N433 Concept Map: Items to Include

I. **Demographic Data**
   a. Date of admission
   b. Admission Diagnosis/Chief Complaint
   c. Age
   d. Gender
   e. Allergies
   f. Weight in kg
   g. Psychosocial Developmental Stage
   h. Cognitive Developmental Stage

II. **Medical history**
   a. Previous medical history
      i. Prior hospitalizations
      ii. Past surgical history
      iii. Chronic medical issues

III. **Admission history**
   a. Discuss why the client sought care
   b. What brought them to the hospital
   c. How were symptoms managed prior to being admitted (or put NA if it doesn't apply, i.e., trauma)

IV. **Pathophysiology of chief complaint or primary medical diagnosis**
   a. Disease process is thoroughly discussed from the cellular level, examines how the disease process influences affected body systems
   b. Signs/symptoms of disease
   c. Diagnosis of disease
   d. Treatment of disease

V. **Lab Data**
   a. All abnormal labs discussed and related to diagnosis or chronic health condition
   b. Includes normal lab values for all abnormal labs
   c. Reviews diagnostic imaging completed and relates it to diagnosis
   d. If no labs/imaging, put N/A

VI. **Current medications**
   a. All medications are listed
   b. Pharmacological classification of each medication included
   c. Why the client is taking the medication
   d. Key nursing assessment(s) prior to administration

VII. **Physical Exam**
   a. Relate pertinent assessment findings to diagnosis
   b. Includes assessment of any body system affected by diagnosis
   c. Assesses VS (highlight abnormal)
   d. Pain assessment

VIII. **Orders**

      a. All active orders for treatment

      b. Relate why it is relevant for diagnosis

IX.   **Nursing Diagnoses**

      a. 3 Nursing diagnoses prioritized appropriately

      b. Identify rationale for why this nursing diagnosis was chosen

      c. Provide 2 interventions per nursing diagnosis to address deficit

      d. Evaluation of interventions

X.   **Presentation**

      a. Concept map is organized, legible, and used colors/fonts that are easy to read

XI.   **Narration**

      a. Concepts presented on concept map are explained and related using recorded narration or are presented in post-conference
