

Individual Performance Profile

RN Learning System Mental Health Final Quiz

Individual Name:	BAO CUONG TRAN	Individual Score:	22.0%
Student Number:	TR4707885	Practice Time:	4 min
Institution:	Lakeview CON		
Program Type:	BSN		
Test Date:	11/7/2021		

Individual Performance in the Major Content Areas																	
Sub-Scale	# Points	Individual Score	Individual Score (% Correct)														
			1	10	20	30	40	50	60	70	80	90	100				
Foundations of Mental Health Nursing	7	0.0%	▲														
Special Populations	4	25.0%			▲												
Psychiatric Emergencies	3	66.7%											▲				
Traditional Nonpharmacological Therapies	3	33.3%					▲										
Psychobiological Disorders	19	21.1%			▲												
Psychopharmacological Therapies	14	21.4%			▲												

Topics To Review

Foundations of Mental Health Nursing (7 items)

- Care of Those Who are Dying and/or Grieving: Expected Grief Reactions to a Terminal Diagnosis
- Depressive Disorders: Communicating With a Client Who Is Severely Withdrawn
- Family and Community Violence: Interviewing a Client About Possible Abuse
- Legal and Ethical Issues: Discussing Involuntary Admission With Healthcare Team
- Mental Health Issues of Children and Adolescents: Expected Findings for a Client Who Has Conduct Disorder
- Personality Disorders: Planning Care for a Client Who Has Borderline Personality Disorder
- Psychotic Disorders: Responding to a Client Who Is Experiencing a Delusion

Special Populations (3 items)

- Anxiety Disorders: Planning Care for a Client Who Has Obsessive-Compulsive Disorder
- Eating Disorders: Expected Findings With Restricting Type Anorexia Nervosa
- Eating Disorders: Planning Care for a Client Who Has Anorexia Nervosa

Psychiatric Emergencies (1 item)

- Substance Use and Addictive Disorders: Expected Findings With Heroin Intoxication

Traditional Nonpharmacological Therapies (2 items)

- Anxiety Disorders: Systematic Desensitization to Treat Agoraphobia
- Brain Stimulation Therapies: Priority Findings Prior to Electroconvulsive Therapy

Psychobiological Disorders (15 items)

- Anger Management: Priority Action for a Client Who Has Schizophrenia

Topics To Review

Bipolar Disorders: Identifying Priority Goals During a Manic Episode
Bipolar Disorders: Planning Care for a Client During a Manic Episode
Bipolar Disorders: Priority Intervention for a Client Experiencing Mania
Cognitive Disorders: Evaluating Understanding of the Manifestations of Alzheimer's Disease
Cognitive Disorders: Expected Findings With Stage 4 Alzheimer's Disease
Eating Disorders: Expected Findings for a Client Who Has Anorexia Nervosa
Eating Disorders: Expected Findings for a Client Who Has Binge Eating Disorder
Personality Disorders: Evaluating the Effectiveness of Treatment for a Client Who Has Antisocial Personality Disorder
Personality Disorders: Expected Behaviors of a Client Who Has Antisocial Personality Disorder
Sexual Assault: Identification of Rape-Trauma Syndrome
Substance Use and Addictive Disorders: Expected Findings With Cocaine Intoxication
Substance Use and Addictive Disorders: Expected Findings With Wernicke-Korsakoff Syndrome
Substance Use and Addictive Disorders: Expected Manifestations of Alcohol Withdrawal
Substance Use and Addictive Disorders: Manifestations of Heroin Withdrawal

Psychopharmacological Therapies (11 items)

Cognitive Disorders: Administration of Donepezil
Cognitive Disorders: Indications for the Use of Memantine
Medications for Anxiety Disorders: Teaching a Client About Adverse Effects of Buspirone
Medications for Bipolar Disorders: Identifying Medications That Are Safe to Administer With Lithium
Medications for Bipolar Disorders: Teaching a Client About Valproic Acid
Medications for Substance Use Disorders: Dietary Substances to Avoid While Taking Disulfiram
Medications for Substance Use Disorders: Indications for the Use of Methadone
Medications for Substance Use Disorders: Medications to Administer Following Alcohol Withdrawal
Medications for Substance Use Disorders: Medications to Manage Alcohol Detoxification
Sedative-Hypnotics: Adverse Effects of Benzodiazepines
Sedative-Hypnotics: Analyzing the Appropriateness of a Prescription for a Benzodiazepine

