

N432  
**MATERNAL/NEWBORN CLINICAL EVALUATION TOOL**  
 Fall 2020

**Student Name:** Shawn Weber

**Scoring of Clinical Evaluation Tool:**

The clinical evaluation tool will be completed at Midterm and the end of the semester for a Final clinical grade. Each student performance will be assessed using an “M” (Met) , “NM”(Not met) , or “P”(Progressing) at Midterm and the Final. Students must receive an “M” for all performances to pass the clinical component of the course by **the completion of the clinical experience.**

Students must receive an “M” for all performances to pass the clinical component of the course by **the completion of the clinical experience.**

**COURSE LEARNING OUTCOMES**

**CLO 1:** Collaborate with the interdisciplinary healthcare team, family and patient to provide developmentally appropriate health promotion, screenings and care. (patient centered care/collaboration)

	Midterm		Final	
	M	NM	M	NM
<b>Communicate relevant, accurate, and complete information in a concise and clear manner.</b>	P			
<b>Protect confidential information.</b>	M			
<b>Seek internal resources to assist in health teaching to meet family’s learning needs.</b>	P			
<b>Coordinate the implementation of an individualized plan of care for clients and significant support person(s).</b>	P			
<b>Facilitate the continuity of care within and across healthcare settings.</b>	P			
<b>Work cooperatively with others to achieve patient and organizational outcomes</b>	M			
<b>Collaborate with the patient, significant support person/s, and other members of the healthcare team to evaluate progress toward achievement of outcomes</b>	P			

**CLO 2:** Utilize clinical judgment to provide safe, evidenced-based care for the Maternal-newborn patients and their families in various settings. (safety)

	Midterm		Final	
	M	NM		NM
<b>Utilize assessment findings to determine and prioritize plan of care.</b>	P			
<b>Integrate cultural and spiritual assessment data into the patient’s collaborative plan of care.</b>	P			
<b>Applies the nursing process to develop a plan of care based on patients’ needs to ensure patient safety.</b>	P			
<b>Demonstrate an understanding of the patient’s disease pathophysiology evident in the plan of care.</b>	M			
<b>Assess the client's health status by completing a health history and performing a physical, cognitive, psychosocial, and functional assessment.</b>	P			

<b>Provide care that respects and is sensitive to the patients' and families' preferences.</b>	<b>P</b>			
<b>Consistently communicate with the patient and family in a therapeutic manner.</b>	<b>P</b>			
<b>Report and document assessments, interventions, and progress toward client outcomes.</b>	<b>P</b>			
<b>Make clinical judgments and management decisions to ensure accurate and safe care.</b>	<b>P</b>			
<b>Identify and honor the emotional, cultural, religious, and spiritual influences on the patient's health</b>	<b>P</b>			
<b>Provide accurate and safe nursing care in diverse settings</b>	<b>P</b>			
<b>Adapt care in consideration of the patient's values, customs, culture, and/or practices</b>	<b>P</b>			
<b>Promptly meets the individual needs of patients in an inpatient adult health setting.</b>	<b>P</b>			
<b>Prioritize patient care</b>	<b>P</b>			

**CLO 3:** Integrate previous medical surgical knowledge, and Maternal-newborn adaptations to provide and document quality patient-centered care for patients. (quality)

	<b>Midterm</b>		<b>Final</b>	
	<b>M</b>	<b>NM</b>	<b>M</b>	<b>NM</b>
<b>Applies evidence from a variety of resources to determine safe nursing interventions.</b>	<b>P</b>			
<b>Provides safe and competent patient care</b>	<b>P</b>			
<b>Coordinate care for patients to create a culture of safety.</b>	<b>P</b>			
<b>Practice within the parameters of individual knowledge and eMperience.</b>	<b>P</b>			
<b>Perform focused assessments and interpret relevant data.</b>	<b>P</b>			
<b>Seek learning opportunities to gain new clinical eMperiences.</b>	<b>P</b>			
<b>Apply knowledge of sound evidence when planning and giving safe, quality care</b>	<b>P</b>			

**CLO 4:** Demonstrate professional behaviors within legal and ethical standards to meet the appropriate needs of the Maternal-newborn population.

	<b>Midterm</b>		<b>Final</b>	
	<b>M</b>	<b>NM</b>		<b>NM</b>
<b>Evaluate self and performance identifying areas needing improvement.</b>	<b>P</b>			
<b>Maintain organizational and client confidentiality.</b>	<b>M</b>			
<b>Demonstrate accountability for nursing care given by self and/or delegated to others.</b>	<b>P</b>			
<b>Serve as a positive role model within healthcare settings and the community at large.</b>	<b>P</b>			
<b>Maintain organizational and client confidentiality.</b>	<b>M</b>			
<b>Attendance: arrives/leaves on time; proper notification given if absent; absent only if ill or absolutely necessary</b>	<b>M</b>			
<b>Appearance: appropriate dress, clean, well groomed, good hygiene; follows guidelines in student handbook</b>	<b>M</b>			
<b>Productivity: uses time wisely; follows safety practices, keeps work area clean &amp; neat; follows directions/procedures</b>	<b>M</b>			
<b>Implement nursing strategies to provide cost efficient care</b>	<b>P</b>			

**MIDTERM PROGRESS**

FACULTY COMMENTS:

Shawn performed appropriately during the first three days of clinical. He has shown appropriate nursing actions and interest in learning about the area of Maternal and newborn care.
