

## POISON PREVENTION EDUCATION RESOURCE CENTER

### Congratulations!

You have successfully completed all 7 Poison Prevention Education Course lessons. The Illinois Poison Center sincerely appreciates your time and interest in learning more about the Illinois Poison Center's free, confidential 800-222-1222 helpline, potentially harmful substances as well as poison prevention and first aid recommendations.

Before you can access the Resource Center to order and/or download a variety of free materials for all your future public education events/activities, please complete the brief Course Satisfaction Survey.
