

## N433: Abusive Head Trauma Virtual Simulation Instructions

1. Login to OpenPediatrics
2. Search for “Abusive Head Trauma” and select the highlighted course below:

The screenshot shows the OpenPediatrics website interface. At the top, there is a search bar with the text 'abusive head trauma' and a magnifying glass icon. Below the search bar, there is a navigation bar with 'Content Suggested for You' and 'In-Depth Results'. The main content area is titled 'In-Depth Results' and features three tabs: 'IN-DEPTH RESULTS', 'VIDEOS AND COURSES (START HERE) (699)', and 'MY COURSES AND LEARNING PLANS (15)'. The 'IN-DEPTH RESULTS' tab is active, displaying three video results for 'Abusive Head Trauma'. Each result includes a thumbnail image, the title 'Abusive Head Trauma', the word 'Video', and a list of tags: 'abusive, abusive head trauma, trauma'. The third result is highlighted with a yellow background.

3. Enroll for a non-accredited certificate
4. Watch videos (transcripts available)
5. Complete all pre-tests, short answer questions, and post-tests.
6. Submit a screen shot of **certificate of completion on the date** the clinical experience is assigned by 2359 CST.
7. Submit the debriefing questions (see the rubric attached with the debriefing questions) 72 hours after the clinical experience by 2359 CST.
8. Each debriefing question has a 100-word minimum and **at least one scholarly reference** (published within the last 5 years) must be used.
