, psychosocial, and functional assessment.</b>	P		M	
<b>Provide care that respects and is sensitive to the patients’ and families’</b>	P		M	

preferences.				
Consistently communicate with the patient and family in a therapeutic manner.	P		M	
Report and document assessments, interventions, and progress toward client outcomes.	P		M	
Make clinical judgments and management decisions to ensure accurate and safe care.	P		M	
Identify and honor the emotional, cultural, religious, and spiritual influences on the patient's health	P		M	
Provide accurate and safe nursing care in diverse settings	P		M	
Adapt care in consideration of the patient's values, customs, culture, and/or practices	P		M	
Promptly meets the individual needs of patients in an inpatient adult health setting.	P		M	
Prioritize patient care	P		M	

**CLO 3:** Integrate previous medical surgical knowledge, and pediatric adaptations to provide and document quality patient-centered care for patients. (quality)

	Midterm		Final	
	M	NM	M	NM
Applies evidence from a variety of resources to determine safe nursing interventions.	P		M	
Provides safe and competent patient care	X		M	
Coordinate care for patients to create a culture of safety.	P		M	
Practice within the parameters of individual knowledge and experience.	X		M	
Perform focused assessments and interpret relevant data.	P		M	
Seek learning opportunities to gain new clinical experiences.	X		M	
Apply knowledge of sound evidence when planning and giving safe, quality care	P		M	

**CLO 4:** Demonstrate professional behaviors within legal and ethical standards to meet the age appropriate needs of the pediatric population.

	Midterm		Final	
	M	NM	M	NM
Evaluate self and performance identifying areas needing improvement.	P		M	
Maintain organizational and client confidentiality.	X		M	
Demonstrate accountability for nursing care given by self and/or delegated to others.	P		M	
Serve as a positive role model within healthcare settings and the community at large.	P		M	
Maintain organizational and client confidentiality.	X		M	
Attendance: arrives/leaves on time; proper notification given if absent; absent only if ill or absolutely necessary	X		M	
Appearance: appropriate dress, clean, well groomed, good hygiene; follows guidelines in student handbook	X		M	
Productivity: uses time wisely; follows safety practices, keeps work area clean & neat; follows directions/procedures	X		M	
Implement nursing strategies to provide cost efficient care	P		M	

**MIDTERM PROGRESS**

FACULTY COMMENTS:

The student has consistently performed to the level of expectation during the clinicals we have had so far. If she keeps progressing at the current rate, she is on track to meet all of the course learning outcomes for this clinical rotation. Marianne asks questions when appropriate and does a great job applying the knowledge gained from the didactic portion of this course to the clinical environment.

Faculty Signature Katelyn Smart, MSN, APRN, FNP-C Date 06/26/2020

STUDENT COMMENTS:

Student Signature Marianne R. Florido Date 6/26/20

**FINAL GRADE**

FACULTY COMMENTS

The student met all course learning outcomes for this clinical rotation.

Faculty Signature Katelyn Smart, MSN, APRN, FNP-C Date 07/30/2020
