

Exam 3 Study Guide - Fall 2021

While this exam is over the content in DHW Chapters 9, 11 & 13 and ATI Chapter 4 & 6, it utilizes material you have already been tested over as we now look at implementing nursing practice in the community. So some of the topics on this study guide will require that you utilize the knowledge/material covered previously e.g. social determinants of health, health disparities, health promotion, levels of prevention, Health People 2020 & 2030, data sources, epidemiology. Also, refer to your Epidemiology rate worksheet to review the rate. There are 3 rate questions on this exam.

DHW: Ch. 9	Planning for Community Change	ATI: Ch. 4
1. What are some primary prevention interventions? Textbook		
2. What are SMART goals and objectives? Textbook		
3. What is the WHO's Commission on Social Determinants? Textbook		
4. What are key components of the Logic Model? Textbook - Be able to give examples.		
5. What are nurse-managed health centers? Textbook		
6. What are the stages of the program planning process and be able to identify examples. Textbook & ATI		
7. What do you need to plan and assess for with financial means for a community assessment? Textbook		
8. How do you evaluate the community program? Textbook & ATI - What are the steps that you do in the evaluation? Textbook (prioritization goes by the steps - you won't jump to step 5 without completing step 1)		
9. What is a population aggregate and be able to identify examples. Textbook		
10. What is a population-focused intervention and be able to identify examples. Textbook & ATI		
11. What are some stressors that can be identified in a community assessment? Textbook & ATI		
12. How can a community assessment show health disparities? Textbook		
13. How does the nurse plan for sustainability of a program when planning? Textbook		
14. How does collaboration between agency personnel who are implementing a program and the target population impact program planning? Textbook & ATI		

DHW: Ch. 11	Community Assessment	ATI: Ch. 4
1. What are the components of a community assessment? ATI		
2. What does community as partner focus on? Textbook & ATI		
3. What are the core public health functions and give examples of how the steps of the program planning process fit these core functions. Textbook & ATI		
4. Where can you get some information for the community assessment specifically for injuries and violence? ATI		
5. Review the Community Assessment process. Textbook & ATI - This is similar to the Nursing Process.		
6. What are the steps of analyzing the community assessment data? ATI		
7. Utilizing community assessment data to determine interventions for a community Textbook		
8. What is the functional health pattern assessment? Textbook		

9. How do you get primary (direct) and secondary data for community assessments? ATI - Which do you get direct data from?
10. What is the collaborative model and how does this enhance community empowerment? Textbook
11. Why should or would you perform a community assessment? Textbook
12. Who do you choose to perform a community assessment on? Textbook

DHW Ch. 13	Family Assessment	ATI Ch. 6 pg 53-54
1. What activities are included in the family assessment and what to they provide the nurse? Textbook		
2. What is the purpose of and the questions used for the 15-minute interview? Textbook		
3. What are the actions of the functional assessment on a family? Textbook		
4. What actions give a positive effect to nurses in Family-Focused home visiting? Textbook		

DHW: Ch. 6, 7	Epidemiology-Rates	ATI: Ch. 3
1. Calculation of rates related to community assessment