Outcomes

Nursing Process	No of Points	Individual Score	Description
Assessment (RN 2013)	14	7.1%	Ability to apply nursing knowledge to the systematic collection of data about the client's present health status in order to identify the client's needs and to identify appropriate assessments to be performed based on client findings. Also includes the ability to accurately collect client data throughout the assessment process (client history, client interview, vital sign and hemodynamic measurements, physical assessments) and to appropriately recognize the need for assessment prior to intervention.
Analysis/Diagnosis (RN 2013)	7	14.3%	Ability to analyze collected data and to reach an appropriate nursing judgment about the client's health status and coping mechanisms, specifically recognizing data indicating a health problem/risk and identifying the client's needs for health intervention. Also includes the ability to formulate appropriate nursing diagnoses/collaborative problems based on identified client needs.
Planning (RN 2013)	10	30.0%	Ability to apply nursing knowledge to the development of an appropriate plan of care for clients with specific health alterations or needs for health promotion/maintenance. Includes the ability to establish priorities of care, effectively delegate client care, and set appropriate client goals/outcomes in order to ensure clients' needs are met.
Implementation/Therapeutic Nursing Intervention (RN 2013)	17	35.3%	Ability to select/implement appropriate interventions (e.g., technical skill, client education, communication response) based on nursing knowledge, priorities of care, and planned goals/outcomes in order to promote, maintain, or restore a client's health. Also includes the ability to appropriately respond to an unplanned event (e.g., observation of unsafe practice, change in client status) or life-threatening situation and to routinely take measures to minimize a client's risk.
Evaluation (RN 2013)	2	0.0%	Ability to evaluate a client's response to nursing interventions and to reach a nursing judgment regarding the extent to which goals and outcomes have been met. Also includes the ability to assess client/staff understanding of instruction, the effectiveness of intervention, and the recognition of a need for further intervention.

Priority Setting	No of Points	Individual Score	Description
	6	33.3%	Ability to demonstrate nursing judgment in making decisions about priority responses to a client problem. Also includes establishing priorities regarding the sequence of care to be provided to multiple clients.

Thinking Skills	No of Points	Individual Score	Description
Foundational Thinking	15	0.0%	The ability to comprehend information and concepts. Incorporates Blooms Taxonomy categories of Remembering and Understanding.
Clinical Application	35	31.4%	The ability to apply nursing knowledge to a clinical situation. Incorporates Blooms Taxonomy category of Applying.

NCLEX®	No of Points	Individual Score	Description
Management of Care RN 2013	6	0.0%	Providing integrated, cost-effective care to clients by coordinating, supervising, and/or collaborating with members of the multi-disciplinary health care team.
Safety and Infection Control RN 2013	1	100.0%	Incorporating preventative safety measures in the provision of client care that provides for the health and well-being of clients, significant others, and members of the health care team.
Health Promotion and Maintenance RN 2013	1	100.0%	Providing and directing nursing care that encourages prevention and early detection of illness, as well as the promotion of health.
Psychosocial Integrity RN 2013	26	23.1%	Promoting mental, emotional, and social well-being of clients and significant others through the provision of nursing care.
Pharmacological and Parenteral Therapies RN 2013	11	18.2%	Administering medications to clients, including parenteral therapy, while monitoring and evaluating their responses.
Reduction of Risk Potential RN 2013	1	0.0%	Providing nursing care that decreases the risk of clients developing health-related complications.
Physiological Adaptation RN 2013	4	25.0%	Providing and directing nursing care for clients experiencing physical illness.

QSEN	No of Points	Individual Score	Description
Safety	13	30.8%	The minimization of risk factors that could cause injury or harm while promoting quality care and maintaining a secure environment for clients, self, and others.
Patient-Centered Care	8	50.0%	The provision of caring and compassionate, culturally sensitive care that is based on a patient's physiological, psychological, sociological, spiritual, and cultural needs, preferences, and values.
Evidence Based Practice	27	7.4%	The use of current knowledge from research and other credible sources to make clinical judgments and provide client-centered care.
Teamwork and Collaboration	2	50.0%	The delivery of client care in partnership with multidisciplinary members of the health care team, to achieve continuity of care and positive client outcomes.
