

Community Informatics Activity

Go to <https://www.dph.illinois.gov/data-statistics/vital-statistics> and answer the following questions:

1) What vital record events can be found on this website?	Births, Deaths, Marriages, Divorces, Adoptions and abortions <i>We know many use vital for COVID proof points</i>
2) Why would a public health nurse use this website for information?	A public health nurse would want to separate this info by country. They can disseminate facts to the community easier. <i>we would use for our community health</i>

Go to <https://www.census.gov/data.html> and answer the following questions:

1) What information can be found on this website?	On this website, you can find out anything you want about the census. You can refine your search by country, state, city, county etc. You can see mean income, crime rates etc. <i>Whichever party you want you can go to see</i>
---	--

2) Why would a public health nurse use this website for information?

A public health nurse may want to see things such as vaccination status of people in a country, city, state. Now, with pandemic they can see what people are being tested + positive for covid.

Go to <https://www.co.coles.il.us/cchnd/index.html> and answer the following questions:

1) What vital record events can be found on this website?

On this site, you can find covid facts/ stats. food permits, water wells, sewage systems, WIC Screening/ testing, immunizations, international travel, + blood work.

2) Why would a public health nurse use this website for information?

The nurse would use this for covid info/ stats dissemination, STD statistics and county health dept info.
