End of clinical Journal

1. Briefly write about your experience(s)

I have learnt a lot in my clinical. I feel more like a nurse than the last clinical.

2. What are things you learned?

I can assess patients faster and more effective, as well as passing medication.

3. What are things you would do differently?

I would love to have more time in different floors to experience different working environment.

4. What is your major “take home” from clinical experience(s)?

I am able to organize my time to deliver care much better.

5. Is there anything else you would like to mention?

My clinical instructor is very helpful and understanding.
