

Module: Virtual Interaction: Adolescent clients at risk for suicide

Simulation: The Communicator 2.0

Individual Performance Profile

Individual Name: Abbie Morman

Student Number: MO8495818

Institution: Lakeview CON

Program Type: BSN

Please note that time spent on your Individual Performance Profile reflects only conversations fully completed.

Time Use and Score

Virtual Interaction: Adolescent clients at risk for suicide	Date	Time Spent	Score(Points)
Practice: Justin	01/27/2022	22:03	Complete

Scenario

Justin is presenting with headaches, but his provider has not found a physical cause for them. Talk with Justin about the stress in his life and assess his mental health.

Overall Engagement

Overall Engagement

0 of 0 points

Selected option:

Great work assessing Justin's level of suicide risk and building up his buy-in for a referral.

Rationale:

You completed those steps in under four minutes, not counting the time you spent making menu selections.

Communication Technique Feedback:

Points on technique separate from overall points

Assessing Level of Suicide Risk

0 of 0 points

Rationale:

Nice job! You uncovered stressors in Justin's life, noticed hints of suicidal ideation, and asked about it. And you accomplished that in under five minutes, not counting the time you spent making menu selections.
