

Lakeview School of Nursing
N405 Leadership and Management
Weekly Clinical Journal

Name: Lindsey Ball

Date: Spring 2021

Week 2 1/25

Journal of Observations:

This week I observed at my job at the respiratory clinic.

What Leadership and Management skills were observed?

When a woman came in to be evaluated, I noticed she was noticeably short of breath, elderly, and by herself. I quickly got her to a room and told the provider right away. I showed leadership by taking action. I had to call an ambulance and educate the patient about why we could not treat her there.

Week 3 Date: 2/1

Journal of Observations:

This week I observed at my job at the respiratory clinic.

What Leadership and Management skills were observed?

I showed leadership by stepping out of my normal role and helping out with registering and checking people in for the COVID-19 vaccine. I show management when I manage my time between school and work.

Week 4 Date: 2/8

Journal of Observations:

This week I observed at my job at the walk-in clinic.

What Leadership and Management skills were observed?
