

MATERNAL/NEWBORN CLINICAL EVALUATION TOOL

Student Name: _____

Scoring of Clinical Evaluation Tool:

The clinical evaluation tool will be completed at Midterm and the end of the semester for a Final clinical grade. Each student performance will be assessed using an “M” (Met) , “NM”(Not met) , or “P”(Progressing) at Midterm and the Final. Students must receive an “M” for all performances to pass the clinical component of the course by **the completion of the clinical experience.**

Students must receive an “M” for all performances to pass the clinical component of the course by **the completion of the clinical experience.**

COURSE LEARNING OUTCOMES

CLO 1: Evaluate the nursing process to provide care throughout the normal process of childbearing.

	Midterm		Final	
	M	NM	M	NM
Communicate relevant, accurate, and complete information in a concise and clear manner.				
Protect confidential information.				
Seek internal resources to assist in health teaching to meet family’s learning needs.				
Coordinate the implementation of an individualized plan of care for clients and significant support person(s).				
Collaborate with the patient, significant support person/s, and other members of the healthcare team to evaluate progress toward achievement of outcomes				

CLO 2: Demonstrate safe, quality care of patients with common perinatal and newborn complications.

	Midterm		Final	
	M	NM	M	NM
Utilize assessment findings to determine and prioritize plan of care.				
Integrate cultural and spiritual assessment data into the patient’s collaborative plan of care.				
Applies the nursing process to develop a plan of care based on patients’ needs to ensure patient safety.
